

THE WEATHER.
Maritime—Gales, northeast-
erly shifting to westerly with
snow. Colder tonight and on
Sunday.
Washington, Feb. 20.—Fore-
cast: Northern New England—
Fair Saturday, except snow on
the coast. Sunday fair; moder-
ate to brisk north winds.
Toronto, Feb. 20.—Pressure
is highest tonight, over West-
ern Canada and the middle
states while an important de-
pression, accompanied by stor-
my conditions, is situated off
the United States Atlantic
coast. Generally fine weather
has prevailed today through-
out Canada, with somewhat
lower temperatures from On-
tario to the Gulf of St. Law-
rence and more moderate tem-
peratures in the west.

AROUND THE CITY

Kindergarten Petition
A delegation from the Free Kin-
dergarten Association appeared before
the city commissioners yesterday and
asked that the council adopt a reso-
lution approving of an amendment to
the School Act providing that the
work of the kindergartens be recog-
nized as a part of the public school
system. The commissioners wanted
further information before taking ac-
tion on this petition, as they felt it
would require a considerable addi-
tional expenditure to carry on the work
of the kindergartens in St. John.

Knights To Attend Church
The Knights of Pythias of this city
will terminate their celebration of the
golden jubilee of the order by attend-
ing divine service in St. David's church
Sunday afternoon. The knights
will assemble in the school-room of
the edifice at 2:30 and will enter the
church in a body. Seats will be re-
served for the Pythians and there will
be plenty of additional accommodation
for the general public. After the
service the knights will dine at the
club. The Pythians will be re-
served for the Pythians and there will
be plenty of additional accommodation
for the general public. After the
service the knights will dine at the
club.

EVANGELIST DELIVERS A FORCEFUL SERMON

**"The Keeping Power of
the Holy Spirit" Subject
of Inspiring Address —
Manhood Selfish.**

Last evening, at the Coburg street
Christian church, Evangelist McPherson
preached on the subject "The
Keeping Power of the Holy Spirit." He
took Acts 1:2 as a text and said in
part:
"Last night I preached on the sub-
ject 'The Converting of the Holy
Spirit.' Tonight I declare that the Holy
Spirit not only converts, but can keep
one saved. In Ephesus we find twelve
disciples of John the Baptist who had
not heard of the Holy Spirit. The Holy
Spirit in Jerusalem and had not been
baptized into Christ. They were Bap-
tists whom Paul taught to be baptized
into the name of the Lord Jesus Christ.
When they were baptized they received
the Holy Spirit as did the 3,000
converts on Pentecost, and then Paul
laid his hands on them and conferred
on them the miraculous power of the
Holy Spirit as the disciples had received
before Peter's sermon on Pentecost.
The power of Pentecost was what
should be possessed by the churches
of Christ now. Not the power of mir-
acles, but the power of prayer and
unity and peace and concord. The
many points to Pentecost are:—
—expecting secondary things—
—and forgetting the primary things—
the power of the Holy Spirit through
preaching the Gospel which results in
converting thousands. Such influence
kept these Christians through the
worst persecutions, almost the world
has ever known.
"We may say that we are converted,
that we believe in Christ, in the
church, but have we the spirit of pray-
er and unity and concord and faith
and fraternal love and determination
as had the one hundred and twenty dis-
ciples of Christ who met in that up-
per room for ten days and through
whose prayers of faith the Church of
Jesus Christ was ushered into exist-
ence? If not, why not? Because of
our selfishness and lack of faith."

MERCHANTS TRY TO IMPROVE SERVICE

**South Shore Steamer Line
Subject of Discussion at
Board of Trade — Invite
Managers.**

About twenty merchants interested
in the trade with the south shore of
Nova Scotia gathered in the Board of
Trade room yesterday afternoon to dis-
cuss the proposition relative to the
steamer service between St. John and
the South Shore. Percy Thomson was
chairman of the Board of Trade Com-
mittee which has the matter in
charge. The manager of the company
controlling the steamer Amelia has
offered to resume the service between
St. John and Halifax touching at
points on the South Shore, if given a
subsidy. At present the John L. Cann
owned in Yarmouth, is operating a
semi-weekly service between St. John
and Yarmouth, while the Halifax and
Southwestern Railway is giving rates
from Yarmouth to south shore ports,
which it is said enables St. John mer-
chants to send goods on as favorable
terms as when the Amelia was run-
ning. Under the old arrangement the
Amelia laid off for a time in the win-
ter when St. John does a large trade
with south shore ports.
At the meeting there were advocates
of the proposition of having the
Amelia placed on the run, while others
expressed satisfaction with the
present service. The Amelia would
only be able to give a weekly ser-
vice.
After some discussion it was decid-
ed to ask the managers of both boats
to come to St. John on Wednesday
next and discuss their proposition be-
fore a meeting of the merchants in-
terested to be held at three o'clock.

J. I. TROOP PASSES AWAY

**Member of Famous Ship-
ping Firm Dies Suddenly —
News Cause of General
Regret.**

The many friends of J. V. Troop
were given a shock yesterday, when
they learned of his sudden death. Mr.
Troop had been in fair health the day
before and his death was unexpected.
Just what time he passed away is not
known, as he was found dead in his
bed yesterday morning.

Mr. Troop was formerly identified
with the famous firm of Troop & Sons
at one time one of the most impor-
tant shipping companies in the Mar-
time Provinces, owning a large fleet
of sailing vessels and some steam-
ships.

After the death of his brother, How-
ard Troop, the deceased retired from
business. He was a bachelor, sixty-
five years of age, and latterly had
been living with his sister, Mrs. Char-
les McLaughlin, 133 Princess street.

He was the second son of the late
Jacob E. Troop. Although connected
with a firm whose ships were known
on every sea, and whose activities
did much to enhance the importance
of St. John as a shipping port, Mr.
Troop took little part in the public
life of the city, being a quiet, reserved
character and retiring disposition.

His only immediate surviving rela-
tives are two sisters, Mrs. A. Chit-
man Smith and Mrs. Charles McLaugh-
lin.

The funeral will take place from
the residence of his brother-in-law,
Charles McLaughlin, 133 Princess
street, Sunday afternoon.

MANY ATTEND FUNERAL OF JOHN GILCHRIST

**Much Sympathy from Rel-
atives, Friends and Pub-
lic to Bereaved Family —
Numerous Floral Tributes**

The funeral of John Gilchrist, son
of James Gilchrist, who was accident-
ally killed near Bloomfield on the I. C.
R. Wednesday afternoon, was held
yesterday from his father's home in
Bloomfield. The funeral was one of
the largest that ever took place in
Kings county, and was attended by
people from every part of the county
as well as from St. John.

The funeral services were conducted
at the house and church by Rev. Mr.
Hannington, and interment was in
the Church of England burying
ground.

The circumstances surrounding the ac-
cident were peculiarly sad and the
bereaved parents received many ex-
pressions of sympathy from friends in
all parts of the province. Communi-
cations of regret and sympathy were
received from Hon. J. K. Flemming,
George B. Jones, M. L. A., Hon. J. C.
Murray, J. B. Duggan and others.

The floral tributes were particu-
larly handsome. Some of those who sent
floral expressions of sympathy were:
Bloomfield lodge, I. O. O. F., a prison;
Cornthian Lodge, Hampton, a sheath
of tulips and carnations; class mates
in St. John High school, roses;
Teachers, St. John High school, roses;
Hon. J. A. Murray, crescent; H. A.
Gould, sheath of carnations; Norman
Westmore, roses; Mrs. Henry Ballew,
sheath of tulips; Mr. and Mrs. Jewett
Sheffield, a wreath.

AND CHANGE CITY ELECTION LAW

**Commissioners Confer with Recorder Baxter Regard-
ing Bills to be Presented to Legislature — Labor
Council Representations — Amendments to City
Charter.**

The city commissioners held a con-
ference with the Recorder yesterday
afternoon and gave consideration to a
number of bills which it is proposed to
submit to the legislature. The pro-
posed Paving Act was up for consid-
eration, and was discussed at length.
After the meeting Com. Agar stated
that in view of the opposition to cer-
tain clauses of the act, it was likely
some amendment would be made to
the original draft. In all probability the
hands of property owners representing
fifty per cent. of the frontage. It is
also probable that the commissioners
will consent to amend the bill so as to
provide that the city shall bear the ex-
pense of renewing permanent paving.

The original bill provided that the
city when it renewed a strip of per-
manent paving might require abutments
to pay half the cost, as was done when
the paving was first laid. This clause
was particularly objected to by prop-
erty owners, as it was felt it was
equivalent to placing a permanent
mortgage on property along paved
streets.

Labor Matters.
The commissioners discussed the re-
quest of the Trades and Labor Coun-
cil that during civic elections the bill
be kept open till seven o'clock in the
evening, and decided to submit a bill
to the legislature, empowering the city
to keep the polls open from 8 a.m. to
6 p.m. They also approved a bill to
amend the city charter, providing that

at special elections everybody should
have the right to vote who has his
taxes paid within 21 days of the elec-
tion.
The charter provides that only those
who were qualified to vote at the pre-
ceding general election have the right
to vote at special elections, which may
mean the disfranchisement of many
voters for a period of nearly two years.

Another matter discussed was the
demand of the labor organization that
all incomes up to \$1,000 a year be ex-
empted from taxation except for a poll
tax of \$2.00. The commissioners de-
cided that they could not approve of
such a proposition.

In regard to the demand of the
Trades and Labor Council that the
city council prepare a bill providing
that members of the School Board, the
Alms House Commission and Public
Hospital Commission be elected by
popular vote, the commissioners ruled
that as the provincial government con-
trolled most of these appointments,
that body should be asked to deal with
the matter.

The Trades and Labor Council, in
asking for a revision of the building
by-law, objected to a clause providing
that only a master builder should be
eligible for the appointment of build-
ing inspectors on the ground that it
was a legal expression of the class
struggle. The commissioners decided
that this matter could be dealt with by
a by-law without going to Provin-
cial government for permission to do so.

On Thursday the city commis-
sioners had under consideration a bill to
amend the city charter so as to provide
for an exchange or redistribution of
departments at any time at the discre-
tion of the commissioners. But the
majority of the commissioners de-
clined to approve this bill.

WEST INDIAN SERVICE IS BIG SUCCESS

**Wants Kindergartens In-
corporated in Public
School Systems — Many
Delegates wait on Premier**

A delegation from the Free Kin-
dergarten Association waited on Premier
Fleming and Hon. John E. Wilson
yesterday afternoon and urged the
importance of having the work of the
kindergartens incorporated into the
public school system of the province.
What the delegation specifically asked
was that the government make such
amendment to the School Act as
would provide for the recognition of
the kindergarten schools, and thus
enable teachers of kindergarten
schools to share in the government
grant to teachers.

The general petition of the delega-
tion was that the kindergarten work
be made a part of the curriculum of
the public school system of the pro-
vince. It was pointed out that the
association in St. John had been car-
rying on this work for a period of ten
years. Starting here with one school
and twenty pupils, the association is
now conducting four schools with 140
pupils, and could find opportunities for
extending the work if funds were avail-
able.

The Premier and the President of
the council, who heard the delegation
on behalf of the government, said they
would bring the representations made
to them before the meeting of the gov-
ernment next week.

A delegation including T. H. Som-
erville, T. E. G. Armstrong, J. G. Har-
rison, W. E. Foster, Charles H. Peters,
E. Z. Jack, W. C. Haines, G. E. Bar-
bour, F. W. Roach and Frank Smith,
representing the wholesale firms of
the city, requested that the Bulk Sales
Act which before the house at the
last session but not passed should be
adopted at the coming session.

The bill provides safeguards against
merchants who wish to defraud their
creditors by selling their stock in bulk
and leaving the country, by requiring
that all agreements for such sales
shall be registered within ten days and
that no money or other consideration
shall pass until thirty days after the
date of the agreement. The publication
of an inventory and a statement of all
liabilities with notice to the creditors
are required. The Premier expressed
his approval of the principle of the
bill but was not prepared to go as
far as some of the sections demanded.
When properly amended he promised
to introduce it as a government mea-
sure. Steps will be taken to meet his
wishes.

J. H. Surue, J. E. Tiethe, F. Hyatt,
J. B. Smith and J. Morrow, represent-
ing the Trades and Labor Council, ask-
ed for amendments to various acts af-
fecting labor. Their requests included
an amendment to the workmen's com-
pensation act to provide a maximum
of \$2,500 and a minimum of \$1,500 for
the death of a worker; the establish-
ment of a bureau of labor; the adop-
tion of the fair wage clause in all pro-
vincial contracts; permitting a mech-
anic as well as a manufacturer to be
building inspector; the appointment
of a scaffolding inspector; that the
polls for provincial elections be kept
open until seven o'clock p. m., and oth-
er matters along similar lines. They
also announced that a representative
of labor would be in Fredericton dur-

STANLEY MITRE BOXES
The Carpenter's Friend
These Mitre Boxes have the widest
range of adjustment of any mitre box
made. Fac. straight, accuracy and
durability, they are unsurpassed.
