

AN APPROPRIATION FOR A NEW PARK

PROPERTY LOCATED ON ARM NEAR GORGE

A Heated Discussion Over Renaming of Streets—Motion to Reconsider Report Turned Down.

Ald. Goddard Monday night occupied his seat as chairman of the council for probably the last time in open session during Mayor Barnard's present absence.

It was a protracted meeting that was held Monday, the most interesting item in the business transacted being an appropriation for the purchase of property for a park on the Arm.

The secretary of the board of school trustees notified the council of the existence of a number of open drains around the Kingston street school.

The secretary of the 24th of May celebration asked for an appropriation of \$1,000 towards the event.

Ald. Stewart moved that the secretary be notified that there is a sum of \$750 on the estimates as prepared for the celebration.

Ald. Fullerton thought that the amount should be increased in view of the fact that there would be no agricultural show this year.

Ald. Fullerton moved to have the street from the Spring Ridge school to Pandora street sprinkled twice a day, but there being similar communications before the council it was decided to deal with both at once.

George Morphy wrote on behalf of Mrs. Van Hurst asking if it was the intention of the city to extend the sewer on Bebecca street.

Ald. Fullerton thought that in this connection some explanation should be forthcoming from the city engineer, not only in this case but in others.

Ald. Stewart said that the communication had been referred to the city engineer. He moved that Mr. Bragg be notified accordingly.

Ald. Fullerton thought that in this connection some explanation should be forthcoming from the city engineer, not only in this case but in others.

Ald. Oddy moved an amendment that the petition be referred to the streets, bridges and sewers committee.

Ald. Stewart said that the matter had reached a stage where he predicted it would. If the council had not the backbone to undertake the renaming of streets now they could never deal with it, as petitions could be got up at any time.

Ald. Hall thought it had better policy to reconsider the report. The best plan was to wait until the by-law came up. Then any reasonable changes could be made.

TEACHERS SELECTED TO FILL VACANCIES

W. F. Dean and F. Wood Receive Appointments—School Board Adopts Twelve Payment System.

A special meeting of the school board was held on Monday at the offices of City Superintendent Eaton.

The report was adopted. The finance committee recommended the next fiscal year's accounts, totalling \$6,883.46.

It was resolved, on motion of Ald. Fell, seconded by Ald. Oddy, that application be made to the provincial government for a conveyance to the city of the plot of land comprising the old cemetery on Quadra street.

Ald. Fell explained that his only objection to this direction was that information for the council which might be needed later on.

On motion of Ald. Hanna, seconded by Ald. Fullerton, it was resolved that the polling place for the election of a school trustee to fill the vacancy created by the resignation of Dr. A. E. Bolton, which election is to take place on Friday, the 28th inst., be in the court room, city hall.

It was resolved on motion of Ald. Hall, seconded by Ald. Fullerton, that a special committee be appointed to ask the B. C. Railway Company to extend the car system to the cemetery.

On motion of Ald. Oddy, seconded by Ald. Fullerton, it was resolved that the council hereby determines to construct and lay a permanent sidewalk concrete with granite curb on the east and west sides of Douglas street, between Yates and Johnson streets, the work to be done by a laborer, and carried out under the provisions of the by-law relating to the construction of permanent sidewalks, No. 340.

Ald. Oddy moved that a special committee be appointed to ask the B. C. Railway Company to extend the car system to the cemetery.

Ald. Fullerton moved to have the street from the Spring Ridge school to Pandora street sprinkled twice a day, but there being similar communications before the council it was decided to deal with both at once.

BOAT WRECKED BY ACETYLENE GAS

ONE MAN KILLED AND TWO ARE MISSING

Several Other Members of the Crew Injured—Man Crushed to Death on Farm.

Kingston, Ont., April 18.—Shortly after 2 o'clock this afternoon a terrific explosion was heard all over the city.

The explosion was disastrous to the crew of the government boat Scout, which reached the drydock here at noon.

The acetylene gas generator in the stern of the boat had just been filled as also two huge buoys on deck and the crew was engaged on a third, when the gas exploded, and two of the buoys were hurled into the air.

In an instant the boat was in flames. When the air cleared, Fred Mullin, first mate, was found lying 75 feet away, his head blown off and his body burned almost to a crisp.

Sam DeLanty, G. H. Smith, W. H. Michael and George Lessard, members of the crew, were more or less injured. The fate of two others of the crew, Fred Courier, of Montebello, the second mate, who was painting one of the buoys, and Evan Millard, of Morrisburg, is unknown.

Superintendent Eaton reported that his department did not intend to issue any more permits this term admitting pupils to the primary grades of the Spring Ridge, Central or Kingston street schools.
