

## WINE! BAD AND GOOD.

---

**T**HE LORD JESUS CHRIST has been belied  
and vilely slandered.

If this had occurred in the house of His enemies only, we might have allowed it to pass; but His friends have believed the lie, and so, assenting to it, have unintentionally wronged their Master and the race whom He came to save.

AVARICE *and* APPETITE have united to persuade men that the Saviour of mankind made, drank, and gave to others to drink, liquids that had in them an intoxicating element, which is so contradictory to His revealed will, that I am amazed Christian people should have assented to it so long, especially when such havoc has been wrought among mankind by the use of intoxicants.
