

Miscellaneous.

WHOMEVER fears God, fears to sin at ease.
Mrs. Browning.

GOD never casts men off, till they first cast Him off.

THE line of life is a ragged diagonal between duty and desire. — *W. R. Alger.*

THOUGHTLESSNESS is never an excuse for wrong-doing. Our hasty actions disclose, as nothing else does, our habitual feelings. — *J. T. Fields.*

A GOOD GUARANTEE. — H. B. Cochran, druggist, Lancaster, Pa., writes that he has guaranteed over 300 bottles of Burdock Blood Bitters for dyspepsia, bilious attacks and liver and kidney troubles. In no case has it disappointed those who used it. In Canada it gives the same general satisfaction.

'Tis only when they spring to heaven that angels

Reveal themselves to you! They sit all day Beside you and lie down at night beside you Who care not for their presence, and muse or sleep, And all at once they leave you and you know them. — *Browning.*

Coughs and Colds. — If everything has failed, try Allen's Lung Balsam and be cured. See adv.

HE who can take advice is sometimes superior to him who can give it. — *Van Knebel.*

THE truths of religion are not only to be known, but to be obeyed; they are directing, ruling, commanding truths; truths relating to practice. Disobedience to the truth is interpreted as striving against it.

DAILY ought we to renew our purposes, and to stir up ourselves to greater fervour, and to say: "Help me, my God! in this my good purpose, and in Thy holy service, and grant that I may now this day begin perfectly." — *Thomas-a-Kempis.*

THE perfume of freshly-culled flowers is agreeable to every one, and so it is with the delightful fragrance of Murray & Lanman's Florida Water. None reject it, none dislike it. From the tropics to the frigid zone, it is the universal favourite on the handkerchief, at the toilet, and in the bath.

YOUNG MEN!—READ THIS.

THE VOLATIC BELL CO., of Marshall, Mich., offer to send their celebrated ELECTRO-VOLTAIC BELL and other ELECTRIC APPLIANCES on trial for thirty days, to men (young or old) afflicted with nervous debility, loss of vitality, manhood, and all kindred troubles. Also, rheumatism, neuralgia, paralysis, and many other diseases. Complete restoration to health, vigour and manhood guaranteed. No risk is incurred as thirty days' trial is allowed. Write them at once for illustrated pamphlet free.

THE self-seeker, echoing popular opinion, is speedily left behind in the world's progress, and soon despised and forgotten. The man of truth and integrity, though for a moment he forfeit popular applause, is sure to command universal respect and to win at last. — *Rush R. Shippen.*

LET us try to remember that our religion ought to show us, not only how we may be forgiven for not having done God's will in the past, but how we may do it in the time to come. Let us remember that God is better pleased with us when we are doing His will than when we are suffering the consequences of disobedience, or when we are suing to be forgiven.

MESSRS. MASON & HAMLIN bid fair to become as famous for their Upright Pianos as they have long been for their world-renowned Cabinet Organs. Having experimented several years at great expense, and with the assistance of probably as able a corps of experts as can be found in any factory in the world, they have succeeded in producing a piano which has elicited the warmest encomiums from the best judges. The distinguishing feature about it is an important improvement in the method of "stringing" the piano, which originated in their own factory. The strings are secured by metallic fastenings, instead of by friction of pins set in wood, as has been the case, and the advantages resulting are numerous and highly important, among the more the following: Wonderful beauty and musical quality of tone, far less liability of getting out of tune, greater reliability in trying climates, and greater solidity of construction and durability. Mason & Hamlin have made 150,000 organs. They can hardly expect to make as many pianos, but they will doubtless be called upon to make a very large number. — *Boston Traveller.*

I THINK that my love to Christ hath feet in abundance, and runneth swiftly to be at Him; but it wanteth hands and fingers to apprehend Him. I think that I could give Christ every morning my blessing to have as much faith as I have love and hunger: at least, I must faith more than love or hunger. — *S. Rutherford.*

IT LEADS ALL.

No other blood-purifying medicine is made, or has ever been prepared, which so completely meets the wants of physicians and the general public as

Ayer's Sarsaparilla.

It leads the list as a truly scientific preparation for all blood diseases. If there is a lurking taint of Scrofula about you, AYER'S SARSAPARILLA will dislodge it and expel it from your system. For constitutional or scrofulous Catarrh, AYER'S SARSAPARILLA is the true remedy. It has cured numerous cases. It will stop the nauseous catarrhal discharges, and remove the sickening odor of the breath, which are hall-marks of scrofulous origin.

"Hutto, Tex., Sept. 28, 1882.

ULCEROUS SORES "At the age of two years one of my children was terribly afflicted with ulcerous running sores on its face and neck. At the same time its eyes were swollen, much inflamed, and very sore. Physicians told us that a powerful alterative medicine must be employed. They united in recommending AYER'S SARSAPARILLA. A few doses produced a perceptible improvement, which, by an adherence to your directions, was continued to a complete and permanent cure. No evidence has since appeared of the existence of any scrofulous tendencies; and no treatment of any disorder was ever attended by more prompt or effectual results.

Yours truly, B. F. JOHNSON."

SCROFULA

Usually develops in early life, and is a peculiar morbid condition of the system, usually affecting the glands, often resulting in swellings, enlarged joints, abscesses, thickening of the lips, enlarged neck, sore eyes. A scrofulous condition is often hereditary, but bad diet, too free use of fat meats, bad air, want of sunshine and nourishing food will produce it. Some people are troubled with scrofulous swelling of the glands, and with ulcers and kernels, which may cause very little pain; others may have *impetigo* scrofula, scrofula of the lungs, *phthisis* of the spleen, scrofula of the kidneys, and scrofula of the bones. Burdock Blood Bitters will drive away any case of scrofula, and not to appear in another place, for their action on the blood and bowels will carry the disease entirely from the body.

CATARRH:

A NEW TREATMENT.

Perhaps the most extraordinary success that has been achieved in modern medicine has been attained by the Dixon treatment for Catarrh. Out of 2,000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of the patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting from the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissue, Mr. Dixon at once adapted his cure to their extermination; this accomplished, the Catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has attempted to cure Catarrh in this manner, and no other treatment has ever cured Catarrh. The application of the remedy is simple and can be done at home, and the present season of the year is the most favourable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. A. H. DIXON & SON, 305 King Street, west, Toronto, Canada, and enclose stamp for their treatise on Catarrh.—*Montreal Star.*
