

Rheumatism and Dyspepsia.

A COMBINATION OF TROUBLES WHICH MADE
LIFE MISERABLE.

Mr. Eli Joyce Relates His Experience With These Troubles—Could Not Retain Food And Was Thought To Be Beyond Hope Of Cure—But Relief Came And He Is Now A Well Man.

From the Coaticook, Que., Observer.

The readers of the Observer have become familiar with the remarkable cures effected by the use of Dr. Williams' Pink Pills for Pale People through their recital in these columns, as taken from other reputable newspapers. It is now our purpose to tell them of a cure, hardly short of miraculous, which was effected on a person with whom many of our readers are acquainted. We refer to Mr. Eli Joyce, formerly of Dixville, but now living at Averil, Vt. A few days ago we saw Mr. Joyce and asked him about his recovery. He stated that for four or five years he had been afflicted with rheumatism and dyspepsia. He was laid up and unable to do anything on an average four months in a year, and was constantly growing worse, although treated by good physicians and trying numerous remedies recommended. A year ago last August he was taken seriously ill while at his sister's, Mrs. Dolloff, of Dixville. He could not retain anything on his stomach and the physicians who attended him were powerless in improving his condition. One of them stated that he had cancer of the stomach and could not live long. It was while in this precarious condition that he determined to try Dr. Williams' Pink Pills, and before long was able to retain food on his stomach. His pain gradually became less and in six weeks time he was back to his home in Averil, feeling that he had obtained a new lease of life. He continued taking the Pink Pills for some time longer and gained so much in health and strength that he is now able to do the hardest kind of a day's work, and he frankly gives Dr. Williams' Pink Pills all the credit for his rejuvenated condition, and says he believes their timely use saved his life. The Observer has verified his story through several of his neighbors, who say that it was thought that he was at the point of death when he began the use of Pink Pills; in fact when we mentioned his case to one of the doctors who had attended him he said he supposed he was dead long ago. When such strong tributes as these can be had to the wonderful merit of Pink Pills it is little wonder that their sales reach such enormous proportions, and that they are the favorite remedy with all classes. Dr. Williams' Pink Pills contain the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for locomotor ataxia, praxial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of la grippe, palpitation of the heart, nervous prostration, all diseases depending upon vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar to females, such as suppressions, irregularities and all forms of weakness. In men they effect a radical cure in all troubles arising from mental worry, overwork, or excesses of any nature.

Dr. Williams' Pink Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N. Y., sold in boxes (never in loose form by the dozen or hundred and the public are cautioned against numerous imitations sold in this shape) at 50c. a box or six boxes for \$2.50, and may be had of all druggists or direct by mail from Dr. Williams' Medicine Co.

who has spent many years in preparation for the work. The interest in Napoleon has had recently a revival that is phenomenal in its intensity. Thus far no biography of the "man of destiny" has appeared in either English or French that is both free from rancor and attentive to the laws of historical criticism. THE CENTURY has secured it—a complete and interesting history of the life of one of the most marvelous of men. Every one will want to read this, no matter how much he may already know of Napoleon;—here is the concentration of all the lives and memoirs. In preparing it the author has had access to original sources of information, and his work has the advantage of coming after the numerous volumes of memoirs. It begins in

The November Number of THE CENTURY MAGAZINE

Now Ready.

Sold Everywhere.

Every resource of THE CENTURY has been brought to bear to enrich the narrative with pictorial illustrations not unworthy of the subject. European and American collections have been ransacked for portraits of the period, and for the most trustworthy pictures by contemporaries of the events described. To these have been added many of the greatest modern masterpieces of French art—the works of Meissonier, Detaille, Gérôme, Vernet, Delaroche, Lefevre, etc. In addition, many original pictures have been made by French and American artists. The theme creates an opportunity for the most interesting and most brilliant pictorial series of a historical character yet presented in the pages of a magazine.

A New Novel by Marion Crawford, A Romance of Italy, Illustrated by Castaigne,

"Casa Braccio," begins in the November CENTURY. It is considered by Mr. Crawford his best work—setting forth, in a striking and original manner, the tragedy of human passion.

"Washington in Lincoln's Time," A Series of Papers by Noah Brooks,

begins also in the November CENTURY, with chapters on "The Capital as a Camp," "Conversations with Lincoln," "Some Famous Men of the Period."

"THE CATHEDRALS OF FRANCE" is the title of a valuable series of articles by Mrs. Schuyler van Rensselaer, with illustrations by Joseph Pennell, which begins in the November CENTURY, following the brilliant papers on English Cathedrals, by the same writer and artist. "THE MAKING OF THIEVES IN NEW YORK," by Jacob A. Riis, interesting REMINISCENCES OF HAWTHORNE, by his daughter, "IN THE CITY OF CANTON" (richly illustrated), complete stories by Hezekiah Butterworth, and others, are in the November CENTURY.
