PURCHASES CORNER;
TOTAL COST \$50,000**

Has Occupied Building For
Some Time.

The building on the southeast corner of King and Clarence streets, occupied by the James Wright wholesale hardware company, has been bought by the company from the W. J. Thompson estate. The price involved, \$50,000, was confirmed by William Wright today. In 1916 the lot, 110 feet by 70 feet, was assessed for \$7,700, and the building at \$18,300, making the total assessment \$26,000.

When Romeo ascended the balcony, it is said that he plucked a blossom from the vines to match the morning glory of Juliet's eyes. Among the flowers it is quite natural that they talked of love. Whether the girl is sweet sixteen or midlife has blossomed into womanhood, she is fond of flowers. Send them!

Silverware That Will Wear

THE PRINCE
The Prince has come and gone, and judging by every appearance he is a prince of good fellows, entitled on his own merits to our respect and loyalty. But the real benefit of his visit will be in the good impressions he will receive in various parts of this great Dominion. No doubt our great Canadian West was an eyeopener to one who is accustomed to the small space that the British Isles occupy, and when he sees beautiful clean cities like our own it is certain that he can conscientiously recommend them to any of his friends or acquaintances who are desirous of leaving the Old Country and settling in some new part of the world.

London certainly did itself proud as a host and hostess; nobody could receive a more hearty and spontaneous welcome than was accorded the Prince—"OLD TIMER."

MAN EXPIRES WHEN READING PAPERS IN PUBLIC LIBRARY

Believed To Be John Kent of
Hamilton.

HEART TROUBLE CAUSE

Had Been Regular Visitor to
Library For Some
Time.

A man of between sixty and seventy years of age expired in the reading-room of the London Public Library shortly after 1 o'clock today while reading one of the daily papers. Two students who were in the reading-room glanced up and noticed that something was wrong with the man, either that he had fainted or expired. Dr. E. W. Hughes was called, and life was found to be extinct, although when Dr. Hughes arrived he had been dead only a few minutes.

Hamilton Man.
The name found on traveling cards and letters in his pockets is that of John Kent, 68 Day street, Hamilton, traveler for M. Squire & Co., wholesale tea, 31-33 Front street east, Hamilton. On several occasions, perhaps once a week recently, the man had been coming to the public library to read. In an order book were received recently from wholesale houses and private persons for tea, and from this it is judged that he was traveling for the tea company whose address was found on the cards.

Ticket To Ingersoll.
He was dressed very respectably in a grey tweed suit, with black derby hat. A little money and a gold watch with other papers were found on his person, although no lodge or insurance papers were among them. A return ticket dated October 20 to Ingersoll was found and it is thought that he came from Ingersoll to London on that date.

After an examination by Dr. Hughes, it was found not necessary to hold an inquest, death being due to acute heart trouble. The body was taken to the undertaking rooms of John Ferguson & Sons and efforts will be made immediately to get in touch with persons in Hamilton with whom it is thought the man is connected.

DEATH OF ISADORE REAUME.
Isadore Reaume, for a long time a resident of the Ontario Hospital, died in that institution at a late hour yesterday, in his 73rd year. He was ill only five days. Pneumonia was the cause of his death. The remains were today shipped to Wallaceburg, where his relative reside, for interment on Saturday.

NEWS LOCAL

WRIT ISSUED.—Claiming the amount of \$658.75 for the balance of wages alleged to be unpaid, George Dickenson of Eidsvold Township has had a writ issued against his employer, J. W. Hodgins, of the same township, in the county court office.

A CLEVER YOUNGSTER.—Little Francis Fallon, the 8-year-old youngster who efficiently managed a big farm tractor in the contest at Chatham on Thursday, scoring 52 out of a possible 100 points, is a son of Charles Fallon, 7th concession, London Township.

REUNION OF 20TH BATTALION.—Members of the 20th Battalion resident in London will be interested to learn that a smoking concert and reunion of the unit will be held in St. James's Parish Hall, Church and Adelaide streets, Toronto, on November 7, at 8 p.m. The concert will be given by the band of about 600 who gather to enjoy a program and fight their battles over again.

THREE MORE PERMITS.—Permits for three more residences were issued by Building Inspector A. M. Piper today. Dr. I. W. Wade will build a 13-room brick dwelling on Oxford street at a cost of \$2,800. E. Westland will erect a 12-story plaster street house on Ridout street, at \$3,900, and John Haskett will build a 1-story frame house on Holmes street, at \$1,500. These permits bring the total for the month to \$160,575.

POLICE KEPT ORDER.—Although London went wild during the carnival last night, no trouble that warranted an arrest was encountered by the police. The officers did good work in directing traffic, by preventing accidents, by ordering citizens off street cars on which they were "stealing a ride," and by preventing some of the rowdy element from going to extremes. Once a crowd attempted to hinder a Ford in its progress by holding it back, but one policeman was sufficient to break up this mob.

TO DISCUSS SALARIES.—Now that the election and the Prince's visit is over the various civic bodies will get down to their tasks once more. The first step in dealing with the salary increases for employees of the board of education likely will be taken today. No. 2 committee of the board meets at 8 o'clock, and among other matters likely will consider the request of school janitors to have their salaries increased. Public school, Collegiate and Technical School teachers are still waiting anxiously to see how their similar requests will be considered.

LAST TRIP ACROSS LAKE.—The last trip of the steamship which has been crossing the lake between Cleveland and Port Stanley for the past month and a half, will be made on Monday evening, when a cargo of goods for London and other Western Ontario cities will be brought over from Cleveland. The announcement was made this morning by Lieut. J. L. Clarke of the Pere Marquette Company. He explained that the scheduled trips were to be discontinued because of the contemplated strike of the coal workers in the United States, and because of the industrial trouble caused by the recent workmen's strike. The transportation service will not be resumed until the early part of next April, it is reported.

LONDON COLORED BOY GIVEN RING BY PRINCE

A London colored boy, Louis de Groat, was signally honored by the Prince of Wales at Calgary by the presentation of a ring from royalty's own hand.

The prince noticed Louis, who was one of the very few colored people present at the western reception, and had him brought forward. He shook hands with the London boy, and slipping a ring from his own finger, placed it in Louis' hand.

**O'CONNOR REFUSES TO

GROCERY COMBINE**

Agrees With Finding of Parliamentary Committee.
Ottawa, Oct. 24.—W. F. O'Connor, K.C., of the board of commerce, has given his decision in the application of the York Trading Company, Limited, of Toronto, to refuse the request for an investigation into an alleged combine of manufacturers and wholesale grocers.

Application was made for an order directing investigation into an alleged combine on the part of the manufacturers or the association known as the "Wholesale Grocers of Ontario," whereby the company has been unable to purchase goods from certain manufacturers.

The same complaint was made before the parliamentary committee on the cost of living, which rejected it as being one raised by a set of individuals in their own interests, as distinguished from the interests of the public generally. Mr. O'Connor agrees with the finding of the committee.

RUMANIA ASKS THAT BOUNDARY LINE BE MOVED TO THE WEST

Alteration Is Asked To Be
Made by Supreme Council.

Paris, Oct. 24.—Rumania's demands for a rectification of the frontier line in the determination of the western border of Rumania, have been refused by the supreme council of the peace conference, according to information received through French sources. Rumania, asked that she be given both banks of the Maros River, as far as Tisza, and the entire line of the Danube, be included within her frontiers, and that the boundary between Rumania and Hungary be moved westward to the fourteen miles west of the railroad running between the cities of Arad and Temesvar.

Under the territorial settlement, Rumania is given the province of Transylvania in its entirety, in Hungary, with an area of 120,000 square kilometers, and rich in minerals. **LOTS OF FOOD FOR
SOLDIER VISITORS**

Much food was left over after the soldier visitors from outside points had been fed at the Heights yesterday. The women of the different societies of the city were generous, and although the lunch tables had been prepared for the soldiers, there was enough to feed every man and woman who came to the Orphan's Home and the Children's Shelter this morning.

A great deal of the credit for the success of the carnival last night is given to the women of the different societies because of their co-operation with the wishes to thank them for the interest taken.

The Great War Veterans were in full charge of the program and the collection of last night. A sum of money was given by the city to finance the celebration, but the sum was not large enough to cover the expenses, so the balance was paid by the veterans.

Belgian Royal Complete Trip Across
American Continent.
Harrisburg, Pa., Oct. 24.—King Albert of Belgium and his party will arrive in New York this afternoon after their triumphant trip across the continent and back. Their only stop today was at Harrisburg, where they inspected the state capital. Later the king went for a brief visit to the Steelton plant of Bethlehem Steel Company, where the queen did not accompany the party on its trip about Harrisburg because of the weather, the streets through which the procession passed were lined with cheering throngs.

Queen Elizabeth advocates votes for women, but she does not believe in the equality of the sexes any more than in employing militant methods to obtain suffrage. She said so today in the first interview she has given in America.

NO EQUALITY OF SEXES.
"The war taught me," she said, "that there is no equality of the sexes. My husband was a soldier, and I was a nurse. So it was with all women. The future should see work divided along the same lines. When women are forced to earn their own living, I have no objection to their doing that for which they are best fitted, but those who do not need to work should learn hygiene and general hospital work, and should be social workers, librarians and playground instructors."

County Constable Alex. Shaver returned from Melbourne today bringing with him a tiny little ward of the Children's Aid Society, who with another boy had stolen a bicycle at Melbourne. The little lad had grown tired of riding on the handlebars and decided to spend the night with a farmer, who notified the police. The other boy kept plugging away on the "bike" and was last seen at Windsor.
