Merchant Tailor, 440 Main Street

**SPOKE STRONGLY AGAINST MILITARISM**

TORONTO, Aug. 28.—Opening the exhibition here today, Sir William Macleod spoke strongly against militarism. The strength of Canada lay in its peacefulness. Ask the people a guard public opinion that it may not lead their public men into mistakes which in other countries had resulted in people staggering under the burden of debts incurred by ruinous warfare and military armaments. Watch carefully every tendency towards militarism for we know that preparation

for war leads to war. Remember that this is the last spot of refuge on God's green earth where men can come and not pay tribute for the sins of their ancestors.

Shows may come, and shows may go, but Cuthbert, Chase and Weston's big minstrel organization, having made a good impression with amusement loving patrons, have a lasting hold on the public that makes them the attraction that everybody looks forward to. They originate the new features, get the best dancers, get the best singers, and always watch for the American stage on produce. Cuthbert, Chase and Weston, bigger, brighter and better than ever, are booked for two nights and a matinee at the Opera House, Friday and Saturday of this week. Seats can be had in advance at the Opera House box office—Advt.

**AVOID DRAUGHTS**  
Lady—My housemaid has got one of her eyes red and inflamed. What would you advise her to do?

**Dyspepsia, Nervousness, Impure Blood, Piles, Sick Headache, Constipation, ARE CURED BY**

**Herner's Dyspepsia Cure**  
Price 35c., and \$1.00 per bottle at all druggists.

## NEWS OF SPORT

### Yesterday's Ball Games

**Society League is Ended at Last.**

**D. R. A. Matches at Rockcliffe.**

**St. John Defeats Halifax.**

### ST. JOSEPH'S CHAMPIONS.

The final game of the Inter-Society League took place last evening, when the St. Josephs, after four hard fought innings, defeated the Father Mathew Association team by a score of one to nothing. The following was the lineup:

St. Josephs.....	P. M. A. Cregan.....	catcher.....	Howe.....
George.....	pitcher.....	McGuigan.....	first base.....
McCourt.....	2nd base.....	Joe McDermott.....	Burke.....
Collins.....	3rd base.....	Harrington.....	O'Neill.....
Collins.....	short stop.....	Kelly.....	Harris.....
Collins.....	left field.....	John McDermott.....	O'Neill.....
Collins.....	centre field.....	Littlejohn.....	O'Neill.....
Collins.....	right field.....	Best.....	O'Neill.....

There was a fair attendance at the game, which had hardly a minute that was not exciting. The St. Josephs won their game in the first inning, when they got the only run in the game. The last innings was an anxious one. With two men out, the P. M. A. had two men on bases, McGuigan hit a difficult one to McCourt, who through clever playing, captured it and retired the side; had he missed, it would have probably meant two runs for the P. M. A., and that would have caused St. Josephs to go back on even terms with St. Peter's. The St. Josephs are now the undisputed champions of the league for 1906 and hold the cup.

The following is the league standings:

St. Josephs.....	Won. Lost. P.C.
St. Josephs.....	11 7 .611
St. Peter's.....	7 11 .388
St. James.....	6 12 .333

### A CHALLENGE.

The Jubilee of north end challenge the St. Josephs, winners of the Inter-Society League, for a series of three games for the amateur championship. An early answer is requested through this paper.

### BIG LEAGUE GAMES.

National League.  
At Chicago—Chicago, 8; Cincinnati, 0.  
At Pittsburgh—First game: Pittsburgh, 3; Philadelphia, 2. Second game: Philadelphia, 2; Pittsburgh, 0.

Connecticut League.  
At Bridgeport—Springfield, 5; Bridgeport, 2.  
At New Haven—New Haven, 7; New London, 8.  
At Waterbury—Waterbury, 0; Norwich, 1.  
At Hartford—Hartford, 2; Holyoke, 1.

PLAYERS SUSPENDED.  
BOSTON, Aug. 28.—James Collins, manager and third baseman of the Boston American league base ball club, was suspended today for absenting himself from the team without leave. For several weeks Collins has declined to take any part in the management. He has felt keenly the slump of his team this season, and according to his own statement has been unable to get into condition to play himself.

Outfield Stahl has been placed in charge of the team.

ST. JOHN TEAM WINS.  
VICTORY AT HALIFAX.  
HALIFAX, N. S., Aug. 28.—In the presence of 500 people on the Wanderers' grounds this afternoon, the Royal (colored) of St. John, defeated the Crescents of Halifax (colored) baseball team by a score of 14 to 3. The visiting team played all around the home team at every point of the game.

### TENNIS

#### CLOTHIER WINS

NEWPORT, R. I., Aug. 28.—It did not take William J. Clothier of Philadelphia, a Harvard graduate, very long today in his match with Karl H. Behr, of New York and Yale University, to establish his right to challenge Deas C. Wright, of Boston, for the lawn tennis championship of the country and tomorrow, with good weather, the two will play for a decision. Clothier defeated Behr today in straight sets, 6-2, 6-4, 6-2. It was all over in an hour much to the disappointment of the large crowd of the tournament. It might have been decided even sooner.

In the second set Clothier had an erratic turn of play and drove 11 balls out of court and made two double faults. Only eight of the 24 games were played by Clothier today. There were times when he showed flashes of his yesterday's brilliant work, but they seemed more like inspiring gasps.

Clothier was far stronger and Behr considerably weaker than at Longwood, where the Yale player won from the Harvard graduate.

With Wright still somewhat out of condition and Clothier at the top of his form, one of the best matches of the year is anticipated tomorrow.

### THE RANGE

THE D. R. A. MATCHES.

OTTAWA, Aug. 28.—Two matches in the D. R. A. were fired today, the Walker and the MacDougall. The winner was Sid G. Day, clear, and the shooting was good. The man who got the most points in either of the matches had to be in the neighborhood of the bull's eye all the time.

At the competitors' meeting it was said pressure had been brought to bear on the railways to cut the present fare rate in two, and if that was done the association proposed to provide the money to cut it in two again.

The Inter-Passenger Association had turned this down, but it was expected to cut the present railway rate in half for next year.

In the MacDougall match, seven shots at two and at five hundred yards, the Walker and the MacDougall. The winner was Sid G. Day, clear, and the shooting was good. The man who got the most points in either of the matches had to be in the neighborhood of the bull's eye all the time.

## CLARK AND ADAMS

### GET THE CONTRACT

For the New Warehouse on the West Side.

Cushing Will Take Peters' Job if He Gets More Money and an Assistant.

The board of works at their regular meeting last night decided that the tender of Clark and Adams for the building of the new warehouse be accepted.

The board also recommended that City Engineer Peters be appointed a consulting engineer, thus being virtually superannuated, at his present salary, while Director Cushing should be made city engineer in addition to his present duties. The director stated that he would only accept the position on condition of an increase in salary and the appointment of an assistant.

The superannuation of the city engineer is likely to be confirmed by the council, and the question of an increase to be granted to Director Cushing will probably again be the cause of long discussions. The publication in the Telegraph of a matter brought up last week at a private meeting of the board, at which the press representatives were present, was discussed by some of the aldermen.

A communication was received from the O'Neill, Main street, stating that a retaining wall on that street needed repair.

Considerable discussion arose over the state of the streets in different parts of the city.

A committee on the complaint of Miss Isabelle McLean asking for the repairing of the lands at the corner of Main and Chestnut, made the report. They favored an expenditure of \$400 in next year's estimates. The report was accepted.

A complaint was received of a rock on Millville road. The matter was referred to the chairman and the director.

The tenders for the new warehouses on the Clark wharf were considered. Three tenders were received, D. C. Clark's tender was \$12,000; R. J. Green and J. M. Byles for \$12,500; and Clark and Adams for \$17,500.

Ald. Baxter moved that the contract go to Clark and Adams.

Mayor Sears questioned whether the city has not had enough of dual control in the building of the warehouses. The plan had not proved very successful.

Ald. Baxter said that the contracts were only a few hundred dollars different when the contract was given to St. Charles. Nevertheless, the board was not afraid of dual control.

Mayor Sears—We had not then the experience which we have now. He thought the director should be heard.

Ald. Baxter said that if it was intended that the contract should go to D. C. Clark the fair way would have been to have just obtained his figures and not called for tenders.

Ald. Hamm—It is putting the cart before the horse to get tenders for the warehouse before it was known whether the what would be built this year. He very much doubted it himself.

The director said that the price of the Clark & Adams tender was very low.

Mr. Baxter's motion passed.

A communication was received from E. G. Evans, complaining that the rocks were dumping too near the shore at MacLaren's beach so that it was impossible to use the beach for bathing.

Old clothing and bedding, the communication said, were floating around in the water.

A communication was received from six and Quinlan offering to allow ten feet to be taken off the front of their building to allow room for a C. P. R. track on condition that they be paid \$1,000 and \$1 a day for each day the land is occupied, and that the land be leased again to them.

A number of minor affairs concerning the streets then received the attention of the council.

This question brought up considerable discussion as to who had given the information concerning this to the Telegraph as the matter had been strictly private. Mr. Baxter said that Mr. Peters had given most faithful service to the city for half a century and he should not now be retired on less than full pay. A man verging on eighty years should not be asked to go climbing over wharves.

Engineers Peters' value to the city now is from his accumulated experience. He therefore moved as a recommendation that Mr. Peters be consulting engineer at the salary of \$1,000 per year.

Mayor Sears said that the act would be a grateful one and would be so recognized by all citizens.

Ald. Hamm also spoke of the good work which the city engineer had done.

Ald. Pickett said that it seemed to be a foregone conclusion that the matter would pass. The matter, however, raised considerable difficulty. There are men in other departments who would ask for similar treatment, as for example he has been informed that Sergeant Hipwell was much annoyed that his case was not taken up by the safety board last night. It was questionable, Ald. Pickett said, whether Director Cushing can do the work he has been doing and other duties which would devolve upon him. The safety board would also have no reason for refusing Sergt. Hipwell.

After some discussion Ald. Baxter's motion was carried. Ald. Pickett alone dissenting.

It seems to me that it would be a good plan for all firms, by judicious week-day advertising, to impress upon the people the fact that Monday is not

Riverside School Will Pay \$168 Extra on Van Contracts This Year.

ALBERT, N. B., Aug. 28.—The Riverside Consolidated School re-opened yesterday, the attendance being a little under two hundred. The primary departments are particularly full, but in the upper grades many of the boys are at home assisting in the harvesting. A few changes occurred in the staff, which is now made up as follows: Geo. J. Trueman, M. A., principal; P. Peacock, manual training and nature study; Miss Henrietta Ruel, Miss F. H. Hoard, Miss Clara G. Turner, domestic science; Miss Marion Atkinson, and Miss Harris and C. Wood, Principal Trueman reports prospects bright for another good year. The board of trustees have appointed Capt. Western Crocker as janitor and have awarded the van contracts as follows:  
Midway District, W. J. Tingley.....\$500  
Beaver Brook, Silas G. Turner.....394  
H
