

one or more classes of fruit. For example, the services of a grape specialist, or a plum or peach grower might be secured with all the advantages accruing from knowledge gained by practical experience.

ORGANIZATION.

The Board of Control shall consist of the President and the Horticulturist of the Ontario Agricultural College, and three members of the Fruit Growers' Association elected by the directors of that body, with the Secretary as *ex officio* member.

The line of work to be pursued by each station shall be decided upon by the Board of Control, and shall be submitted to the directors at the time of the annual meeting of the Fruit-Growers' Association for approval, together with a full report of the work of the year for incorporation in the Annual Report.

An Executive Board for each station, whose duty it will be to carry out the directions of the General Board of Control, shall consist, of the experimenter and the director of that district acting with the Secretary of the Fruit Growers Association.

All plants shall be purchased by the Secretary of the Fruit Growers' Association after consultation with the experimenter, subject to the approval of the Board of Control

EXPERIMENTERS AND THEIR DUTIES.

Each experimenter should be a specialist and should have suitable soil for the cultivation of the particular class of fruit of his own choosing, which is mainly to be tested at the station of which he has charge. He shall be elected by vote of the Board of Control, subject to the approval of the Directors of the Fruit Growers' Association; and in case of incapacity or dereliction of duty shall be dismissed and his place filled by action of the same body.

The experimenters shall be members of the Fruit Growers' Association of Ontario.

The first duty of each shall consist of making an accurate and trustworthy report on all varieties of the particular fruit assigned which he has on trial up to date. To this list shall then be added all the desirable sorts of late introduction. These shall be obtained by the Secretary of the Fruit-Growers' Association in consultation with the other two members of the Executive Committee, subject to the approval of the Board of Control, and shall be properly planted, carefully recorded and labelled.

The Board of Control shall have power to arrange and manage all details in regard to perfecting the organization not otherwise provided for.

COLLECTION AND DIFFUSION OF INFORMATION.

Brief reports shall be rendered to the editor of *The Canadian Horticulturist*, for publication in that journal, once in two months during the growing season; and a complete report not later than the 15th November of each year shall be forwarded to the Horticulturist of the Ontario Agricultural College for publication, if deemed by him to be sufficiently important.

It is suggested that one or more annual visits be made to each station by the Horticulturist of the Ontario Agricultural College at the most favorable periods for securing information for publication in bulletin form, and pointing out to the Secretary any faults observable in the station, as well as indicating useful lines of work which might be inaugurated. At the time of these visits he will be received by the experimenter as the official representative of the Board of Control as well as of the Government.
