

POSTSCRIPT.

Since the above has been put in type the undersigned has disposed of his entire *Niagarana*, which includes all works quoted as being in his possession in the above list, besides views, maps, guide books, and other historical matter relating to the Falls and its vicinity, to Mr. Peter A. Porter, of Niagara Falls, N. Y.

It is with regret that he parts with his collection, for it has been to him a source of great enjoyment, and as an offset to the cares of business; but he is compensated in a degree by knowing that it is now in the hands of an enthusiast, and who is also a descendant of one of the first proprietors of the site of Niagara Falls, on the American side.

As the writer and late owner is now free to express himself, he assures the reader that, with the collection owned by Mr. Porter at time of purchasing, he has now, without exception, as far as the writer's knowledge extends, the most complete and unique collection of this kind in existence, and it is at the place where it properly belongs, and where it is to be hoped it will always remain.
