My dear Professor.

I have been laid low for some days with "Laryngitis"! plus ear & Aethium & so could not see you re un. fest's proposal herewith enclosed.

He telephoned from my, yesterday asking what would be done -

I told him that the f.f. could not possibly come to the library - but that the Broad casting of a message might be arranged - & he asked that Mr. Bennett or Mr. Beatty might be approached -

all this is I think more your function than
