SCHOOL OF COOKERY.

Contrary to all precedent in opening up a new building, the Young Women's Christian Association beg to announce that there is no debt whatever on their latest branch—the School of Cookery.

The great generosity of the Montreal and Toronto merchants, obviating any necessity of calling for help to pay for the furnishings.

Cheques toward the carrying on of the School by which deserving girls having no money, could be given the training necessary to make good cooks and laundresses, will be gratefully acknowledged.

JEAN SINCLAIR,

Hon.-Secy.

Portable electric lamps are now carried on London street lasses. In many continental hotels an electric light is placed so that a person in bed can turn it on and off by raising his arm.

A syndicate of English and French capitalists are prepared to tender for the construction of the proposed Pacific cable. Mr. Blackstock, Q. C., Toronto, representing the syndicate, has interviewed the Hon. Mr. Bowell in reference to the matter.

Henry Bigelow Williams, a Boston hotel keeper, who failed eighteen years since, and whose balance of indebtedness had long since been outlawed, has recently paid all his old claims in full, principal and interest. One check was for \$10,000. This example might be followed with credit to some who abuse hotel keepers.

The Toronto Board of Trade has rejected a resolution in favor of the Deep Waterways programme. The members favor a 14 foot channel from the lakes to the ocean via the St. Lawrence.

The "Dry Goods Review" reports a large wholesale house in Toronto as saying that their losses in the Maritime Provinces and Eastern Quebec do not exceed one half of one per cent. That business must be very well managed.

An Exhibition on a great scale is projected for this city next year. We trust it will fall into hands capable of doing something worthy of Montreal. A winter Carnival is also being organized to be held in February next. If it goes on we trust the ice palace business will be no feature in the show. It does no good to Canada to give foreigners the idea that this country is in the Arctic regions.
