## ORILLIA NOW HAS A MARKET

Prominent Business Men Get Together  
and Bring the Farmers With  
Their Trade to Town.

### SUCCESSFUL OPENING YESTERDAY.

What the Prices Were Like - The  
Principal Buyers-A Cattle  
Market, Too.

Orillia, Dec. 14.—(Special.)—Although Orillia is one of the oldest and most enterprising of our northern towns, it has never had a regularly established market; and as long as the country to the north was undeveloped by the railways the people used to come to Orillia to do their trading, and as a natural result the town prospered. But since the railways have opened up this country, trade has been diverted to other places.

**Two Market Days.**  
The business men, recognizing this fact, determined to establish two markets days per week, viz., Wednesdays and Saturdays. There is no market town nearer than Barrie, which is 25 miles distant; and, as Orillia is the nearest and natural outlet for the Townships of Oro, North Orillia, McLeod, Mara, Rama, all of which are tributary to it, there is little doubt but in a short time the new market will grow to large proportions.

**First Market Held.**  
The first of such markets was held today, and, considering the inclemency of the weather, and the bad state of the roads, many of which are impassable, it was a grand success. In live stock there were about 50 cattle, several sheep and hogs. There was also a large number of dressed hogs, turkeys, geese, ducks and chickens, as well as butter and eggs, all of which found a ready market. Good butchers' cattle sold at \$2.50 per cwt.; medium, \$3 and common \$2.50; stock steers sold at \$3, and hogs \$2.50 per cwt. Dressed hogs sold at \$4.80 to \$4.90 per cwt.; light hogs, \$4.50 per cwt., but are not wanted at any price. Turkey turkeys, 7 to 8 per lb.; geese, 25 to 30 per pair; ducks, 40 to 50c, and chickens, 25 to 40c per pair.

**Who Buyers Were.**  
Messrs. A. Kerr, A. McCrimmon and R. H. Hume, who are the principal buyers of the part of the country, bought all the live stock, paying prices that satisfied the farmers. Mr. Hatley, who does a large business in dressed hogs for packing purposes, purchased large quantities of poultry and hogs. Mr. E. Ogilvie, who has been doing a cash business in hides and wool for years in Orillia, was busily engaged looking after the interests of his department. A. Stacey, who has been doing a cash business in hides and wool for years in Orillia, was busily engaged looking after the interests of his department. A. Stacey, who has been doing a cash business in hides and wool for years in Orillia, was busily engaged looking after the interests of his department.

**The Market Building.**  
The town has erected a large building, with stalls for butchers, and sheds on either side, similar to those of the St. Lawrence Market, Toronto, only on a much smaller scale, the building being 100 feet long by 50 wide.

This building is in close proximity to the Orillia Hall, in which the market is held. It is the first country town that is known to have erected market buildings and provided a cattle market. Much credit is due to R. H. Jupp, president, R. H. Slaven, vice-president, E. A. Doellittle and Secretary C. H. Hale of the Board of Trade, for the success achieved. These gentlemen were assisted by the Agricultural Committee, composed of Joseph Dunn, H. Clark, James Hays, S. H. Black, and others. The next market will be held at Orillia, when it is expected there will be a large market of Xmas cattle and poultry.

**Snow Still Obstacles.**  
All incoming trains were affected by the snow again yesterday, which caused them all to be delayed. The Grand Trunk North Bay train not arriving until nearly 5 o'clock, being three hours late. The Owen Sound branch is not yet free of snow, and the snow on the tracks is a great hindrance to the trains. Business was brisk at the depot and people continue to travel, notwithstanding the fact that the excursion tickets will not be issued for a week yet. All the trains left on time and were well filled with people. Freight is also moving faster, although extra locomotives have to be attached to the majority of them, and large shipments are being made daily to all points.

Nature makes the cures after all.

Now and then she gets into a tight place and needs helping out.

Things get started in the wrong direction.

Something is needed to check disease and start the system in the right direction toward health.

Scott's Emulsion of Cod-liver Oil with hypophosphites can do just this.

It strengthens the nerves, feeds famished tissues, and makes rich blood.

50c and \$1.00; all druggists.

## SUIT AGAINST A. R. MACDONALD.

Temiscouata Railway Company  
Ask the Big Contractor to  
Hand Over \$300,000.

Montreal, Dec. 14.—(Special.)—The Temiscouata Railway has entered an action in the Superior Court against Mr. A. R. MacDonald for \$300,000. The litigation results from certain agreements the defendant, while president of the company, made with a construction company and certain contractors. The company alleges that these agreements were illegal, corrupt and detrimental to the interests of the railway company, and that inasmuch as Mr. MacDonald received those benefits while acting in the fiduciary capacity of president and director of the railway company, he is obliged to account for and deliver to the company any profits so derived by him, estimated at \$300,000.

**Other Montreal Items.**  
It is understood that W. H. Patton of this city is to receive the appointment of signal engineer for the Grand Trunk at Toronto, the position rendered vacant by the resignation of P. F. Hodgson, who is going to England. Mr. Patton has been in the employ of the Canada Switch and Spring Co., but was in Toronto for a while in Mr. Hodgson's department.

The Ogilvie estate will expend \$100,000 on the new block, St. Catharines street, most of the renovated block to be occupied by W. H. Scroggie as a departmental store.

## S. Ackerman, commercial traveler.

Belleville, writes: Some years ago I used Dr. Thomas' Electric Oil for inflammatory rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, and every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with rheumatism since. I, however, keep a bottle of Dr. Thomas' Oil on hand, and I always recommend it to others as it did so much for me.

Cucumbers and melons are "forbidden fruit" to many persons so constituted that the least indulgence is followed by attacks of cholera, dysentery, griping, etc. Those persons are not aware that they can indulge to their heart's content if they have in hand a bottle of Dr. J. D. Kellogg's "Fruit and Nut" medicine. It gives immediate relief and is a sure cure for the worst cases.

## WHO IS A VOTER?

Questions From Elgin and Northumberland Before Appeal Court.

Two cases stated by the Lieutenant-Governor under an order-in-Council will be heard by Mr. Justice Munn of the Court of Appeal on Dec. 28. They will be submitted by Judge Ketchum of the United Counties of Northumberland and Durham and by Judge Brimacombe of Elgin County. The former case relates to that part of the Ontario Election Act which requires a voter to be domiciled in his electoral district. Four voters had been found from one to three months previous to the last day for complaining to the judge of errors in the voters' list and \$100 on their return applied to be put on the list. Their application was opposed, because they had not continuously resided in the electoral district.

The questions asked in the other case were: Have tenants or freeholders of real estate whose ownership or tenancy, as the case may be, commenced after the final revision of the assessment roll for 1917, a right, due notice having been given, to be placed upon the voters' list of St. Thomas for 1918, now under revision? If so, when should such ownership or tenancy have, at the latest, commenced?

Should the judge remove from the voters' list the name of any living person whose ownership or tenancy ceased between the date of the final revision of the assessment roll of 1917 and the last day for giving notice of complaint of errors in the voters' list?

JOHN KAY, SON & CO.,  
FINE CURTAINS.

## SURPRISING VALUES in CURTAINS...

The emphasis can be put on two points touching the Curtain stocks of this store:

- We carry at all times the largest stock of Curtains shown by any house in Canada. This is a statement that we can make without fear of contradiction.
- At our regular prices these curtains are unequalled value, for we know the Curtain markets of the world as few do and buy direct from the manufacturers in every case.

It is from stocks of this character, bought in this manner, that the following remarkable bargains are now selected. The lots are special, but by no means represent anything like our entire stock. The prices are such as to induce, we believe, quick buying at this time of the year. A handsome pair of curtains is all right for a Xmas present:

- 255 pairs White and Ivory Lace Curtains, taped edges, regularly sold at \$1.10. Sale price.....85
- 215 pairs White and Ivory Lace Curtains, taped edges, regularly sold at \$1.25 and \$1.35. Sale price.....1.00

This is an opportunity for those out of town as well as in Toronto to secure high-grade Lace Curtains at decidedly money-saving prices. Mail orders have careful attention. We ship goods to all parts of the Dominion.
