

THE MITRE.

UNIVERSITY OF BISHOP'S COLLEGE,
MONTREAL.
FACULTY OF MEDICINE,
SESSION OF 1893-96.

THE TWENTY-FIFTH WINTER SESSION of this Faculty opens on Tuesday, the first day of October, 1895. The Faculty of Medicine of Bishop's College aims at imparting a thoroughly practical medical education, and its facilities for doing so are in many respects unequalled in Canada. In addition to the regular courses of didactic lectures, students have the advantage of extensive and varied hospital privileges. Its Diploma is recognized by the Royal College of Physicians, Edinburgh, Royal College of Surgeons, Edinburgh, the Royal College of Surgeons, England, the Royal College of Physicians, London, the Faculty of Physicians and Surgeons, Glasgow, and the University of London. The Faculty admits Lady Students, who have provided for them well arranged separate dissecting rooms, cloak rooms, etc., and enjoy all the privileges and opportunities of male students.

TWO GOLD MEDALS, ("The Wood" and the "Robert Nelson" Gold Medals), the "David Silver Medal" the "Chancellor's Prize," the "The Junior and Senior Dissectors' Prizes," and the "Botany Prize," are competed for annually. **FEES**, about the same as at the other Medical Schools in Canada, but a Student who pays the cost of the entire course on the commencement of his studies can effect considerable reduction.

FACULTY.

F. W. Campbell, M.A., M.D., D.C.L., L.R.C.P. Lond., Dean, Professor of Principles and Practice of Medicine, Consulting Physician Montreal Dispensary, Physician to the Montreal General and Western Hospitals, 1006 SHERRINGTON STREET.
