DEMOCRATS FAIL TO NOMINATE AFTER 22 BALLOTS TAKEN

HON. ARTHUR MEIGHEN SEEMS BORDEN'S CHOICE

Thought Likely That Premier Will Nominate Him for the Succession—No Word From Sir Thos. White—No Election Probable Until After Redistribution.

Ottawa, July 4.—(Special).—Owing to a change in political conditions it is quite probable that the successor to Sir Robert Borden will be announced sooner than expected. It may now be looked for on Thursday and probably a day earlier. It is conceded that Hon. Arthur Meighen has made practically a sweep in the polling of the members. His support is placed at not less than eighty per cent. There can be little doubt unless some unforeseen contingency arises that he will be named as successor to Sir Robert Borden.

No one seems to know what, if any, negotiations have taken place with Sir Thomas White.

Sir Henry Drayton has received a fair measure of support, chiefly from Montreal. Like Hon. Arthur Meighen, he has not been active in the contest, but has been made a competitor by friends and admirers.

Position of Various Ministers. The position of the various ministers is becoming more clearly defined. Sir Henry Drayton was made a candidate by friends, and without his consent. Sir George E. Foster has many staunch friends who would like to see him prime minister. It is known that Sir George intimated under no circumstances would he assume the task, but that if desired he would give his best in support of the new leader. Hon. N. W. Rowell, if he retires, does not intend to go to Washington, but he is fitted for this important mission. He may not retire at all. If he can secure the support of his friends he will remain and support whoever is elected.

Hon. A. L. Sifton asked Sir Robert Borden to relieve him of his portfolio. Hon. Mr. Sifton is broken in health. He remained to save the prime minister from further worry. His health has prevented his active participation in debate, but in council his clear judgment has been invaluable. He has not made known his intention, but may remain. Hon. Martin Burrell will (Continued on Page 7, Column 2).

WINNIPEG ELECTION VOTING ANALYZED

Secretary of Proportional Representation Society Tells of the Result.

Winnipeg, Man., July 4.—Ronald Cooper, of Ottawa, honorary secretary of the Proportional Representation Society of Canada, who had charge of the counting of the proportional representation election, has issued a statement on the working of the new system says:

The Winnipeg proportional representation election just concluded, which forty-one candidates contended for ten seats, has clearly shown that a ten-member constituency may be just as practical as a smaller one, provided that the staff engaged to sort the ballots is competent and well trained. The personnel of the Winnipeg counting up by the new system, as desired in these respects, and it was this that made possible the announcement in less than four days of the result of the election, and the re-sorting of nearly 48,000 ballots.

The average number of all men engaged in the work was thirty-four. (Continued on Page 5, Column 5).

SEWERS SEARCHED FOR SMALL'S BODY

Authorities Seek Remains of Missing Millionaire in the Vicinity of Rosedale.

As the result of seemingly reliable information, laid before the city works department last week, that the dead body of Ambrose J. Small, the missing theatrical millionaire, had been shot down one of the sewer manholes in the Rosedale district, near the railway, a thorough search of all the sewers has been made.

On Saturday last every sewer on the high level was flushed by a high pressure of water, and a net was placed on the lower level end, where the sub-sewers flow, and which sewer, to catch anything that might be washed down. Altho the work took several hours to perform, and every article caught up by the net examined, no trace of the missing man was discovered.

NOTED EGYPTIAN ARRESTED IN CAIRO

Cairo, Egypt, July 4.—Abdel Rahman, secretary of the local committee of the Egyptian delegation headed by Said Zagolou Pasha which is now in London, negotiating with Viscount Milner, British secretary for the colonies, has been arrested. The prisoner is lodged in the Kasr-el-Barrakia. Important developments are said to be expected in this case.

MAKING CANADA'S FUTURE AIR FORCE UNPROFESSIONAL

Recommended at Convention—Training Camps to be Open the Year Round.

TO TRAIN AT BORDEN

Winnipeg, July 4.—Canada's future air force will be wholly unprofessional and will number 5,000 if this and other important proposals made at the closing session of the Canadian Air Force Association convention held here last night, is approved by the privy council.

According to the recommendations made at the convention, each man will have to train for one month in every 24, but if he volunteers for a longer period, the convention agreed that he should receive a higher rate of pay than for the regular training months.

To Train at Borden. The volunteer will be provided with uniform and his expenses and pay will be paid from the time he leaves his home, and he will be able to choose whatever time best suits his convenience for training. The training centre, of which Camp Borden is the first, and at present the only one, will be kept open all year round.

Commodore Tylee explained that the privy council, the association would arrange for the training of the monthly quota from each province at times selected by the individuals concerned.

Equal Chance to Command. The highest commands in the air force will be held by officers who will remain in command for one year or less, so that every officer will be able to look forward to exercising the highest commands.

Commodore Tylee stated that already some applications for command of the Royal Air Force officers, but the association decided to ask the air board to extend the time for making applications, which closed on June 3, until July 31.

ROYAL PRIZE WON BY ALBERTA HORSE

West's Percherons Take All Honors at Great British Show.

Calgary, Alta., July 4.—That Alberta bred Percherons won first, second and third prizes at the greatest live stock exhibition in the world, the Great British Show, London, England, was the information received by George Lane, owner of the famous Bar-U ranch, Saturday morning, in a cable message from W. L. Carlisle, manager of the Prince of Wales Alberta ranch properties.

The cablegram reads: "Perfection, first; Paragon, second; Nettie, third, at Royal Show." These are the first Canadian Percherons to win at the Royal Show, and the satisfactory feature is that both Paragon and Perfection are Alberta-bred stallions and their dams were Alberta-bred.

GENERAL MEETING HYDRO ASSOCIATION TO PROTEST DELAY

Called For Toronto, July 8—Arises Over Guelph Radial Purchase.

SEND WIRE TO DRURY

Special Cable to The Toronto World. Guelph, July 4.—That the delay of the provincial government to issue the necessary orders-in-council, providing for the transfer of the Guelph Radial Railway to the Hydro-electric Power Commission, combined with the press reports as to opposition in certain quarters to allowing municipalities to purchase the Toronto & Eastern, the Niagara, St. Catharines & Toronto, and the Toronto Suburban Railway from the Dominion government is being regarded to stir up somewhat of a temper, is evidenced by the fact that Mr. J. W. Lyon, president of the Hydro-electric Association, has been fairly swamped with messages from all over the province of Ontario, requesting that a general meeting of municipalities be called early next week to discuss the matter in all details and find out who is responsible for the interference with the rights of municipalities.

Lyon, in response to these requests, has issued a call for a general meeting to be held in the city hall, Toronto, on Thursday, the 8th inst., at one o'clock, Mr. Lyon's call for the meeting reads as follows: "Special emergency meeting, city hall, Toronto, Thursday, July 8, one o'clock, day-long session. The Hydro-electric Association, in proposed purchase of Niagara, Toronto and Eastern Railway, Toronto Suburban Railway and Guelph Radial. (Continued on Page 2, Column 5).

Terrific Storm at Niagara Causes Big Loss of Fruit

Report Half of Grape Crop Destroyed—Several Inches of Rain in One Hour—Stamford Township Worst Sufferer.

Niagara Falls, Ont., July 4.—(By Canadian Press).—A terrific thunder and hail storm yesterday afternoon caused the loss of fully two-thirds of the local fruit crop. Several inches of rain fell inside of an hour and hailstones as large as walnuts broke windows and even made holes in wooden roofs. Stamford Township was the storm centre, and received the greatest damage. An old resident, eighty years of age, spoke of it as the "worst storm in memory."

Fifty per cent. of the grape crop is destroyed, while two-thirds of the plum, cherry and apple yield is gone. Peaches were torn down, and those left look as if they had been hit by a stick with a nail in it.

IRISH SOLDIERS MUTINY IN INDIA; SOME ARE LOYAL

Disturbed by Late News From Ireland Connaught Rangers Lay Down Arms.

MEN NOW UNDER GUARD

London, July 4.—Three-fourths of a battalion of Irish Connaught Rangers, stationed at Jullundur, in the Punjab, India, mutinied following the arrival of news of recent events in Ireland, according to a despatch from Simla, under date of July 2, to Reuters, Limited.

Upon receipt of the same news at Solan, in the Simla hills, another detachment is reported to have attempted to seize arms and ammunition, the despatch says, adding that guards killed two of the men and wounded one.

The despatch says that when the last mail reached the troops they became greatly excited, and the decision to lay down their arms and ammunition. Altho remaining entirely respectful to their officers, the men explained their sympathies with their friends in Ireland. The troops now are separated in camp, under the strict guard of a British regiment.

Following the drastic action of the guards at Solan, the despatch continues, all is quiet there, and reports from Jutogh, six miles from Simla, say that the detachment there remained tranquil.

According to the despatch, the officers regard the whole affair as a development of Sinn Fein agitation, and believe the prompt measures taken to restore order will soon cause the men to settle down.

At noon the fire was within half a mile of the camps. Cabs and ambulances removed the patients to the King George Institute. The bed patients were removed thru the efforts of the police and men under Inspector-General Hutchings, who cut fire trucks and used a goodly supply of water, supplied by the aid of motor cars. It is suspected these fires and that at Virinjee were incendiary.

Dr. Campbell, minister of agriculture and mines, was present and hired all available men to help check the fires.

The fire at Great Northern Pond has been burning since Tuesday, and police and civilians have been at work there continuously.

On Wednesday and Thursday there was one of the most intense rainstorms for many years in Port, Port Aux Basques and Bay of Islands, which caused a wash between Port Aux Basques and Little River. An incoming express was delayed there about 11 hours.

All standing timber has been destroyed.

IRISH UNIONS FORM A NEW FEDERATION

Dublin, July 4.—Delegates representing 26,000 trades unionists in conference here today, resolved to form a federation of Irish trades unions on a national basis.

John Mooney, chairman of the conference, charged that an army of occupation was trying to break down their lines, and that on their flank the British trades unionists, under the guise of friendship, were helping to feed the furnaces for their destruction.

meeting opened that he would deal only with the executive of the ridias, and would not consent to have the press present or to have a record made of the proceedings.

The press having retired, Mr. Curry, in a series of as many as fifty questions, was pressed to particularize any points of divergence between himself and Hartley Dewar, K.C. M.L.A., relating to the party policy or procedure in the legislature.

Mr. Curry stated that the only matter of particular divergence he could remember was that respecting the minimum wage bill. H. E. R. Stook asked if it were not a fact that Mr. Dewar had pressed for an amendment to the bill to the extent of exempting farm laborers and domestic servants, and that the government had (Continued on Page 6, Column 4).

TWENTY-TWO BALLOTS NO CANDIDATE CHOSEN COX NOW IN THE LEAD

McAdoo Drops Into Second Place After Eleventh Ballot—Democratic Convention Adjourns Till Today—Hope For Magic Word From Wilson, But None Forthcoming.

San Francisco, Cal., June 4.—After twenty-two fruitless ballots, the Democratic national convention just before midnight gave up hopes of selecting a presidential nominee within the first round. It adjourned and adjourned until ten o'clock Monday morning.

Repeated attempts to adjourn were defeated thruout the early part of the night, but as midnight approached and it was about to become Sunday, the convention adjourned for a Sunday, representative of the fact that the convention was tired, worn and frazzled, had its effect, and the final motion to adjourn was unanimous.

When the convention stopped Cox was leading with four hundred and thirty. McAdoo came next with three hundred and twenty-two and a half. Palmer was down to a hundred and six and a half.

The situation with respect to the balloting is much the same as it was at Baltimore eight days ago. In that convention the deadlock caused the convention to adjourn over Sunday.

Votes of the Leaders. The votes of the three leaders in the 22 ballots were as follows:

Ballot	Cox	McAdoo	Palmer
1	124	269	207
2	150	269	207
3	177	223 1/2	203 1/2
4	178	223 1/2	203 1/2
5	181	207	244
6	185	208 1/2	246 1/2
7	185 1/2	208 1/2	246 1/2
8	185 1/2	208 1/2	246 1/2
9	185 1/2	208 1/2	246 1/2
10	185 1/2	208 1/2	246 1/2
11	185 1/2	208 1/2	246 1/2
12	185 1/2	208 1/2	246 1/2
13	185 1/2	208 1/2	246 1/2
14	185 1/2	208 1/2	246 1/2
15	185 1/2	208 1/2	246 1/2
16	185 1/2	208 1/2	246 1/2
17	185 1/2	208 1/2	246 1/2
18	185 1/2	208 1/2	246 1/2
19	185 1/2	208 1/2	246 1/2
20	185 1/2	208 1/2	246 1/2
21	185 1/2	208 1/2	246 1/2
22	185 1/2	208 1/2	246 1/2

The final ballots of the night were full of McAdoo movement, but it failed to make much headway. George, his home state, pledged to Palmer, swinging over to his votes in a block for one ballot to see if it would start her native son toward victory, but it failed to do so, and she swung back to the attorney-general.

No Sign of Relief. The day of rest brought to the convention no release from its deadlock, and no promise of relief tomorrow.

Fruitless search for their dark horse who could win, left the tired, muddled and ever-exasperated forces with nothing more tangible than the likelihood of a stroke by Cox and McAdoo, and growing hopes that Moses would spring up from somewhere to lead them out of their wilderness.

All ears were cocked toward the White House for the magic word. For the first time in 24 years, a Democratic convention has adjourned without the guiding hand of Bryan, and for seven years without the word of Wilson.

There was spirited guessing, deduction and attempted conclusion at what President Wilson might wish, hope, or acquiesce in, but apparently nothing more. Senators confirmed reports that President Wilson was not taking any hand in the situation.

The Cox couple outwardly expect to win tomorrow; the McAdoo people having checked their nerves, and girded up for a new drive to break the Cox column tomorrow. The Palmer people, declaring that neither Cox nor McAdoo can have their votes, expressed hope for themselves but only implicitly.

Each of the three appears to have a strange idea that they can enter two McAdoo forces in the late Saturday night balloting recovered the one-third veto power they had lost. Cox forces retained theirs steadily from the time they acquired it in the fifth ballot, altho their margin fluctuated. Palmer forces possessed it in fact, thru state delegations, which, altho held in a block for McAdoo or Cox by the unit rule, contained discordant elements, which, when released, would become effective in voting.

Delegates Growing Impatient. The growing impatience of the delegates with repeated casting of out blocks for candidates who show-out every reserve vote they possibly can. When the balloting resumes tomorrow morning, at 10 o'clock, they hoped for a slide their way. The Cox people, confident that they have McAdoo stopped, despite his last ballot rally Saturday night, planned to continue their campaign to wear him out. The McAdoo people, declaring

BRITISH MARINES SUFFER A REPULSE

Warships Attempted to Land Detachment at Port on Sea of Marmora.

Constantinople, July 4.—British warships attempted to land marines Friday at Mudania, on the sea of Marmora, but they were repulsed by rapid fire guns, widely scattered along the coast. Evidently the guns were placed since the British landing on June 26. The Greeks claim that the Turks lost 3500 men, including 1500 prisoners, in the fighting preceding the capture of Balikesir, about 100 miles northwest of Smyrna, where the Greeks say the Turkish population welcomed them.

Apparently the Turkish Nationalists are much discouraged by the speedy advance of the Greeks. There are many indications that the Turks are withdrawing in the best possible order toward the line from Brussa to the hills and mountains, whence bandit gangs can harass the enemy's advance toward the Bagdad railway. It is believed the Nationalists lack artillery and will rely on guerrilla warfare.

General Paraskevopoulos, commander-in-chief of the Greek army, announces that the Greek troops moving southwards from Pandemonium, and northward from Smyrna, effected a junction with the advance guard on Friday, 25 kilometres northeast of Balikesir, the Turkish fleeing in disorder toward Brussa.

TURKS EVACUATE ISMID

Paris, July 4.—The Turkish Nationalists have evacuated Ismid, about 60 miles to the southeast of Constantinople, according to a despatch from the Turkish capital today.

NATIONALIST FORCES CRUSHED

Athens, July 4.—The Greek offensive against Mustafa Kemal Pasha's Turkish Nationalist forces, which began on Friday, July 2, with the junction at Omerkeu, north of Balikesir, of the Greeks from the south with those which landed Friday at Pandemonium, the despatch adds. These operations, which it was estimated would require 15 days, were completed successfully in 11 days, the opposing Nationalist forces being crushed.

CAPTURE OF AVLONA IS NOW CONFIRMED

Major Part of Italian Garrison Was Taken Off by Warships.

Berlin, July 3.—An official despatch from Belgrade today says it is confirmed that Avlona, Albania, is entirely in Albanian hands. The majority of the Italian garrison was taken off by warships, the despatch adds, and a small contingent retreated to Saseno Island, in the bay of Avlona, where its situation is critical. The new Italian despatch says the garrison was taken prisoner.

Newspaper despatches received by way of Belgrade say that the Italians, aided by a bombardment by the fleet, attempted unsuccessfully to retake the city. The Italians are reported to have lost 485 killed. Many were wounded and 22 Italian officers, including four colonels, were made prisoners. The Albanians captured several big guns, several thousand rifles and much material, the despatch adds, and the fighting is continuing.

Bulgarian Theatre Blown Up; 150 People Dead in Ruins

Berlin, July 4.—The newspapers today publish a despatch from Sofia, saying that the Odessa Theatre at Philippopolis, Bulgaria, was blown up by a bomb and that about 150 bodies were buried under the debris.
