

3. THE APPROVAL REQUIREMENTS

- 3.1. This Annex shall apply to all mandatory approval requirements, adopted within the territories of the Parties, by government organizations and/or bodies which have the legal powers to enforce a technical requirement, for the equipment referenced in Attachment 2. The relevant technical requirements are specified under the legislation referenced in Attachment 1.
- 3.2. Any requirements and conformity assessment procedures applied to domestic products shall be applied with no additional requirements or variations to products or conformity assessment results originating from the other Party.

4. CONFORMITY ASSESSMENT ACTIVITIES

- 4.1. Both Parties affirm that their Conformity Assessment Bodies, recognized under this Annex, are authorized to perform the following activities with regard to each other's technical requirements for telecommunications terminal equipment, radio transmitters and information technology equipment:
- for terminal attachment and radio transmission requirements – testing, issuing and acceptance of test reports, performance of required technical evaluation and certification of compliance to the requirements of the laws and regulations applicable in the territories of the Parties for products covered under this Annex;
