#### **BAT NELSON ASSUMES** ROLE OF PACIFIST

Chicago, Nov. 3.—Oscar Matthew (Battling) Nelson, former lightweight boxing champion, was arraigned in a Chicago court accused by James O'Neill, a street car conductor, of refusing to pay his fare after he had been told his transfer was no good. He was dismissed by the judge, who decided that the evidence was not sufficiently convincing. who decided that the evidence was not sufficiently convincing.

"I might have given him a transfer that wasn't good." Nelson told the judge, "but it was the one another conductor had given me. If he had asked for a nickel in a nice way I would have given it to him, but he got nasty about it.

"He tore the lining of my coat trying to push me off the car, too. I've licked many a man for less than that."

# UNIVERSITY COLLEGE

Four Point Victory in Mulock Cup Fixture at Varsity

University College and Victoria had a tidy argument in their Mulock Cup fixture at Varsity Stadium yesterday. Arts were the winners, 15 to 11, and came from behind toturn the trick. Drulard, the lame player, of U. C., was again bright shining light, and went over for a try in the opening quarter.

Three minutes after the start Vic. went over for a try and U. C. were in the hole. Drulard finally managed to get over before the teams changed ends, and the quarter time score was five all. Arts scored five points in the second quarter, while Vics were held without a point. Victoria forced a rouge in the third seesion and this left it 10 to 6 for U. C. when they straightened away for the final quarter.

The last bout was not long under way when Flynn galloped over for a try. Victoria adde five before the finish to leave the final score 15 to 11.

### Expect Portland Will Repeat in Coast League

mature to discuss the strength of the clubs but Portland folks are aiready on the job in this respect. According to word received this week from the Rose City, the fans are looking forward to the Rosebuds repeating their success of last season. And the dope is worth white noting. They'll have all the champs back again with but one exception. And if all hands are right the Buds will make all hands hustle. In Oatman and Tobin they have two of the most aggressive forwards playing hockey today. When they're going good it takes a stonewall defence to keep them out. Then there will be "Moose" Johnson, "Smoky" Harris and Tommy Dunderdale, besides Uksila and Barbour, substitutes last season, who may be given a chance in regular company this season.

### Racing in California Opens Next Saturday

San Francisco, Cal., Nov. 3.—H. A. Houser, secretary of the Lower California Jockey Club, has arrived from San Diego for a visit. He reports things booming at the Tia Juana track in preparation for the opening of the meeting Nov. 11. Carloads of horses are arriving daily from all sections of the country, he reports, and by the date of the opening it is expected that there will be 1500 thorobreds quartered at the track.

"Many improvements have been made on the track since we closed down." says Houser. "The mile track has been recushioned and should be even faster than before. A new clubhouse has been rected and a club, composed of members of the exclusive Coronado set has been formed. The place has been beautified in many other ways.

"Indications point to one of the greatest meetings ever given on the western turf. San Diego merchants, who were at first opposed to ouer racing plant, are now behind the movement to make it a success. When I left the track President James W. Coffroth had a corps of assistants at work handling the volume of business."

# CYCLONE FRED TAYLOR

Famous Player on Retired List -Coast League Will Lose Many Stars.

Word comes from the Pacific Coast that the great and only "Cyclone" Taylor has retired from hockey for keeps, fred has retired more often than Mme. Bernhardt, but this last withdrawal appears to be honest-to-goodness. It is hard to realize the old Listowel flyer will live up to his threat. He showed last year he was as good as ever by leading the scorers on the coast.

The following from the Vancouver Sun would indicate many coast players will be out of the game this winter:

"Charley Tobin of the Portland Club is working in the Ford factory at Detroit at wages considerably more than the salaries the P.C.H.A. pays, and will probably not be in a Rosebud uniform this year. Art Dunean of the Vancouver Club has enlisted, and will play with the military team in the N.H.A. Uksila, spare man on the Portland Club, is making so much money as instructor in San Francisco winter garden that he will stay there thruout the winter. Barney Stanley, the speedy forward of the Vancouver team, is manager of a big dairy in Edmonton now, and will be unable to get away. Fred Taylor has retired from active hockey and "Si" Griffis stated in a recent interview that business will not permit him time to play this winter. Bobby Genge of the Victoria Club, which has been transferred to Spokane, will not leave his job in Victoria.

of the Seattle team has enlisted."

A Preston despatch says: The annual meeting of the Preston Hockey Club last night was the targest attended hockey meeting that has been held in town in some years. It was decided that teams would be entered in both the O. H. A. and Northern League. Judging by the amount of hockey material there is in town, teams could be entered in all the series of both leagues. Training will commence the first of next week. The following officers were elected:
Honorary president—Charles Sachs.
President—Frank Church.
Vice-president—Frank X. Bieller.
Secretary-treasurer—Alvin H. Schlegel.

Managers R. B. Osgood and H. H. Honnith.

Executive committee—F. Pattinson, R. E. Knafe, W. Halberstadt, W. Lawrason, A. Kinder, R. A. Holden, I. Bowman and F. Trushinski.

W. Halberstadt will manage the juniors again this season, and his assistant

Canadian newspapers than any individual player of anything—not even excepting Ty Cobb. Waiter Johnson, Tris Speaker. Muggsy McGraw and other celebrities. Now Newsy appears to be about to get another avalanche of publicity. For last year's leading scorer in the National Hockey Association race is dickering about his contract with the Canadiens. Up to date not much progress appears to have been made with the redoubtable "Newsy." That he will figure on the Canadien line-up eventually seems a reasonably safe bet at odds-on. In the meanwhile, and until the beginning of the practice season, it may be taken for granted the negotiations from "Newsy's" end will be conducted thru all the weather bureau stages from "cold and stormy and holding out" to "set fair and signed."

## Hundred New Curlers

Winnipeg, Nov. 3.—Granite Curling Club members were well represented at its semi-annual meeting and judging from the enthusiasm displayed on all sides, the Mother club is in for another banner seasin's play. A pleasing feature of the gathering was the report of ten teams that have been quietly working for the past week on a membership campaign as it was stated 101 new members were secured about 50 more assured. Many of the new members were present and were made feel at home, President Wilson emphasizing in his address that the executive hoped new members would always be active in their games and make themselves acquainted so as to enjoy fully the many privileges of the club. The scason's play will open with a army and navy veterans' bonspiel on patriotic lines. The veterans to receive fifty per cent. of the receipts and the balance to be divided between patriotic funds. The army and nacy people will secure four prizes.

#### BARNEY IS SUSPICIOUS OF JOHNSON'S MOTIVE

Barney Dreyfuss is strongly in favor of the plan to have Garry Herrmann de-posed, but the Pirate president does not show any marked enthusiasm over the statement of Ban Johnson. Mr. Dreyfuss believes that Johnson may have an ul-terior motive behind his remarks. Said Barney:

Barney:
"Of course, I'm in favor of relieving
Herrmann of his duties, but Johnson's
words carry a peculiar trend to me. It
would be a fine move to get a new chairman, but the plant should not stop there,
by any means. by any means. The entire commission that decides baseball cases should be non-partisan, the same as the judges of our judiciary. It ought not to be composed of baseball men."

FRANK CHANCE SIGNS TO MANAGE LOS ANGELES.

Chicago, Nov. 3.—That Frank Chance will not come back to the major league next season and is more than satisfied with his success in the Pacific Coast League was learned when Chance affixed his signature a few days ago to a contract that calls for his services as manager of the Los Angeles again next season. Chance acknowledged that he had several offers from major league clubs, but decided to overlook all of them.

A hint comes from Brooklyn that it wasn't excessive liberality on the part of the Dodger players that gave Lew McCarty a share of the world's series spoil. The Brooklyn players would have thrown McCarty down, but the club had told him he should share if the pennant was won when he consented to the trade that sent him to New York—and when it came to dividing up the players were informed that the promised bonus must come out of the players' share. While the Dodgers were making the world's series money, McCarty was out with the Giants barnstorning, and on this trip he picked up several hundred dollars. What did the Brooklyn players do but order him to account to them for this money, before they would agree to let him share in the big series pot!
