The C.L.A. should follow in the foot-steps of the O.H.A., and have the schedules of the different groups in the rule-book. A little co-operation on the part of the lacrosse clubs, as shown by the work of the hockey conveners this last few days, would prove bene-ficial to all concerned.

Tommy Phillips is on his way east to Montreal, but as Tommy has been asked to stop off at Ottawa, he will tely find Bytown the terminal point of the hockey situation. Phillips wants clubs of from Ottawa for the season, and 1500 from the Wanderers. The climate must be healthier in Pleasant-wille

A correspondent gives pointed dope on the Burns-Palmer match. He saw the fight between Palmer and Mike Williams in Johannesburg, South Africa, some two years ago, in which the latter made pulp of the former, also the fight between Mike Williams and Squires in Australia, in which Williams was knocked out in the first round, and it follows that, as Palmer went to South Africa and was beaten by Williams, Williams went to Australia and was beaten by Williams, Williams went to Australia and was beaten by Squires, Squires comes to America and is winged by Burns, Palmer stands no chance of beating Burns.

NOTE AND COMMENT The meeting in Victoria Hall last hight, when Messrs. Nesbitt and Geary appeared before their Tory friends, made it appear that these candidates are laboring in the mayoralty race, and that one Joe Oliver is away ahead, round the bend in the track, out of sight in the lead, as it were. Nesbitt and Geary are trying to make believe that each will have a cinch. Mr. Oliver is going on ahead about his business, with a solid party support. His friends never mention his politics, but they'll be in line to a man, and it now looks as if the Urquhart-Howland-Lamb incident will be repeated. There are all contents of the field with ten days.
