

HELDENA CLEANS UP MOTOR BOAT RACES

Contest for Special Exhibition Trophy Yesterday Very Exciting.

IRIS CLOSE SECOND

Directors Promise to Have Boat That Will Defeat Winner Next Year.

A cloudy sky, but nice water for racing, greeted the motor boats in their last race at the Exhibition this year. A large crowd lined the sea wall to witness a perfect start. Heldena II, Iris II, and Marco going over the line in a heap with Marco showing a slight lead. Heldena passed into first place at the first buoy and finished the first round leading Iris II by a few seconds. Marco, third, over a minute back. Heldena seemed to make her gains on the Iris on the turns, and on the runs she maintained what lead she had. All the boats traveled very consistently as the times on the different rounds will show.

Heldena II won in grand style, with Iris II, less than a minute behind her. This makes a clean sweep for Heldena II, and she can deservedly be classed as the unbeaten Canadian champion.

The weather has been ideal at all of the races and finer lot of races than this year's program could not be imagined. The committee in charge promise that next year, the fastest hydroplanes in the world will appear at the fair, and the Canadian owners say: "Let them come, we'll hang on to the trophies just the same."

All the races have been singularly free from anything approaching dissatisfaction, and the judges say that never have they seen finer sportsmanship displayed than at these races all thru.

Following is the result of the race: Heldena 34.47; Iris II, 35.31.

CHILDREN UNDER FIVE RIGOROUSLY EXCLUDED

Chief Inspector Cowley Sends Circular to Principals Urging Strict Observance of Rules.

"Principals are now requested to observe accurately the provisions of the bylaws of the board and to admit no pupil even a day under five years of age, whether to kindergartens in the schools or elsewhere, creches included."

This circular, received by the principals of the various Toronto schools from Chief Inspector Cowley, caused considerable trouble in practically every school in the city. Little ones were brought by parents, but every principal stuck to the letter of the law, even if the child was but one day under the limit.

Many of the parents were very indignant over the ruling of the chief inspector.

REPORT IS DENIED.

"You have my authority to deny that statement," said Sir John C. Eaton yesterday regarding the report that he would succeed Major-General D. A. McDonald as quartermaster-general of Canada. It is all news to me—it is the first I have heard of it.

THREE THOUSAND GREET BIG WAR CONTINGENT

Accommodation at Y.M.C.A. Proves Inadequate for Crowds Attending Reception

Close on to three thousand people were at North Toronto station yesterday morning to take part in the welcome ceremonies when 230 returned soldiers arrived back from overseas service. It was the largest contingent yet to return to Toronto, and received a most enthusiastic reception from the great crowd of citizens which overflowed the station and concourse. The brass band of the 12th York Rangers and a company of Royal Flying Corps and United States Flying Corps members took part in the welcome. About a hundred motor cars and eight street cars were used to carry the soldiers and their relatives from the station to the Central Y.M.C.A. building on College street, where the formal civic welcome was tendered.

The big Y.M.C.A. building proved inadequate to accommodate the record number of returned men and their friends, and Mayor Church and other civic officials are considering the advisability of using the Arena for future receptions of the larger contingents.

Those who welcomed the soldiers at the station and the Y.M.C.A., included Mayor Church, W. K. George, A. Hewitt, J. J. Walsh, G. J. Howell, Controller Cameron, Ald. S. Rydman, Ald. McMullin, Major Dixon, Rev. J. A. Turnbull, Mayor Burgoyne of St. Catharines, J. B. Laidlaw and T. B. Lee.

Only three speeches of welcome were made, these being by Mayor Church, on behalf of Toronto; W. K. George, for the military hospitals commission; and J. B. Laidlaw, for the soldiers' aid commission.

Several of these in yesterday's contingent wore decorations won on the field of battle.

Pte. G. Daniel of 245 Ashdale avenue was awarded the Military Medal for his great bravery in the action near Hill 60, when he twice went out into No Man's Land and brought in wounded under fire. He has been overseas for more than a year, over six months of the time being spent in France.

Lance-Corporal Richard Blunt also came back wearing the Military Medal. It was awarded for good sniping work at Ypres. Since he went overseas, in May, 1915, he has fought at both Ypres and the Somme.

TRIBUNALS RECEIVING APPLICATIONS ALREADY

Relatives of Those Liable for Conscription Put in Exemption Claims.

Toronto members of the conscription tribunals are still awaiting instructions as to the final constitution of the various boards in the city and the general line of procedure to be followed in granting exemptions. Until those instructions are received they decline to express any opinions as to what may or may not be done.

For the purpose of securing fair decisions and uniformity of the members of the heads of tribunals in Toronto and possibly elsewhere will likely be held at an early date.

A few applications for exemption have already been made, principally by friends and relatives, determined to lose no time in saving their kin from conscription.

Packing House Investigation Will Be Continued Monday

Chairman Henderson of the Dominion commission appointed to investigate the business of Toronto packing houses in regard to the bacon export trade, who along with the other members of the commission, in their session held an informal meeting in

Gas In The Stomach Is Dangerous

Physicians Recommend the Use of Magnesia.

Sufferers from indigestion or dyspepsia should remember that the presence of gas or wind in the stomach invariably indicates that the stomach is troubled by excessive acidity.

This acid causes the food to ferment and the fermenting food in turn gives rise to noxious gases which distend the stomach, hamper the normal functions of vital internal organs, cause acute headache, interfere with the action of the heart, and disarrange the blood stream with deadly results, which in time must ruin the health. Physicians say quickly by dispel a dangerous accumulation of wind in the stomach and to stop the food fermentation which creates the gas, the acid in the stomach must be neutralized so good as a teaspoonful of pure bisulphated magnesia taken in a little water immediately after meals. This instantly neutralizes the acid, thus stopping fermentation and the formation of gas, and enables the inflamed, distended stomach to proceed with its work under normal conditions. Bisulphated magnesia is obtainable in powder or tablet form from any druggist; but as there are many different forms of magnesia it is important that the bisulphated which the physicians prescribe should be distinctly asked for.

Toronto yesterday and handed out a statement of the commission in the case of the meeting, stated that the investigations of the accountants up to date had been completed and that the hearing at the city hall, Toronto, on Monday, September 17, No effort he said, had been made to expedite the result, but the ramifications of the companies were so extensive that the work had proved to be a much greater task than was originally expected.

Mr. Henderson returned to Ottawa last night, but his colleagues will continue today to investigate the accountants' interim record.

NORTH TORONTO CANDIDATE.

John A. Tory, supervisor of the Sun Life Assurance Company, for Ontario, has been requested by many Liberals of North Toronto to contest that riding at the coming federal elections. It is probable that Mr. Tory will consent.

JAILED FOR SELLING LIQUOR.

William Lawson appeared in police court yesterday morning for the second time on a charge of selling liquor, and was sentenced to serve six months in jail by Magistrate Denison.

Semi-ready Tailoring Styles for this Season.

Here are a few of the new models in the Genuine Semi-ready Tailored Suits and Overcoats for the Fall and Winter Season of 1917. The Fashion Portfolio shows about 40 styles, and over 500 different weaves are shown, chiefly in British weaves, but some are the finest product of the Made-in-Canada looms. The prices vary from \$18 to \$45—the cost of the wool making the cost shown in the price label in the pocket. The label marks the genuine Semi-ready Tailoring as made by the Semi-ready Company in their specialized wholesale tailoring shops.

POST-MORTEM REVEALS CAUSE OF GIRL'S DEATH

Dr. G. Silverthorn Finds That Mabel McReynolds Was Choked by Piece of Food.

The investigation conducted by the police into the death of Mabel McReynolds, who died on Wednesday morning in St. Michael's Hospital, has been concluded. Miss McReynolds was taken suddenly ill after attending a theatre party, and died shortly after being admitted to the hospital. Doctors were unable to state what the young woman had been suffering from. The post-mortem examination conducted by Coroner McCollum and Dr. G. Silverthorn showed that a piece of food lodged in the larynx had choked her to death. The death certificate signed by Coroner McCollum states "that she died of an obstruction of the larynx of a few hours duration, and that it was accidental." The body was shipped to Grille for burial. It is likely that when the juryman appear on Monday night to attend the adjourned inquest they will be instructed to return a verdict of accidental death.

GRAND DUKES TO BE EXILED.

Petersburg, Sept. 7.—The government has decided to exile abroad, as a result of the recent exposure of a counter-revolutionary plot, Grand Duke Michael Alexandrovich, Grand Duke Paul, Mrs. Yirubova, confidant of former Empress Alexandra; former Minister of Interior Khvoostov, and the former Palace Commandant, Voytkoff. Former Premier Sturmer's secretary, Manassevitch-Manulov, was sent abroad yesterday.
