HOW LOST HOW RESTORED!

We have recently published a new edition of Dr. Culver's

dangerous use of internal medicines or the use of the knife; pointing out a mode of cure which is safe and effectual, by the use of which every sufferer, no matter how long his condition may exist, may be cured, privately and radically.

Price, 3s. in a sealed envelope, only 6 cents, if by post.

The celebrated author, in this admirable little book, clearly demonstrates, from thirty years' successful practice, that alarming consequences may be readily averted without the dangerous use of internal medicines or the use of the knife; pointing out a mode of cure which is safe and effectual, by the use of which every sufferer, no matter how long his condition may exist, may be cured, privately and radically.
