

PERMANENT CARE FUND.

All moneys paid to the above fund shall be placed to a separate account, to form a sinking fund for the purpose of keeping lots and graves in order for all time. This plan has been adopted by the Trustees in the interest of the lot-holders, and for the better ordering and appearance of the Cemetery. No further payment will be required, or allowed to the superintendent or those employed in the grounds. Such care includes only grass cutting and cleaning, not flowers and shrubs, which when desired must be put in by the lot-holders, or persons employed by them.

CHARGES FOR LOTS, ETC.

All persons having lots in St. Paul's Cemetery, situated on Dundas Street, London East, and who may desire to remove the remains of their dead to Woodland Cemetery, shall be entitled to receive a plot of ground, foot for foot, in any of the sections that have been laid off and surveyed, unless such lots as have been reserved at a higher price than the average, and these can be obtained by the payment of the difference between ordinary lots and those reserved. Such removal, however, will be at the sole expense of lot-holders. The Trustees, in the interests of those who may desire to remove, have made arrangements for the performance of the work at the following rates :—\$2 for each body, providing a shell for the same when required ; and a further charge of \$1.50 for re-interment of each body, when
