Cold Storage Facts.
Hon. John Dryden, Minister of Agricul-
ture, is collecting information regarding
cold storage stations, and at the next ses-
sion of the Legislature he will probably
bring in some legislation in con-
nection with the establishment of cold stor-
age and collecting stations in various parts
of the Province.

Wharf Will Cost \$23,000.
Richelieu and Ontario Navigation Co.
will have a new wharf on the
April 1st.

The new wharf to be built by the Richelieu
and Ontario Navigation Company at the
foot of Scott street will be completed by
the 1st of April. It will cost \$23,000. The
wharf will be 337 feet long and 34 feet
wide. On it will be erected freight sheds,
waiting rooms and ticket offices for both
the Hamilton Steamboat line and R. & O.
Company. The offices and waiting room
will be handsomely furnished. Two spe-
cial gangways will be made for the Hamil-
ton boats. The wharf will be in charge of
Mr. Peter McIntyre, who will also be the
freight agent for the R. & O. line for the
district of Toronto.

The Demon Dyspepsia.—In olden times it
was a popular belief that demons moved
visibly through the ambient air seeking
to enter into men and trouble them. At
the present day the demon, dyspepsia, is
large in the same way, seeking hap-
pily in those who by careless or unwise
eating invite him. And once he enters
it is difficult to dislodge him. He
that finds himself so possessed should
try that valuable remedy, Dr. Sanden's
Vegetable Pills, which are ever ready
to the trial.

More Tablets Placed.
Within the past few days marble tablets
have been placed in position, one at the
western gate of the Old Port, one marking
the Bishop Strachan palace, built in 1814
opposite the Union Station, and one on the
site of the Gas Company, on Front street
near Parliament, marking the site of the
original legislative buildings of 1794, which
were burned by the American troops in
1813.

BUDDHISTS AND CHRISTIANS

Are About to Be Accorded Equal Rights
in Japan—Buddhists Sup-
port the Bill.

PREMIER ACCUSED OF CORRUPTION.

Plague at Kobe Suppressed—Sym-
pathy of the Japanese With
the Cause of Britain.

Tokohama, Dec. 16, via Victoria, B.C.,
Jan. 5.—The memorial to the throne brought
into the Diet this week by the Opposition
is practically an impeachment of Premier
Marquis Yamagata and Home Minister Mar-
quis Rengo for corrupt practices. As the in-
cident is made by a party which is itself
by no means untainted with corruption, and
is in a hopeless minority, swift defeat will
be the fate of the measure.

Christianity Recognized.
The bill for the regulation of religious or-
ganizations excites much comment because
of its fairness and impartiality. Christianity
is no longer merely tolerated, but receives
recognition. All religious property is ex-
empt from taxation, and religious teachers
from conscription. The whole Buddhist
sects show an unexpectedly liberal spirit
and are practically united in giving support
to the measure.

The plague at Kobe is announced to be
suppressed, and a special commission for
its treatment has been withdrawn.
The feeling of sympathy and depression
among Anglo-Saxon residents over British
reverses in South Africa is very strong,
and is largely shared by the Japanese,
whose sentiment is strongly pro-British.

SENTENCE OF THE CONSPIRATORS
Will Be a Wholesome Lesson to
Plotters in France.
New York, Jan. 5.—Interviewed on the
action of the Senate of France in sentencing
Droule and others for conspiracy, Premier
Waldeck-Rousseau said: "The ver-
dict will give satisfaction to all men shir-
ingly desirous of re-establishing order and
peace in France by moderate but firm mea-
sures."

It may be safely assumed that the little
string of plotters daily seen going to and
returning from the High Court during the
last few days will profit by the wholesome
lesson that has been inculcated, and that
their appetite for conspiracy has been com-
pletely assuaged.

THE DELAGOA BAY CLAIMS.
Award Will Be Made at the End of
This Month—Foolish Reports
Sent Out.
London, Jan. 5.—The latest information
possessed by counsel for the Delagoa Bay
Railroad claimants is that the award will
be made at the end of January. One of
the chief parties to the claim said to a
representative of the Associated Press:
"There are rumors current that the
award will be a compromise agreeable to
no one. But I attach no value to these re-
ports. The story of the claimants getting
\$100,000,000 is ridiculous. The total of the
American and British claims does not ex-
ceed \$15,000,000. The arbitrators are not
likely to award more than is claimed. The
various reports are based purely on con-
jecture. The parties to the suit will be the
first to hear the result, and no word on
this subject has yet reached him."

METROPOLITAN MANAGER FINED.

W. J. Moyes Convicted of Using
Grossly Insulting Language to
R. Harper.
Mr. W. J. Moyes, J.P., manager of the
Metropolitan Railway Company, was fined
£2 and costs in the afternoon Police Court
yesterday. Mr. Moyes was convicted of
using grossly insulting language towards
R. Harper of North Toronto. The trouble
died arose out of the attempts made to
connect the C.P.R. with the Metropolitan Co.,
to which Mr. Harper was opposed.

A Pretty Calendar.

The calendar for 1900 gotten out by the
Niagara Navigation line is one of the prettiest
and most up-to-date ever issued by
this aquatic company. The picture shows
the route of the steamers from Toronto to
Niagara, and also the many railway con-
necting points at the latter place. To the
right and left, at the bottom of the calen-
dar, are pictures of the Chippewa and Co-
rona, the two palatial steamers of the line.
One steamer is pictured in daylight, and
the other in crossing the water in the
moonlight. Around the calendar are en-
titled the Union Jack and Stars and
Stripes. Altogether, the calendar is a work
of art and is a credit to Mr. John Poy, the
publishing manager, and other officials of
the company.

be granted authority at the next session of

MANITOBA AGAIN.

Another Letter From the Wheat
Province Reporting Work of
Dodd's Kidney Pills.

This Time It Is Mr. Wm. Lloyd of
Oakville, Man.—That Dreaded
Disease Diabetes Routed—How
Dodd's Kidney Pills are
Valued in Manitoba.

Oakville, Man., Jan. 5.—The case of Mr.
Colquhoun of Oak Lake, printed last week,
was read with interest by people of this
town. Dodd's Kidney Pills are very well
known here. They have been instrumental
in curing more than one case of Bright's
Disease given up by local doctors as hope-
less. Dodd's Kidney Pills are known to
be the sole remedy that will cure Diabetes.
They are regarded as infallible in cases of
lithematuria, Dropsy, Heart Disease,
Backache, Urinary and Bladder Complaints,
Female Troubles and Blood Disorders.

As regards Diabetes, we can cite the case
of Mr. William Lloyd of Oakville. It is
recent and fresh in the mind of all of us.
He says himself of his cure by Dodd's
Kidney Pills:
"For three months past I have been
troubled with Diabetes. I went to the
doctor at Portage la Prairie. He gave me
a bottle of medicine, but it relieved me
very little. I made up my mind to try
Dodd's Kidney Pills, and to my surprise
they are doing me very much good. The
thirst that used to make my life a burden
has left me, and I am not passing half so
much urine. I lost in three months 30
pounds of flesh, but now I am picking up
fast. I am taking Dodd's Kidney Pills re-
gularly, three every day. I have taken six
boxes, and intend to take more. I am 35
years old, but I am confident Dodd's Kidney
Pills are curing me. I am well known all
over this part of the country, and glad to
testify to the worth of Dodd's Kidney
Pills."

To Mariners.
In the Maritime Provinces, where in
many localities the winter navigation is
interrupted, the number of storms that have
occurred in January during the last twenty
years is 1874 to 1899 inclusive, has been 135,
an average of about five for each year. Fifty-
one of the gales were decidedly heavy, more
under the classification of fresh or moderate
gales. In 37 cases the winds backed,
in 35 they veered, and in the remaining 5
they backed in some localities and veered
in others. In the majority of instances,
when the winds shifted to the west or
northwest, the weather set in cold, and
not infrequently very cold.

Nursing-at-Home Mission.

The Nursing-at-Home Mission held their
first meeting of the year yesterday after-
noon in the Y.M.C.A. President Mrs. Say-

were present. Addresses on the work of
the mission were made by Mr. J. L. Lennox. During
the past month 48 patients had been cared for.
Of these 28 were new cases. The nurses
had made 380 visits, while four had
been on night duty. They had worked un-
der 42 physicians. Many donations of com-
forters, blankets and infants' clothing had
been made. A friend had contributed
enough soap for the entire year. The Lake
Simcoe Ice Company, who supplied all the
ice during the summer, sent in a receipted
bill for the same. For the Christmas dis-
tribution, 120 toys and books had been con-
tributed. The financial statement showed
a balance of 53 cents to the good. A pa-
thetic case is being looked after by the
mission, where a widow is dying of con-
sumption, leaving a family of nine children,
the eldest being only 12 years of age. Ar-
