

## POULTRY EXHIBIT IS THE BEST YET

Six Thousand of Best Birds on Continent at Guelph Winter Fair.

Guelph, Nov. 30.—While the official opening of the great winter fair has not yet taken place, and the visitors from all over the province will possibly not arrive in any great numbers until Monday, the fair is getting pretty well under way, and Secretary R. W. Wade and his staff are busy as bees.

There is one department which is completed, that being the poultry show. There are over 6000 of the finest birds in the Dominion of Canada and the United States on exhibition in the winter fair buildings, and until a late hour last night the men worked getting the birds into the coops, and then bright and early the judges started at their work. Never before was the competition so keen as this year, and the awards are being anxiously awaited. It is expected that all the poultry will have been judged by Saturday evening at the very latest.

The greater portion of the poultry judged today was the pigeons, pet stock and water fowl. There were many entries in these classes, and the judges had a very busy time in deciding the winners.

The dairy test began at 9 o'clock last night with but 54 cows. There were 24 entries, but for some reason or other 20 of them failed to put in an appearance. The test will continue until Sunday evening, and the results will probably be announced on Monday afternoon.

The sheep were about half in the building this morning, the swine in about the same proportion, and the horses and fat cattle are beginning to arrive. They have until Saturday night to get into the building.

A new feature at the fair this year will be moving pictures of agricultural subjects. This is being taken care of by the treasury department of the Ontario Government, and will be held in the council chamber beginning on Monday.

### DIPHTHERIA IS CONQUERED.

Lowest Mortality Rate on Record in Province This Month.

During the past month there have been 37 cases of smallpox in the province. There has been a slight decrease in the number of cases of communicable diseases, although the proportion of deaths thereto has been higher. Cases of spinal meningitis are almost double what they were last year, but there were fewer cases of infantile paralysis, diphtheria, measles and typhoid fever show a decrease. The case mortality in diphtheria death rate is the lowest on record, being 37 deaths in 100 cases. The provincial board distributed free of charge for the month 26,051,000 units of antitoxin to the different parts of the province wherever the disease was reported, at a cost of \$200,000. No doubt, has brought the death rate down to the lowest point on record.

### PARCELS FOR SOLDIERS.

Returned Man Makes Suggestion for Benefit of Others.

Suggestions that extra care be taken by soldiers at the headquarters of battalions in England of parcels sent to members of the units are made by Pte. G. Moore, 37 Ontario street, who has just returned from overseas after going across with the 129th Battalion. He says parcels mostly always arrive at the battalion headquarters, but there they go astray. In his own case he knows of at least 20 parcels sent to him of which he got only six. Now that the Christmas season is coming on and thousands of extra parcels will be sent across, he thinks warning should be issued that greater care be taken that these be delivered to the addressees.

## Clear, Peachy, Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place! Instead of the thousands of sickly, anaemic-looking men, women and girls, with pasty or muddy complexions; instead of the multitudes of "nervous wrecks," "rundowns," "brain fags" and pessimists, we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headaches, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated every day are urged to obtain a quarter pound of limestone phosphate at the drug store, which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

## QUIT MEAT WHEN KIDNEYS BOTHER

Take a Glass of Salts if Your Back Hurts or Bladder Troubles You.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid, which excites the kidneys, they become overworked from the strain, get sluggish and fall to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast, and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

### ROTARY CLUB MEMBERS PURCHASE MANY BONDS

Harry Lauder Sings While Rotarians Subscribe at Luncheon Where Singer is Guest of Honor.

Harry Lauder and members of the Toronto Rotary Club did their "bit" in glorious fashion when at the luncheon of the club yesterday, at which the Scotch singer was the guest of honor, the grand total of \$122,700 was rolled up for the Victory Loan campaign.

Enthusiasm ran high and the spirit of patriotism rose "fast and furious," when after a very effective speech Scotland's greatest comedian was asked to sing "Good Bye Anna," with the fee of \$15,000 attached. Lauder, however, would only sing the chorus for that amount, the whole song being appraised at \$100,000. Seized with the spirit, the Rotarians rolled in their thousands, the inimitable singer luring on the contributors with promise of another song, which was only obtainable at the sacrifice of thousands of bonnie bowties.

As a sample of the salesmanship displayed, Hamilton B. Willis invested altogether \$100,000. He first committed himself to the amount of \$50,000, and when someone offered to subscribe \$5000 if Lauder would sing a song, Mr. Willis followed the offer up with pledges of \$15,000 and \$35,000 for two other songs, making \$100,000 in all.

Mr. C. O. Oster subscribed for \$1000 in Victory bonds for the million pounds sterling Lauder found for wounded and sick soldiers and sailors.

### CHARGES ARE DEFIED BY THE ARCHBISHOP

Kingston Prelate Says Case is Now Before the Highest Ecclesiastical Court.

Kingston, Ont., Nov. 30.—Archbishop Spry, on the occasion of the sixth anniversary of his consecration, made a statement in St. Mary's Cathedral this morning in regard to the case of Sister Mary Basil, who sued him and other Roman Catholic defendants for \$29,000 for abduction and assault, and who was awarded \$20,000 by a jury. His grace declared that he did not come into the suit to apologize for any fault or default. "I stand here," he said, "to defy every charge that has been brought against me, fully conscious of the responsibility of such a declaration."

"The case," he said, "is at present before the highest ecclesiastical court in Rome. This was the only court competent to pass judgment on our actions in such matters. We are prepared to abide by the decision," he added.

Regarding articles and reports in the press, he said, "If this unfair, unjust, biased and bigoted attitude is persisted in we will be obliged to have these papers closed with The Manager and other anti-Catholic organs, and in the exercise of our episcopal office declare that they be excluded from every Catholic home in the archdiocese."

### LEAVES OVER TWO MILLION.

That the late W. R. Brock left an estate of \$2,464,135 is shown by the inventory of assets filed with the will in the surrogate court. The will, which was made on February 9, 1915, after providing for the upkeep of the widow and three daughters, and allowances to them, directs that the residue of the estate at the end of three years from the testator's death shall be divided in equal shares between the sons and daughters of the testator. The widow, Mrs. Margaret Brock, and three sons, Henry, R. A., and William L. Brock, are appointed executors, and they are requested to associate with them the Toronto General Trusts Corporation and Mr. R. S. Cassels, K.C., in an advisory capacity. The executors are given full power to retain the shares and interest of the testator in the W. R. Brock Co., Limited.

### A VIGOROUS CAMPAIGN

Special to The Toronto World. The Union campaign is conducting a vigorous campaign in Peel, and is receiving generous support from many prominent Liberals as well as Conservatives. There is a large woman vote in the county. The wives and others of the soldiers are enthusiastically supporting the Union government. Public meetings will be held as follows: Cooksville, Dec. 1; Malton, Dec. 2; Caledon East, Dec. 3; Caledon West, Dec. 4; Port Credit, Dec. 5; Bolton, Dec. 10. The Liberals have not yet announced their meetings.

"Shall Canada's effort in this war be maintained or withdrawn? Such is the issue."

Sir Robert Borden, at Halifax

# United in the Cause of Liberty

UNION Government in Canada clearly became necessary for the successful prosecution of the war. In it are united the representative men of the two great political parties.

These men have joined forces to make Canada's effort in the war most effective in the support of our men at the front with additional forces, and to direct and control the industrial and economic life of Canada to the one end of winning the war.

If this policy represents your judgment of Canada's duty, you should

# Support Union Government

Four hundred thousand of Canada's manhood have gone into Khaki. THEY are united in the cause of liberty. Today the insistent, the imperative call is for an additional hundred thousand reinforcements. The policy of Union Government is to raise this force quickly and impartially under the provisions of the Military Service Act.

## The Election Issue is Clear

If you are in favor of supporting the men at the Front you will vote for the Unionist Candidates. If you prefer that our soldiers should NOT receive the reinforcements they so urgently need, the Referendum proposed by Sir Wilfrid Laurier and his adherents is the instrument through which you can sacrifice the men already at the front, who have set aside their business ambitions and have given up their home life and loved ones in the defence of YOUR liberty, and indeed, the liberty of the world.

There can be only one course for every Patriotic Canadian—Support the Unionist Candidates

The Unionist Party Publicity Committee

### SADDEST THING OF WAR

Prof. McNaughton So Characterizes Lord Lansdowne's Letter.

Prof. John McNaughton of McGill University delivered a patriotic address at the luncheon of St. Andrew's Society, held at the Queen's Hotel yesterday. Referring to the relationship between the Celtic and Saxon races in Scotland, the speaker said that they were meant to supplement each other, so well did they blend. "Would to heaven they would do so in Ireland," said the professor, "and in Canada, too."

He deplored Lord Lansdowne's letter on peace, and claimed that his lordship had joined the Bolsheviks. "It's the saddest thing that has happened in the whole war," and he added.

MURINE Granulated Eyelids. Sore Eyes, Eyes Inflamed by Sun, Dust and Wind quickly relieved by Murine. Try it on your Eyes and in Baby's Eyes. YOUR EYES No Smearing, Just Eye Comfort. Murine Eye Remedy is a Pure Drug. It is not a Salve, in Tubes, etc. For Sale by All Druggists. Ask Murine Eye Remedy Co., Chicago.

### COL. BRUCE SUBSCRIBES.

Among the large subscriptions to the Victory Loan received from those not present at the Rotary Club luncheon yesterday the one which was received with the greatest enthusiasm was the announcement by E. L. Ruddy of a cable sent to Victor Ross by Dr. Herbert A. Bruce, now a colonel, and one of the twelve consulting surgeons with the British army in France. The subscription was one of \$5000, and supplemented an initial purchase of the bonds by Col. Bruce. He is the only overseas medical officer and the youngest of the twelve consulting surgeons in the British expeditionary force in France.

### Disappointing Audience Sees "Secrets of Queen Will o' Wisp"

"The Secrets of Queen Will o' Wisp," a dainty fairy play, was presented last night in Massey Hall under the auspices of the Secours National before

a decidedly disappointing audience. The presentation, given under distinguished patronage, was most exquisitely put on and merited a capacity house, which should be the order at tonight's performance.

The story was staged after the fashion of an old-fashioned English pantomime, and was the fantastic conception of Franka Moreland Davis, in which were recounted the experiences of Marjorie and Dick in Wonderland, where fairies rule the living day and nobody is ever unhappy.

In the four beautifully staged acts scores of pretty and talented children danced and sang their way thru fairyland on a midsummer's night in honor of the Queen Fairy and all her handmaidens. Included in the splendid cast were Misses Veta Crooks, Helen Codd, Clara Nesbitt, Ethel Colborne, Audrey MacPherson, Elsie Latimer,

## PARENTAGE A MESSAGE

Rita Moreland Davis, Margaret Franklin, Doris Fox Griesman, C. Buthan, Franka Moreland Davis and Master Ayimar Moreland Davis. The performance will be repeated Saturday afternoon and evening.

TO KEEP RANGE LOOKING NICE. To keep the kitchen stove top clean: Purchase a blackboard eraser, pour on a small amount of olive oil or lard and use this to clean off stove. Keeps the stove black and fingers clean.

Doctors Recommend BOND OPTO for the Eyes

Physicians and eye specialists prescribe Bond-Opto as a safe home remedy in the treatment of eye troubles and to strengthen an eyesight. Sold under money refund guarantee by all druggists.
