RUMORS OF PEACE

Speculators Jumped to Selling

Side-Close Unsettled -Corn Off.

The following are the quotations he New York curb, which opened usiness, without any restrictions, at clock noon yesterday: This idea of purchasing home-made goods is by no means a new one. Men of affairs have seen the necessity for it long ago. In fact the average individual must have pondered on the subject many times. The only reason you are hearing more about it just now is because the situation is

a little more acute.

Two manufacturers were discussing the industrial conditions of the country. They were looking at it from the standpoint of employment for their men. One said: "I see no other way out of the difficulty (he was thinking of the foreign market which had been closed on account of the war), than to close up shop. Our storehouses are full now and there is a limit"

CANADA FIRST---BUY AT HOME

The first man said: "I'd be willing to take a small loss rather than see the factory close down." The second man said: "And so would I."

Mr. Consumer, it's just because work must be found for every man in fit condition to work that the made-in-Canada proposition is being presented to you. Give it your support.

Canadian Press Despatch.

CHICAGO, Nov. 11.—Peace talk gave the wheat market today a sudden downward turn after an early advance due to act ve buying for export. The close was unsettled at a decline of 5-8c to 3-4c net. Corn finished 1-8c to 1-4c off, oats unchanged to a shade lewer, and provisions 8c to 15c and 171½c.

Notwithstanding that peace rumors were vague and seemed to be without any solid basis, speculators jumped in a hurry to the selling side of the wheat market. Many stop loss orders came into play on the ensuing break, which reached as much as 2 1-4c, compared with the top figures that had been attained soon after the opening. Just before the close, however, traders as a rule seemed to have concluded that the peace reports were valueless and that a rally was in order.

Demand Exceeds Supply.

It was estimated that possibly 3,000,000 bushels of wheat were taken by exporters, altho not more than a quarter of that total was supposed to be for immediate shipment. Buying the survey of the merchants having large shipments of choice Keefers, which were selling at 25c to 35c per 11-quart basket; McBride Bros. from Jasher Burlington, and Jos. Bamford & Son from J. Sinclair, Freeman.

Clemes Bros. had a car of very fine Malaga grapes, which they are now selling at from \$650 to \$8 per keg.

McBride Bros. had a car of choice Signes from J. A. Johnson, Port Dalhousie.

A. R. Fowler had another shipment of hothouse tomatoes from Leamington, selling them at 130 to 15c per lb.

A. A. McKinnon had a shipment of fine, large Hubbard squash, as well as his usual car of potatoes.

Manser Webb had a car of mixed Education of the survey of the surve

of 100 bushels for every 75 bushels available.

Corn is Strong.

Corn showed considerable strength on the face of the break in the price of wheat. Continued good export business helped the bulls. Oats were freely purchased for a big elevator company. Besides, two full cargoes were said to have been disposed of at the seaboard, one to go to Bristol, England. Assertions that stocks of lard in Chicago had been reduced to 5000 tierces, and that cash demand for the article was brisk had much to do with making provisions firm. Pack-

WINNIPEG GRAIN MARKET. WINNIPEG, Nov. 11.—Trading on the wheat market was quiet and prices cratic and following the trend of American markets a good export trade is being transacted in the south, altho well on in the day little or nothing in that line had been pulled off here. Some sales, however, were made last night. Winnipeg wheat opened unchanged to 4c lower, and shortly after had advanced 4c to 4c on the three months, easing off again previous to noon opening figures. Oats opened 4c to 4c higher, and held fairly steady. Flax was weak, May opening 2c lower, recovering a cent later. Peace rumors had the effect of breaking prices considerably in the last hour of business. From a little after noon there was a steady decline until nearing the close, when prices were erratic. Wheat closed 4c to 1c lower, oats 4c to 7c down and flax 1c lower.

The cash demand for wheat was good for all grades and offerings fair. Exporters were buying moderately.

Inspections on Tuesday totaled 482 cars, as against 1371 last year, and in sight were 400.

Deliveries thru the clearing house were: Wheat, 52,000 bushels; oats, 38,000 bushels; barley, 3000 bushels, and flax, 52,000 WINNIPEG, Nov. 11.-Trading on the

REJECTED ARMY HORSES WERE SOLD AT AUCTION

Ninety-Five Dollars a Head Was Average Price - Sale Continues Today.

The auction sale of rejected army horses, which commenced at the Union Stock Yards yesterday, and which is to be continued daily until all these horses are disposed of, was attended by a large crowd of interested buyers, representative of the country and city.

A large number of horses were sold at prices ranging from \$40 to \$145, making an average of about \$95 a head. A large proportion of the offerings were sound, young brood mares, and sold for around \$80 each. These mares were considered very cheap by competent judges, and great bargains for the farmers buying them.

The sale will continue today at 11 a.m., when many more good mares, wag-
