CANADA'S COUNTY FAIR HAS GREAT HORSE SHOW

Fine Weather and Creditable Exhibition Marks First Day—Junction Happenings.

TORONTO JUNCTION, Oct. 3.—The executive committee met to-night and prepared for the business of the regular council meeting, which will be held on Monday evening next.

The petition of the Canadian Independent Telephone Association asking for a five dollar subscription from the town to assist in enabling the association to carry on the fight for a cheaper telephone service at lowest Canada was discussed with favor, and the money will doubtless be voted at the council meeting.

The Bell Telephone Co. is the principal system that the association intends to attack, and the complaints against the Bell Co. that are heard lately on all sides would indicate that the public will be heartily in sympathy with the objects of the new association.

It was decided to lay a cement sidewalk of uniform width, 120 feet, on the north side of Annette-street, westward from High Park-avenue to the Methodist Church.

Matt. Beatty's saddle horse won third prize in its class at Cooksville Fair yesterday.

The Toronto World office in the Junction moves to-day to larger and more congenial quarters at 22 East Dundas-street, next door to the office of the Conger Coal Co.

Among the young people of the town who are entering the freshman year at Toronto University are: Bob McGregor, in the department of English and history at University College;

Roy Wilson, son of Supervisor Wilson, in the first year in medicine; Herman Sproule, in medicine; Willa Colbeck, daughter of Principal Colbeck of the Collegiate Institute at Victoria College; Jennie McFarlane, in the department of domestic science at University College; an Edward Blake scholarship; Nora Belcher, at University College; Leon Ellis, in the department of forestry at Toronto University; Fred Edgar, son of G. W. Edgar of Lakeview-avenue, in studying forestry at the Guelph College.

Gordon Rice, B.A., has entered his final year in medicine at Toronto University and will graduate next spring with the degree of M.B.

The men of the waterworks department, under Sup't. McMullin, were busily engaged to-day in changing the positions of the hydrants on Dundas-street to suit the new sidewalks. The water was turned off to-day between Keele-street and Pacific-avenue and to-morrow afternoon it will be off on Dundas-street, west of High Park-avenue to enable the work to proceed.

Mayor Baird, honorary president of the Sterling Business College, as a tangible expression of his appreciation of the Junior Shamrock's splendid victory on Wednesday, has arranged with the management of the college to give to the first five members of the team to apply, free of all tuition fees, a complete four months course with individual instruction, day or night classes, in any branch taught in the college, such as bookkeeping, shorthand, etc.

Wm. H. Baldwin is opening a stationery and fancy goods store at 13 East Dundas-street. A feature of the store will be that the price of no article will exceed 25c.

The statements of several people in Toronto who have seen motors during the past few days have received further corroboration from L.M. Hall of Willoughby-avenue. Mr. Hall states that on Tuesday evening about 6:30 o'clock he was at the corner of Union and Annette-streets looking down some houses, when he noticed "this thing" falling in a slanting direction from east to west. He stated that it was grey red and acted as if it were running down a wire towards the earth at an angle of about 20 degrees. To him it appeared as large as a street electric light globe, while some of the officials of the Central Prison it appeared to be as big as a barrel.

This apparent difference in size, so short a distance would indicate that the motor must have been comparatively near the city, altho it disappeared in the hay.

An open meeting of the Royal Templars will be held in St. James' Hall to-morrow evening. Alderman J. W. Bengough and other speakers will be present. Vocal and instrumental music will enliven the proceedings, and several new members will be initiated.

The Sterling Business College, to be opened on Oct. 1, will be conducted under absolutely individual teaching system.

Use Connell's Coal for satisfaction. Egg, stove and nut \$6.00 per ton; pea coal \$5.50. Junction head office, yard, corner of Weston-road and Dundas-street.

MARKHAM. Fair is Good for First Day, But Friday Will Surpass It.

MARKHAM, Oct. 3.—Ideal weather conditions favored the opening day of the Best York and Markham Agricultural Society Fair here to-day. While the attendance was not so large as on some previous occasions, the directors expressed themselves as well pleased, and with a continuance of the fine weather to-morrow the receipts are expected to reach record figures.

A trip thru the various buildings shows that the exhibit of fruit, grain and vegetables to be of exceptional merit, but somewhat lacking in numbers. The same may be said to apply to the finer arts and ladies' work.

In dairy exhibits there is a meritorious display, the chief winners in the dairy department being Mrs. T. W. Stevens, Miss L. Galbraith, Mrs. W. Doherty, Mrs. Mason, Mrs. W. Young, Mrs. W. J. Chapman and Mrs. R. Chapman.

In preserves some of the prize-winners were: Mrs. Stevens, Mrs. Seller, Mrs. R. Forfar, Mrs. S. Rich, Mrs. J. B. Burke, Mrs. J. Warriner, Mrs. J. Lawrie, Miss M. Scott and Mrs. Anderson.

The outlook for a fine display of horses was never so good, and some magnificent types in draught, roaster, carriage and Hackney were shown to-day, but the awards in all these classes will not be made until to-morrow.

In Canadian draught, W. J. Howard of Amber has two splendid specimens which attracted widespread attention.

Hackneys Are Good. Graham & Renfrew of Bedford Park are showing Marmor, Copmarthorpe

SAYS THIS IS BEST

A leading health journal in answering the question, "What is the best prescription to clean and purify the blood?" prints in a recent issue the following: Fluid Extract Dandelion, one ounce; Compound Salutarina, one ounce; Compound Syrup Sarsaparilla, four ounces.

Shakes well and use in teaspoonful doses after each meal and at bedtime.

A well-known physician states that these are harmless vegetable ingredients, which can be obtained from any good prescription pharmacy.

This mixture will clean the blood of all impurities. In just a few days the skin begins to clear of sores, boils and pimples. It puts vigor and energy into run-down debilitated men and women. For many years Sarsaparilla, alone has been considered a good blood medicine. But while it built up and made new blood, the impurities remained within and the good accomplished was only temporary.

Sarsaparilla, however, when used in combination with Compound Salutarina and Extract Dandelion, works wonders. This combination puts the kidneys to work to filter and sift out the waste matter, uric acid and other impurities that cause disease. It makes new blood and relieves rheumatism and lame back and bladder troubles.

Roy Wilson, son of Supervisor Wilson, in the first year in medicine; Herman Sproule, in medicine; Willa Colbeck, daughter of Principal Colbeck of the Collegiate Institute at Victoria College; Jennie McFarlane, in the department of domestic science at University College; an Edward Blake scholarship; Nora Belcher, at University College; Leon Ellis, in the department of forestry at Toronto University; Fred Edgar, son of G. In the 2:30 trot or pace there was some capital sport, and not a little excitement caused by a runaway. The driver of Brian Boru in this class, thru the collapse of a wheel of the sulky, was thrown from his rig and the animal raced madly twice around the ring, sulky narrowly missing some visitors and the other contestants. W. R. Stewart, an onlooker managed to throw a blanket over the animal's head when passing, which had the effect of stopping the animal. The driver was badly shaken up, but escaped with only a few scratches. The results were: 2:30 trot or pace—City Boy (Walter Blamhirst), 1; Prairie Oyster (W. Culverwell), 2; Brian Boru (A. Kerr), 3. A dog fight competition for a purse of \$40, presided by Henry Harris, Green River, and in which Harris himself was the only contestant, was a failure, not succeeding in attracting the object aimed at. A driving of the sheep, three in number, from one enclosure to another, unassisted.

On Friday evening, 20 a special will leave the Union Station at 12:30, returning leaving Markham at 6:10 p.m.

NORTH TORONTO. Work Car Causes Havoc Among Herd of Cattle.

NORTH TORONTO, Oct. 3.—What might have been a serious accident occurred on the Metropolitan Railway a short distance south of Glen Glove, about 7 o'clock to-night, fortunately unattended by any loss of human life, but in which a number of valuable cattle were destroyed.

A southbound work car, traveling at a fair rate of speed, ran into a drove of cattle belonging to Thomas Mahoney of Bellhaven and John Dean of Thornhill, killing four of the former's and one of Dean's. The cattle had been bought on the city market, and were being taken up Yonge-street on their way home and were in charge of a couple of lads, Mr. Mahoney having driven on ahead to make arrangements for stabling them over night at Birrell's Hotel at York Mills.

The work car, in the ditch, but the motorman and conductor escaped without serious injury.
