Lower Priced Issues Firmer And Some Advances Are Made

Better Undertone Exhibited by Some of the Cobalt Securities, but High Priced Stocks Continue Reactionary.

World Office, Friday Evening, Feb. 5.
Trading in Cobalts fell off considerably to-day and the markets did not all display the signs of activity which have been in evidence in the lower days. The undertone in the lower priced securities was a slight improvement over that displayed yesterday, but the other issues were still inclined to ease and lower prices were realized by La Rose and Nipissing.
Cobalt Lake was the speculative favorite and under a better speculative demand sold up to 10 1/2; a gain of nearly a point over yesterday's high figures. Rochester gained a point at 18 1/2; Beaver, Peterson Lake, Orlane and Timiskaming were firm; the other stocks were comparatively unchanged.
Crown Reserve was quiet and about unchanged; La Rose sold off to 4 1/2, a loss of ten points; Nipissing changed hands below the ten dollar mark, but firmed at the close, when quotations were 10 1/2.
The market at the close was dull and trading sentiment apathetic. The better tone manifested by some of the securities, however, is looked upon as a favorable sign by local brokers and it is said in certain quarters that the market shows signs of having worked to the low point and that a turn should now be expected.

DEPENDS ON FINANCES

Greville & Co. Take a Favorable View of Elk Lake Property.

Greville & Co. say in their market letter:
Otlane—Mr. Frank Loring, the managing director, recently expressed to us his utmost confidence that this property will make a good mine and reward the holders, and it therefore looks to be the present low price. Of course, a great deal depends on the finances and if the firm that is undertaking it, there is no reason why Mr. Loring's confidence should not be full. The annual meeting is on Saturday, when, no doubt, we shall hear all about it.
South Lorrain—The purchase by South Lorrain of an interest in the West-Laurier property means that the latter will be marketed by them through Abraham Jones & Co. in London, as was done by the Kerr Lake.

CONIAGAS DIVIDEND.

As has been anticipated the Coniagas directors will pass the dividend which was due on Feb. 1.
It was stated at the last meeting that 1484 additional shares of stock in the Coniagas Reduction Company would be subscribed for and for a that funds for this purpose provided in pre-arranged reserve would be sufficient to meet the immediate resumption of dividend disbursements.

New York Curb.

New York, Feb. 5.—The following quotations on the New York curb:
Argentine, closed 10, 200 sold at 10 1/2; 100 sold at 10 1/2; 200 sold at 10 1/2; 300 sold at 10 1/2; 400 sold at 10 1/2; 500 sold at 10 1/2; 600 sold at 10 1/2; 700 sold at 10 1/2; 800 sold at 10 1/2;
