

Lake Hill P.O. Victoria, B.C.

September 5th, 1924.

Dear Sir Arthur,

I thank you very warmly for your kind letter, it has cleared away all the illusions I had about the Strathcona Fund.

I have not heard anything further from the Trustees about lighter duties, but this may be owing to Mr Deane being too busy to think of the predicament I am in.

I am searching for employment with all the vim of a boy who has just left school.

I enclose two specimens of my work, which I would like brought to the attention of those who would be likely to be interested in it.

I should like to be appointed special correspondent for one of the great Dailies in the East.

I would be glad to write on an outline, or I would regularly submit news articles on the social, political, and economic questions of the day in B.C.

I am,

Yours faithfully,

*J. T. Glavin*
