Stomach Troubles Due to Acidity

SO SAYS EMINENT SPECIALIST. So-called stomach troubles, such as indigestion, wind and stomach-ache, are in probably nine cases out of ten simply evidence that fermentation is taking place in the food contents of the stomach, causing the formation of gas and acids. GALT, June 9.—Lieut. R. R. Brown, in a letter dated May 24, and just received, states that of the 125 Galt men who left with him, there are only 15 or 20 remaining in his platoon. Some were transferred to the Powel Cons. or 20 remaining in his platoon. Some were transferred to the Royal Canadian Dragoons, and others are sick. Today Mrs. Wm. Evans, Glebe street, was notified that her brother, Pte. Ernest Hutcherson, had received a gunshot wound. He is in his 20th year, and was born in London, Eng.

HONOR TO N. W. ROWELL, K.C.

N. W. Rowell, leader of the Ontario opposition, has just had conferred upon him the honorary degree of LL.D., by the Northwestern Unity cersity.

He rementing food. Such referentiation is not only unnatural, and acld formation is not only unnatural, but may involve most serious consequences if not corrected. To stop or prevent fermentation of the food contents of the stomach, and to neutralize the acid and render it bland and harmless, a teaspoonful of bisurated magnesia, probably the best and most effective corrector of acid stomach known, should be taken in a quarter of a glass of hot or cold water immediately after eating, or whenever wind or acidity is felt. This stops the fermentation and neutralizes the acidity in a few moments. Fermentation, wind and acidity are dangerous and unnecessary. Stop or prevent them by the use of a proper antacid, such as bisurated magnesia, which can be obtained from any druggist, and thus enable the stomach to do its work properly, without being hindered by poisonous gas and resolution, and its determined and active the retained sketches of his career.

The Midi refers to the retiring sectors the retiring sectors only unnatural, but may involve most serious consequences if not corrected. To stop or prevent fermentation of the food contents of the stomach and to neutralize the acid and render it bland and harmless, a teaspoonful of bisurated magnesia with a president Wilson," This paper continues "has developed a degree of firm-involved the way not believed capable. CITY AGAIN LOSES BOUNDARY ACTION

Works Committee Crazy About Encroachments.

Says Sir W. Meredith

QUASH LICENSE BYLAW

Canadian Pressed Brick Company Gets Judgment at Osgoode.

At Osgoode Hall yesterday the appellate division dismissed the appeal of the city from the decision of Mr. Justice Middleton, who held that the city had not established the location, of the eastern line of Simcoe street. The civic authorties endeavored to prevent Harry Weber from overstepping what the city declared was the street line and restrain him from an alleged encreachment to the extent of five feet on a frontage of thirty feet on the east side of Simcoe, below, Queen street. The litigation has tied up deals in connection with property,

valued at \$200,000 for two years. The defendant in 1913 made an offer to the works committee that he would pay a nominal ground rent for the property in dispute and would remove the fronts when the city required to move the sidewalk. This offer was

A Reasonable Offer. "He made a very reasonable offer," declared Chief Justice Meredith. "I don't know what his proposition was when he appeared before the works committee," replied C. M. Colquhoun for the city. "That committee is crazy about these encroachments," continued the

chief justice. "The burden was upon the city. This man was in possession and we cannot say that the opinion of the trial judge was wrong." Mr. Justice Middleton has awarded judgment in favor of the Canadian Pressed Brick Company, of Hamilton, egainst George and Sarah A. Cole, husband and wife, for \$1785, for bricks obtained from the plaintiffs. Under an agreement Cole erected a number of houses whereby he contributed his labor and the bricks and other ma-terial, and was given one of the houses in return for his work. He then deeded the house to his wife. In giving judgment against him Mr. Justice Middleton holds that he did so to avoid

paying for the bricks. C. T. Stewart, who desired to secure a license for a billiard and poolroom in St. Mary's, has entered action to quash a bylaw limiting the licenses to that issued to John Simms, alleging that the said bylaw has created a monopoly in that line of business. It monopoly in that time of has a popu-is stated that St. Mary's has a popu-

lation of about 4000, and that in this centre there is plenty of room for three or more licenses to make a respectable living.

Payment of Notes.

Mr. Justice Middleton has dismissed the action of George Crain against J. H. Hoffman, to recover payment on H. Hoffman, to recover payment on two notes of \$962.52. The plaintiff sold a brick plant to the Excelsion Brick Company, of which the defend-ant was a member, and he alleged that Hoffman was a guarantor of the notes given for the purchase of a four-mould brick press. The notes were not paid and the plaintiff annexed the

machine and used it. "I do not think," said his lordship, "that the vendor can recover that which is in truth the price of the chattel sold, because his conduct has been

inconsistent with his obligations as The first appellate court list for today is: Heydon v. Weod; Curley v. Now Toronto; Casci v. Toronto; Leslie v. Stevenson; Dayles v. Loew.
