

A good baking oven is what every housewife requires in a range. Other advantages add to the usefulness of the range, but an easily regulated, perfect baking and roasting oven is an indispensable feature. It is the perfection in operation of the oven of the

Imperial Oxford Range

that has made it such a striking success.

It is in the oven construction that the greatest difference is found between the Imperial Oxford and any other range on the market. The diffusive oven flue draws the cold air from the floor, superheats it, and distributes it throughout the oven, keeping it at an even temperature in all parts. This flue also makes it easy to regulate the heat of the oven and secures a marked saving in fuel. If your dealer doesn't handle the Imperial Oxford, write to us direct, and we will send you our catalogue and tell you where you can see the range.
