Nor in New York!
Mr. A. T. O'Leary, of A. T. O'Leary & Co., Colliery Agents, has received a letter from New York which says, in reference to Moir's Chocolates, "Nothing can be bought in this country to equal them."
And in almost identical language comes a letter direct to Moir's from Roxbury, Massachusetts, saying: "Nothing to be had here like Moir's Chocolates."
The people of Nova Scotia deserve the credit for Moir's Chocolates. The high standard of their taste led to the high standard of the chocolates.

DR. TRUEMAN AT UNITED CHURCH

President of Mount Allison University Delivers Splendid Discourses to Large Congregations

Last Sunday the pulpit of the Gordon-Providence United Church, of Bridgetown, was occupied by Dr. Trueman, the President of Mount Allison University. His sermons morning and evening were listened to by large congregations and this, despite the rainy weather.

In the afternoon to a fine audience he delivered one of his very instructive lectures on education.

The morning and evening services were presided over by Rev. Cranwick Jost, M.A., D.D., and the Pastor, the Rev. John H. Freestone, respectively, while the chair in the afternoon was taken by His Worship, the Mayor, H. B. Hicks, Esq.

During the day excellent music was furnished by a well filled choir. Mrs. A. R. Bishop, the regular organist, officiating morning and evening, and Miss Ruth Burns in the afternoon.

Mount Allison may well be proud of its new President, both for his versatility and gripping personality, with his splendid conception of and devotion to the ideal of Christ. One feels that a College President must not only be able to walk safely among the erudite but must be in sympathetic and close touch with the most lively walks of life, and this Dr. Trueman revealed that he was. President Trueman's addresses were well received and will long be remembered.

ANNAPOLIS CASE BEFORE COURT

Argument Before Full Bench on Liquor Case.

An interesting point arose before the Full Bench on Saturday in the case of an application for Habeas Corpus on behalf of Roosevelt Joseph who was convicted recently by the Stipendiary Magistrate H. R. McKay for Annopolis charged with keeping liquor for sale in that county. W. A. Livingstone for the Applicant contended that the evidence taken before the Magistrate did not show that the offence was committed in the County of Annapolis; and also that the Magistrate had failed to read over the evidence to the witnesses and have them sign their statements.

The application was opposed by the Attorney General who produced an affidavit from the Magistrate and also from the Inspector, Elias Messenger, showing that such evidence was actually given at the trial and the Magistrate had neglected to take it down. Mr. O'Hearn also contended that the failure to read over the evidence to the witnesses and have them sign did not affect the validity of the proceedings.

The Court regarded both questions as a matter of practical importance to the proper trial of cases before the Magistrates of the Province and reserved judgment until February 2nd at 10 o'clock, in the meantime bailing the prisoner who is in jail at Annapolis to appear for judgment. The case was on appeal from the decision of the Chief Justice who after hearing argument on these points at Chambers had refused to discharge Joseph from custody. The Chief Justice decided that once it was established that the evidence had been actually given the Magistrate could amend his notes of evidence.

A NEWSPAPER'S MISSION

In an address by Rev. A. H. Moore, M.A., delivered during a course in Journalism held at the University of Toronto, on "The Mission of the Weekly Newspaper," this significant paragraph was given: "The metropolitan daily gives its readers a picture of world news at a glance. I heard Premier MacKenzie King say one day that the daily newspaper is designed to give the hurried man of affairs a glance at world events as an interlude between courses at the breakfast table, and is then cast aside as her rushes out to his daily duties. Not so the weekly. It is a visitor to the home. It is kept until time for leisure reading is found. It goes into the homes where it is read from first to last. It comes into intimate contact with the people and can therefore deal far more intimately with personal and community affairs. Because he realizes this and appreciates the importance of small incidents as well as great events, the editor of the weekly paper is not impatient of these details, personal items and local news of every description and character. He knows that somewhere he is cheering some heart that feels its loneliness and isolation, that he is enabling some neighborhood to express its corporate life, to realize its existence and to feel that it, too, is an integral part of the great world of affairs."

The Governor of Ohio has announced his intention of enforcing Prohibition in that state if he has to use the militia and says the Kansas City Star, the recruiting officers of the militia already have a long waiting list.

BERTHA POTTER FINDS NEW AND HAPPIER HOME

Unfortunate Girl, Whose Captivity at Bear River Ended Recently, Begins Life Anew.

Bertha Potter, pretty Bear River girl, whose story of her captivity in the house of William Lent during her transition from childhood to womanhood, a period of nearly nine years, astounded the Province when it was revealed about a month ago, has been safely located by Mrs. Virtue who has looked after the girl since her release. Under her real name, the girl will make a new start in life, a start which, it is hoped, will enable her to enjoy many of life's pleasures that she has hitherto been denied, and which will afford her an opportunity of forgetting the nightmare she endured while a captive in the carpenter's house at Bear River.

Except to a very few persons the identity of Bertha Potter will never be known, and none will recognize in the years to come, the girl whose extraordinary story stirred the Province. Ever since the case has been brought to the notice of the public numerous communications have been received from kind hearted people throughout the Province offering to care for the girl and after a great deal of consideration Mrs. Virtue has selected a home where the girl, now a young woman, will enjoy a true Christian atmosphere and have every opportunity of getting a new start and fresh courage to face life's battles.
Mrs. Virtue wishes to thank all these people who have signified their intention of helping out the girl.

FAST HOCKEY AT THE RINK

Spectators Taking Greater Interest And Games Becoming Snappy Close Contests.

Two of the fastest games played in Bridgetown this season were played Thursday night, both being three periods overtime. The first game was between the Canadiens and Senators, the former winning by the score of 4-3. The end of the first period showed the Canadiens in the lead by 2-1, the second period 3-1, but in the third period the Senators made a fine rally and tied the score 3-3. Three periods overtime were required before the Canadiens had their winning goal scored by Harry MacKenzie.

Canadiens:—Goal, Jefferson; Def., Hoyt, Crowell, Forwards, Todd, MacKenzie, LeBrun.
Senators:—Goal, Durling; Defence, Lloyd, Walker; Forwards, J. Little, J. Longmire, C. Anderson.

The second game was the Tigers vs. St. Pats, resulting in a hard win for the latter by the very close score of 2-1. Three overtime periods were also required to decide the winner of this game. In the first period the Tigers scored one goal to their opponents 0, no goals were scored in the second, but by a fine piece of combination work St. Pats. scored their first goal about the middle of the third period, tying the score 1-1. Two overtime periods were played and still the score stood one all, but in the third overtime St. Pats. meant business and Crowe scored the winning goal after two minutes play.

Tigers.—Goal, Gatti; Defence, Pigott, Tupper; Forwards, Ewan, R. Longmire, J. Fay.
