

Thousands Hastened to Their Graves.

By relying on testimonials written in vivid glowing language of some miraculous cures made by some largely puffed up doctor or patent medicine has hastened thousands to their graves; the readers having almost insane faith that the same miracle will be performed on them, that these testimonials mention, while the so called medicine is all the time hastening them to their graves. Although we have

of testimonials of the most wonderful cures, voluntarily sent us, we do not publish them, as they do not make the cures. It is our medicine, Hop Bitters, that make the cures. It has never failed and never can. We will give reference to any one for any disease similar to their own if desired, or will refer to any neighbor, as there is not a neighborhood in the known world but can show its cures by Hop Bitters.

A Losing Joke.

"A prominent physician of Pittsburg said to a lady patient who was complaining of her continued ill health, and of his inability to cure her, jokingly said: "Try Hop Bitters." The lady took it in earnest and used the Bitters, from which she obtained permanent health. She now laughed at the doctor for his joke, but he is not so well pleased with it, as it cost him a good patient.

Fees of Doctors.

The fee of doctors at \$3 00 a visit would tax a man for a year, and in need of a daily visit, over \$1,000 a year for medical attendance alone! And one single bottle of Hop Bitters taken in time would save the \$1,000 and all the year's sickness.

Given up by the Doctors.

"Is it possible that Mr. Godfrey is up and at work, and cured by so simple a remedy?" "I assure you it is true that he is entirely cured, and with nothing but Hop Bitters, and only ten days ago his doctors gave him up and said he must die, from Kidney and Liver trouble!"
