RACE FOR THE AMERICA'S CUP.

Strange Fascination for the Public, The the Builders Turn Out Wrong Type.

London, Oct. 30.—The Field, referring to Sir Thomas Lipton's challenge for the America's Cup, says:

"The second challenge of Sir Thomas Lipton for the America's Cup attracts an immense amount of attention in certain circles. Altho the conditions of these races are regarded by yachtsmen as far from satisfactory, the much-advertised international event has a strange fascination for the public. In the present instance neither the challenger nor the defender, which is a second edition of the Columbia, will be a vessel of the type which experienced yachtsmen consider suitable for racing in American or British waters. The Shamrock, tho she cost many thousands of pounds to construct, under British rules, is really not worth the price of her lead. The amount of money thrown away in turning out a yacht of the Shamrock's type is probably of little moment to the owner of a modern cup challenger or defender, but the wasted energy expended in designing and building vessels of this kind an irrecrievable loss to the science of yacht architecture.

"The purity of yacht racing is the boast of every Corinthian sailor, but so long as the America's Cup racing is carried on for purposes other than the love of sport and the encouraging of yacht designing, it can never be regarded as one of the best phases of yacht racing. The America's Cup competed for by unwieldly machines such as the Columbia and Shamrock has ceased to commend the good wishes of yachtsmen that Sir Richard Sutton carried when he took the Genesta to Sandy Hook."

State Leaguer Signs With Montreal

Chester, Pa., Oct. 30.—W. McCabe, who covered third base for the Chester team this season, has signed with the Montreal Eastern League baseball club. Charles Dooley, manager of the Montreal Club, came here last week and wanted to sign Nobitt, Agnew, Bonner and Townsend.

Every man on the crack Chester team has received offers from numerous State league clubs, but some of them have prospects of getting into the National League.

Bobby Thompson Writes.

Many patrons of boxing here believe that Bobby Thompson is the best Canadian lightweight to-day, and would like to see the ex-Toronto bike rider up against a clever man. In a letter to The World, among other things, Bobby asks for a fight with Jim Popp at 135 pounds and up for 15 or 20 rounds. Bobby is not particular as to the place or time, but is willing to meet Popp anywhere and under any conditions. He objects to Popp's laying any claim to the Canadian lightweight championship, to which he himself thinks he has some right. Thompson says that he has fought over 50 battles since leaving here, and has lost but one of the lot. Boddy says that he had a fight on with Kid Krowse in Philadelphia Saturday night, but the latter backed out at the last minute. This is the third time that Krowse has shown the white feather with Bobby.

Weinig on the Warpath.

Buffalo, Oct. 30.—Al Weinig, the Buffalo middleweight, has had so many matches made only to fall thru that he is somewhat disgusted at the prospect.

"I matched with McGee, the big Torontonian," said he last night, "but when the match drew near the club had no place large enough to handle it. It may take place later; perhaps not.

"In the meantime, Harry Leachman of Cincinnati is making preparations for some fights down in the Middle West and South, where I am well known. I have also written to Tom O'Rourke urging that he accepts my challenge to Joe Walcott and have one of the eastern clubs in which he is reported interested hang out a purse for the affair. I reiterated my statement that I would fight, winner take all, with Walcott, and hope to hear from O'Rourke soon."

Weinig says that if there is nothing doing in the fighting line in this vicinity for a month or two he will jump to Chicago and try to get on in some six-round fights at the Chicago clubs.

News of the Kickers.

If Peterboro win their protest, it is not likely that they will be asked to go to London again to play the game off.

The wet weather yesterday put the Rugby men out of another day's practice, as the grounds were not fit to play on.

This afternoon, at 2 o'clock, the Dentals play Knox College on the Varsity campus, in Section B of the Intercollegiate Association Football League.

The Argonaut-Rough Rider game will be played at Rosedale. The reserved seat plan will open at Nordheimer's on Friday morning at 10 o'clock.

The Oarsmen have certainly had hard luck in their last two or three matches, but should do better on Saturday with their old team back in line against Ottawa.

A meeting of the O.R.F.U. Executive Committee will be held to-night, when the Ripley case, Peterboro's protest against London and some rough play complaints will be disposed of.

The annual dance of the University of Toronto Rugby Club will be held in the Students' Union, on Friday, Dec. 7. The sale of tickets will be limited. Miss Mowat has consented to act as patroness.

The Argonauts will have a good chance on Saturday against the Rough Riders. They will be greatly strengthened with Parmentor, Good, Crawford and Langton on the line, while there is a possible chance of Kent being in town for the game.

The falling off in form of Ottawa College team is the surprise of the season in the Quebec series. The champions of last year have dropped from a lofty pedestal all in one season, but there is justification for the reversal in the fact that many of the best men of previous seasons are missing, and the fifteen is practically a new one.

An Ottawa despatch says: The Ottawa Football Executive will make a big effort to have every player who works with the organization out for practice regularly, as there is a whole pile of work which must be done before the boys leave for Toronto next Friday night. The executive has suggested the names of several gentlemen for referee in next Saturday's match, among them being Eddie Bayly and J. L. Counsell.

WITH THE TENPIN BOWLERS.

Players Prepare for Championship Season—Merchants' Annual Meeting.

A meeting of Liederkranz A team was held at the club on Monday night, when George Napolitano was elected captain and H. H. Wells secretary-treasurer. Eight men were chosen for the team, including the two spare men. The following are the eight: George Napolitano, H. H. Wells, A. J. Holtman, A. Morrer, R. Welsh, Joe Hawley, Henry Nagel, George Boyce. The most of the above men were on the championship team of last season, and rank well up in the averages.

The two teams at the Liederkranz are practising hard each night, and will be in shape when the league season opens on Nov. 15.

Bowling has started at the Armouries. Each night the different teams are practising for the opening of the season.

The City Athletic Club bowlers will commence work the latter part of this week.

It is likely three the merchants will play their games on the athletic club alleys.

The annual meeting of the Merchants' Bowling Club was held at the City Athletic Club last night, when H. M. Gibson was elected captain and H. Winterbury secretary. The following men will be on the team: T. M. Gibson, J. D. Kelly, Widmer Hawke, C. H. Goold, H. Winterbury, H. Brown, George Swift, Geo. Foy, J. Spencer, E. Tache, Charles Le Clair, T. Phelan, T. Bissette. The club will likely play their matches at the Athletic Club alleys, and practice will commence at once.

This year the teams in the Toronto Tenpin League will be Liederkranz, two teams, Athletic Club, two teams, Merchants' H Co. Highlanders, Grenadiers, Q.O.R., Body Guards, Imperial, Toronto Bowling Club. The executive are trying to get the Police Athletic Association to enter a team.

Sporting Notes.

Eddie Horne of Cleveland is in the city, and says he would like a match with anyone at 140 lbs.

There will be a general meeting of the City Athletic Club to-night at 8 o'clock to discuss matters of importance.

Terry McGovern has been matched to meet Kid Broad of New York at Tattersall's, Chicago, Nov. 13, in a six-round contest at catch weights.

W. H. Lucas, who was president of the Montana League, will organize a North west League for 1901. The league will include Portland, Tacoma, Spokane and Seattle and possibly Everett and Victoria.

To-night is Hallowe'en, and the Canoe Club will celebrate in their usual openhouse for members and friends. An elaborate program will be presented at 8.30. "God Save the Queen" will be sung at 11.30.

The Ramblers meet at their club house on Parliament-street to-night. They will meet to receive and commemorate the safe return of a fellow-member in the person of Mr. Wellington Kelly from South Africa. All the boys will be on hand, and he will be well entertained.

At Youngstown, O., on Monday Gus Gardiner of Philadelphia knocked out Jack Carrig of Chicago in the 19th round by a right cross on the jaw. It was over 10 minutes before Carrig revived. The men weighed in at 135 pounds at 3 o'clock, and Gardiner appeared the stronger all thru the fight.

The Jordan-Barker championship checker match at Boston resulted in two draws on Monday, both openings being "the Cross." The afternoon match was the most exciting yet played, Jordan building one of the most involved traps known to the game. Barker kept clear of it. The score now stands: Jordan 2, Barker 1, drawn 23.

Jack O'Brien of Philadelphia and Jimmy Handler of Newark fought six of the hardest rounds at the Penn Art Club, Philadelphia, Monday night that have ever been seen there. Eeary in the first round Handler sent O'Brien to the mat for eight seconds. O'Brien did the best work thruout the bout, and would have received the decision had one been rendered.

Over in Germany they have a gentle custom of hurling beer glasses at bicycle riders with whom they are displeased. In a recent race in Vienna, Chase and Edward Taylor, both Englishmen, were riding behind pace against Dickentmann, Robl, Koercher and other favored sons of Germany, when Chase gained the lead. Seeing that he could do no better than fourth place, Taylor sent his spare tandem to aid Chase and enable him to hold first place. The spectators, not wanting to see the Englishmen win, began to throw beer glasses and bottles at them. Two of the pacemakers were struck and knocked out, but Chase rode pluckily and won first money. There were several punctures.

Charles A. Johnson, former owner of the Buffalo Athletic Field, dropped over in Buffalo the other day on a visit East to Utica, coming from his mining properties in Colorado. He told a reporter for The Express that he had not learned what Mr. King, the Toronto man, who bought the field property when it was sold at auction a month ago, had decided to do with it. "It looks to me," said Mr. Johnson, "as if the property might be leased to some sporting concern, which should be able to derive a handsome revenue from it. It all depends, of course, on the preparations that the management of the Pan-American Exposition makes for the carrying out of the sporting program at first proposed. Where the Exposition falls short, the outside promoters should step in."—Buffalo Express.

Certificate by Dr. Clark, Glasgow.

I have made a careful analysis of a fair sample of the Distillers' Company's stock of Very Old Special Scotch Whisky, taken by my assistant from the bonded stores in which it is lying ready for shipment, and the results of my analysis indicate that it is a pure whisky, which has been matured for a long time in wine casks, and I am of opinion that it is exceptionally mild to the taste and of fine flavor.

LONDON'S UNDERGROUND TROLLEY

Is Being Operated With Success by Mr. Granville Cunningham, Mr. James Ross Says.

Montreal, Oct. 30.—(Special.)—Mr. James Ross, vice-president of the Montreal Street Railway, has returned from England and reports that the first section of the transformed electric tramway in Birmingham, which came into Canadian hands some years since, will be completed by the first of January, and the remainder in the near future.

Mr. Ross says Mr. Granville Cunningham, formerly of Toronto and Montreal, has made a splendid success of the London Underground Electric Railway, which carries 100,000 passengers daily, at the rate of 2d per head.

THE GREAT NORTHERN ROAD

Will Carry Their First Cargo of Grain From Parry Sound to Quebec on Nov. 10.

Montreal, Oct. 30.—(Special.)—The first cargo of grain over the Great Northern Railway from Parry Sound via Hawkesbury will be shipped from Quebec about Nov. 10. Passenger trains from Quebec to Hawkesbury will be put on early next week, and Mr. H. H. Melville, the leading bondholder of the Great Northern, stated to-day that the building of the branch from Joliette to Montreal, including a large bridge at Bout de L'Ile, would be under way this winter. The new line will be 30 miles long, including the bridge, which will cost $300,000. It is said that Messrs. Ross, Barry and MacRae will be the contractors, as this well-known firm built the main line.

Mixing Politics and Business.

"Mr. Lauder," said a good customer the other day, "do you think it is wise to mix up business with politics the way you do in your advertising in The World."

As a reply Mr. Lauder turned up the order book, which showed that the trade for October was the heaviest in the history of the business, and, this, too, notwithstanding the extremely warm weather.

All of which goes to prove that when a man makes a good clothing as D. J. Lauder, 20 Yonge-street Arcade, and at the same time is lukewarm politically, he can mix politics and business with impunity. Then, again, Mr. Lauder figures that Grit and Tory dollars are similar to coons, in the fact that to him they look very much alike.

Montreal Mining Exchange Declared Broker to Be a Defaulter Over a Mining Deal.

BROKER TOOK OUT AN INJUNCTION

When it Was Shown That the Proper Course Was Arbitration—All Now Amicably Settled.

Montreal, Oct. 30.—(Special.)—The Montreal Mining Exchange and the street generally are much interested in a dispute between M. D. M. Sexton, a member of the exchange and the exchange itself. Some time ago Mr. Sexton offered thirty-one cents a share for one thousand shares of Iron Mask Gold Mining Company's stock. Mr. John L. Galletti accepted the order, and Mr. Sexton asked him if it was free from all assessments, and he replied in the affirmative. This was on Oct. 17, and after the deal had been verbally agreed upon Mr. Sexton discovered that on Oct. 3 an assessment of 10 cents per share had been levied, and this had not been paid. He, therefore, declined to accept the stock. The next thing he knew he received a letter from the Mining Exchange telling him that he must take the stock and must comply with this decision or be declared in default. He replied that he knew nothing of any such decision, and that he had no knowledge of any meeting at which this decision had been made. Mr. Picken, the secretary, wrote him that his proper course was to place the matter before the whole board. He answered that it was not the proper course, and that the by-laws did not bear the secretary out in his decision. On Oct. 25 he replied to another letter from the board in which he said that he would go before arbitrators, as provided by the bylaws. The next day he received a letter from the board saying: "I have to inform you that you have been declared a defaulter." Mr. Robert Meredith, president of the exchange, in the presence of a gathering on the exchange, openly declared Mr. Sexton to be a defaulter. This meant that Mr. Sexton ceased to have even the power to sell his seat and that the association could sell it and apply the money to its own uses. On Saturday morning Mr. R. E. Greenshields, acting for Mr. Sexton, took out an injunction to restrain action under article 54 of and article 54 of the bylaws. It was shown that arbitration would have been the proper course. Yesterday Mr. Macdougall, acting for the exchange, asked that the case be adjourned till to-day, and that it be settled amicably. Mr. Greenshields agreed to this, on condition that Mr. Sexton be reinstated a full member and that an apology be read in public, also that the costs up to date should be paid by the exchange. This afternoon Mr. Meredith said that the case had been settled.

HUNGARIANS TRIED TO ROB

Four of Them Held Up the Southwest Connellsville Pay Wagon Near Mount Pleasant, Pa.

THE PAYMASTER WAS SHOT DOWN.

Colored Driver Returned the Fire and Killed One of the Robbers and the Others Ran Away.

Mount Pleasant, Pa., Oct. 30.—Four Hungarians held up the Southwest Connellsville Company's pay wagon about a mile west of this place this afternoon. With the double team and wagon, in which was a safe containing some $5000 for the Alverton workmen, were the paymaster, William Hosler, a brother of Secretary-Treasurer C. H. Hosler and Harry Burgass, the colored driver, both armed.

Fired From Ambush.

The Hungarians were in ambush, and opened fire, killing the paymaster. The colored driver returned the fire, killing one of the foreigners and wounding another. The three would-be robbers ran toward Scottdale, without securing the money.

Armed posses are scouring the whole country, and their capture seems probable. Young Mr. Hosler came here from Chicago three years ago, and leaves a widow and one daughter. He was about 35 years old, and was one of the company's most popular officials.

A later despatch says another of the robbers was killed and the other two captured by a posse of officers, who rounded them up in a field.

CONSUMED THE HAGGIS.

Caledonian Society's Hallow'een Banquet Was an Enjoyable and Successful Occasion.

The Caledonian Society can always be depended upon to render a good account of itself at Scotia's festivals, and last night's gathering at the Walker House, tho a night ahead of Hallowe'en, was none the less a thoroly enjoyable and successful occasion. Among those present were President James Massie, chairman; R. Barron, first vice-president; Douglas Scott, second vice-president; William Campbell, secretary; William Stark, treasurer; Rev. John Kay, William Mortimer Clark, president of St. Andrew's Society; James Bain, secretary of St. Andrew's Society; Major Macdonald, George Musson, president of St. George's Society; Thomas Kinnear, president of the I.P.B.S.; George McMurrich, J. C. McMillan, Alexander Fraser, Dan Rose, Capt. D. Donald, Hugh Rose, George Barron, R. S. Wilson, James Jackes and Thomas Dunnet.

The toast list was of considerable dimensions, starting off with the usual toast to Her Majesty. Toasts to the Prince and Princess of Wales and Royal Family and to the Governor-General of Canada and the Lieut.-Governor of Ontario followed.

Then came a toast to the Army and Navy and Volunteers which found a fitting champion in Lieut.-Col. W. C. Macdonald of the 48th Highlanders.

The Dominion Parliament and Legislative Assembly of Ontario was responded to by John Flett, in the absence of Hon. Richard Harcourt. Major McGillivray also responded.

The Mayor and Corporation brought forth a response from His Worship, and "The Day and A' Wha Honor It," produced an excellent speech from Rev. G. M. Milligan.

Rev. John Kay responded to the toast of "The Land We Left and the Land We Live In," in the absence of Dr. George R. Parkin.

"Sister Societies" was responded to by George Musson for St. George's Society, Thomas Kinnear for the I.P.B.S., and Mortimer Clark for St. Andrew's Society.

Songs were sung during the evening by John D. Keachie, Donald C. MacGregor and Will J. White.

Dingman's Hall was a little more than half-filled at the meeting in the interest of Candidate Anderson last night. The proceedings thruout were tame, and the audience could not be aroused to any pitch of enthusiasm. The meeting was not by any means unanimous, and extravagant statements by some of the speakers were nailed down. Eluding embarrassing questions was the principal feature of the oratory. Mr. Anderson said he would not be satisfied unless he got 1000 majority, but he switched when someone asked him how soon coal oil would be cheaper.

Woman Beat Jim Daly.

Annie Ferguson, a young woman, is under arrest at the Court-street Station on a charge of feloniously wounding James Daly of 491 York-street. The prisoner, in company with Mary Harrison, visited Daly's restaurant yesterday afternoon, and in a quarrel which ensued the Ferguson woman is alleged to have broken a wash basin over Daly's head, inflicting a deep gash, which required several stitches. Police Constable Phillips, who was called in, arrested the woman, and after handing her over to Detectives Cuddy and Black he summoned Dr. Garratt. The prisoner claims she used the basin on Daly in self-defence.
