

THE
WORLD RENOWNED

PENBERTHY

AUTOMATIC INJECTOR

IS EVERYWHERE ACKNOWLEDGED AS
THE WORLD'S STANDARD

BECAUSE OF

STEADY IMPROVEMENT
HONESTY IN MATERIAL AND CONSTRUCTION.
MERIT AND UNEQUALLED WORKING QUALITIES.

START LOW—22 to 25 lbs. Steam on 4 ft. Lift.
WORK HIGH—145 to 150 lbs. Steam on 4 ft. Lift.
LIFT WATER—20 ft. on 60 to 80 lbs. Steam.
HANDLE HOT WATER—120° to 125° at 80 lbs. Steam.
“ “ —112° to 115° at 100 lbs. Steam.
“ “ —95° to 100° at 125 lbs. Steam.

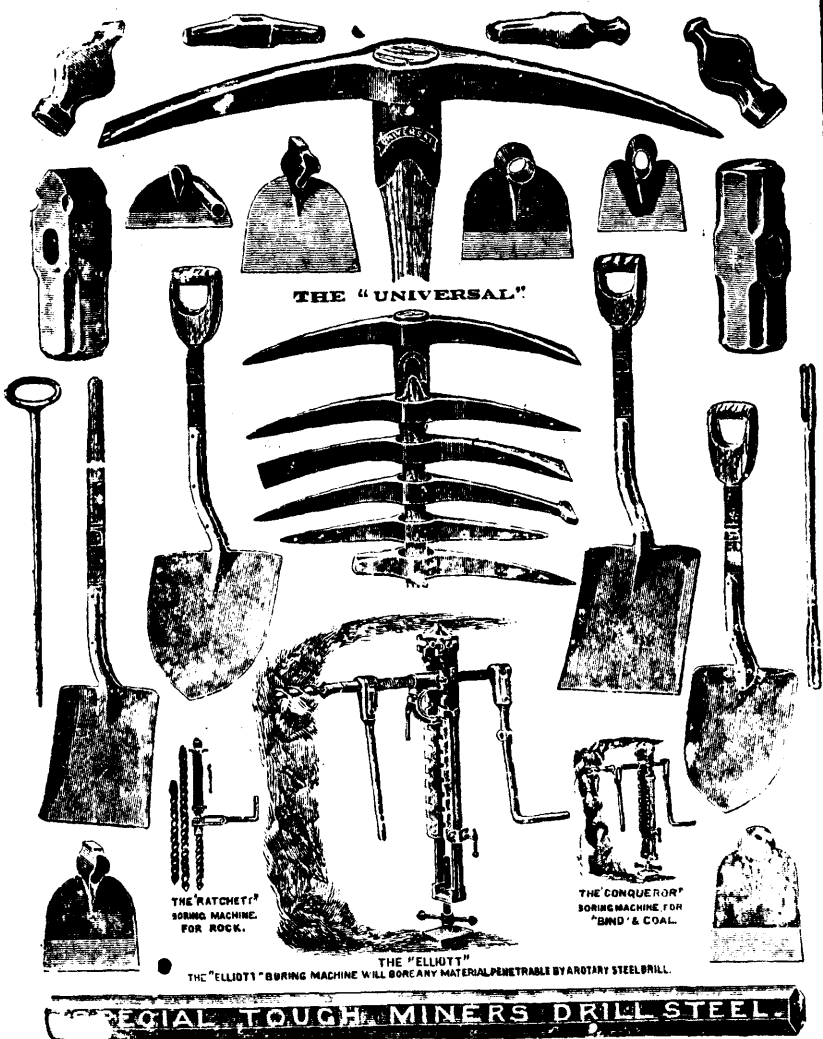

Don't be deceived into purchasing a cheap, so-called "Automatic" Injector, when, for a trifle more, you can buy a genuine "PENBERTHY," which will give you many times over the service and satisfaction of any other make.

THE CYCLONE PULVERIZER

Recent improvements have revolutionized the fibreizing and manufacturing of Crude Asbestos and its by-products, so that the CYCLONE is now universally used by all leading manufacturers of Asbestos Material on this Continent.
It can also be adapted to the thorough disintegration of all classes of minerals and other materials.
