

## ALL SINGLE MEN TO BE CALLED OUT THIS WEEK?

SINGLE MEN TO BE SUMMONED THIS WEEK  
BY ROYAL PROCLAMATION TO ATTEST

London, Feb. 12.—The Central News is authority for a report that all single men are to be called on to enlist next week. A royal proclamation shortly will be issued notifying all single men to attend the Central News states, and attributes the unexpected speedy summons to the many recent consultations between the minister of munitions and war office.

CONDEMNNS  
SUGGESTION OF  
REPRISALS AT FREDERICTON

Lord High Chancellor of England declares this war of ideals, and not merely of men.

London, Feb. 13.—The Lord High Chancellor, Baron Buckmaster, speaking last night at Kew, strongly condemned the suggested reprisals for Zeppelin raids. He said: "There could be no greater tragedy in the black tragedy of this time than when we had conquered the Germans, we should have mangled ourselves and our behavior upon the very model we set out to break. This is not merely a war of arms, but of ideals."

CAPTAIN DISAPPEARS  
AFTER UNLOADING HIS  
VESSEL, NO TRACE OF HIM

Special to The Standard.  
St. Stephen, Feb. 13.—A case of disappearance is reported from Calais. The schooner James Young, Captain Oscar M. Snowman, owned by the Gardiner Lumber Company, of Gardiner, Maine, arrived at Calais on Jan. 25th with a cargo of coal for the Eastern S. S. Corporation. The coal was discharged and the freight paid to Capt. Snowman. The schooner is now at a wharf loading lumber with the cook in charge and Marshall Crossman of Calais has received a telegram from the Gardiner Lumber Company asking him to try and find Capt. Snowman, who has disappeared. A man answering his description bought a ticket for the west at the Maine Central depot in Calais on Feb. 4th.

KING FERDINAND TO  
VISIT FRANZ JOSEPH

Ams. Am., via London, Feb. 13.—According to a dispatch from Vienna King Ferdinand of Bulgaria will arrive there Monday for a short visit to Emperor Francis Joseph.

King Ferdinand is reported to have been at Austro-Hungarian general headquarters Friday.

IN FIVE MINUTES  
NO SICK STOMACH;  
INDIGESTION, GAS"Pape's Diapepsin" is the  
quickest and surest  
Stomach relief.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you believe gas and eructate sour, undigested food, or have a feeling of distress, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes. "Pape's Diapepsin" is harmless; it is like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the toilet with a healthy appetite; but what will please you most is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

Every city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, for, if you ever take it for indigestion, gas, heartburn, sourness, dyspepsia, or any stomach misery. Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

For nearly half a century identified with educational life of New Brunswick — Death came suddenly.

Special to The Standard.  
Fredericton, Feb. 13.—Principal Benjamin Crockett, LL. D., who for more than half a century was identified with the educational life of New Brunswick, and one of Canada's most prominent educationists, died at his residence here on Saturday evening. For a few days he had been suffering from pneumonia, which developed from an attack of a gripe, but the end came unexpectedly, but entirely without pain or suffering. Deceased had been confined to his home practically all the time for several years past as result of failing health, and at the age of 83 years he was unable to withstand such a serious illness.

The funeral will take place on Tuesday afternoon, leaving the house at 2:30 o'clock. The remains will be taken to St. Paul's Presbyterian church, deceased having been an elder of the church, and there will be a funeral service at 3 o'clock. Interment will be made at the rural cemetery.

As a mark of respect to the memory of deceased the flag over the Provincial Normal school is flying at half mast.

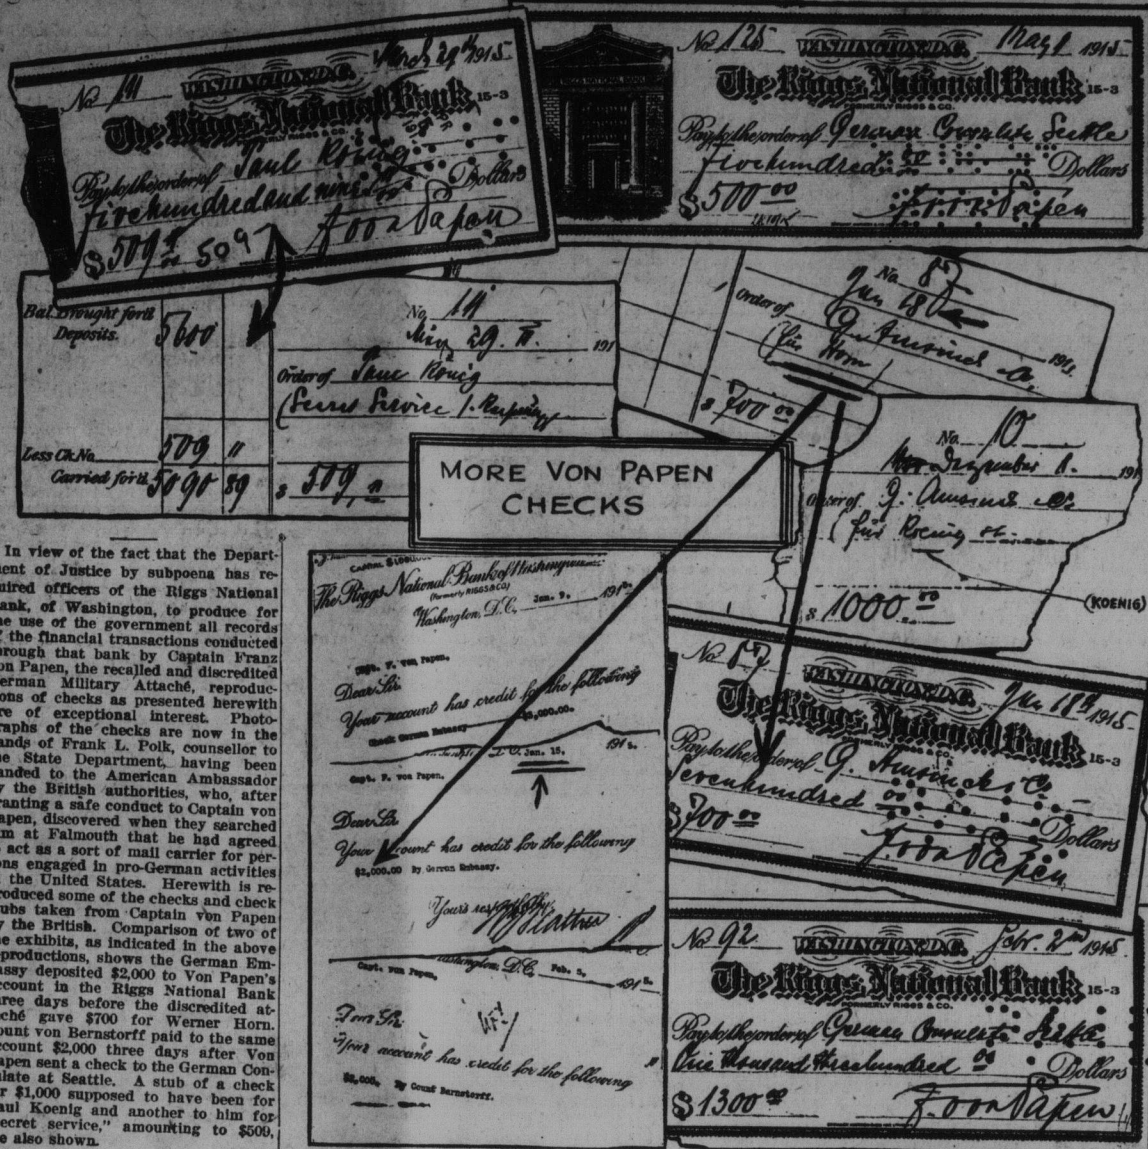

Principal William Crockett, who celebrated his 83rd birthday in April of last year, was born at Brechin, Scotland, in 1832, and after the ordinary education entered Aberdeen University from which he graduated in due course. At the age of eighteen he came to New Brunswick, having been offered the position of Principal of the Superior School at Campbellton. Since that time Mr. Crockett's life had been practically entirely devoted to work along educational lines, and in that sphere he had for many years played a prominent part. From Campbellton Mr. Crockett went to the principalship of the Chatham Academy and some years later removed to Fredericton where he became Principal of the Normal School. This step was followed by his appointment to the position of superintendent of education for New Brunswick, and on his retirement from this office Dr. Crockett engaged as professor of classics in McGill College, Quebec. Subsequently he resigned from that staff, and returned to the principalship of the Normal School, which office he held at the time of his retirement from active service a few years ago. During the King administration Dr. Crockett was called upon to frame the free school bill, which became the point of contention in the subsequent provincial campaign, and on which was based the policy of the government in that memorable contest.

The William Crockett Scholarship at the University of New Brunswick, for the highest mark in classics, (\$100 per year), which was established three years ago, is a fitting recognition of the valuable services rendered by Principal Crockett to the cause of education in this province.

Mr. Crockett was married to Miss Marion Caldwell, a sister of William Caldwell, M. P. for Restigouche, to Dr. and Mrs. Crockett eleven children—three sons and eight daughters—were born of whom two died. One of these boys, Thomas, died in infancy, while a daughter, Marion, passed away a few years ago at her home in Fredericton. There survive James H. Crockett, managing director of the Glenora; Dr. William C. Crockett, mayor and one of Fredericton's most eminent physicians; Allan A. Crockett, medical engineer of St. Francis; Charles S. O. Crockett, proprietor of the Campbellton Tribune; Oswald S. Crockett, of Fredericton, justice of the Supreme Court of New Brunswick; and for some years representative of York county in the House of Commons. A. Pierce Crockett, M. D., of St. John; Octavius Crockett, of the general office staff of the I. C. R. at Moncton; Miss Decima Crockett, living with her parents in Fredericton, and Mrs. H. Harper Smith, of Toronto.

NOT SETTLED DEFINITELY.  
Madrid, via London, Feb. 13.—It is officially stated the creation of Barcelona as a free port is as yet only a project, the details of which will require long examination and discussion. Many regions of Central Spain already have protested against such a concession to Barcelona.

## VON PAPEN'S CHECKS, SEIZED BY ENGLISH, PROVE GERMAN ACTIVITIES

DREDGING SUP'T  
IS DISMISSED

Work is unsatisfactory and dismissal follows inquiry — Nationality not the reason, Hon. Mr. Rogers says.

Special to The Standard.  
Ottawa, Feb. 13.—Auguste Kastella, superintendent of Dominion dredging, has been dismissed as the result of a departmental investigation. Some months ago his operations came under the suspicion of Hon. Robert Rogers, minister of public works, who suspended him and ordered an inquiry. "He has not been dismissed because of his nationality," said Mr. Rogers to The Standard, "he was dismissed because his work was unsatisfactory; he has been under suspicion for some time." The report that Kastella had been asked to hand in his resignation and had refused is untrue. He was dismissed without an opportunity of resigning. He is not in the city and has not yet received Mr. Rogers' letter dismissing him.

## CANADIAN PATRIOTIC FUND

## SCHOONER NOTES.

J. Willard Smith, agent for the schooner Winchester, received word from Captain Dixon Saturday that repairs to the schooner would be completed today. The Winchester ran around near New London, Conn., a few weeks ago, and was towed to New London for repairs. Captain E. B. Dickson has purchased

the large three masted schooner, L. T. Whitmore, which is at present in New York. He will leave this evening to take charge of her and en route will confer with his agents in Boston. Captain Dickson has been on the lookout for a schooner for several months, but was unable to get one which suited him. He feels confident that his

This Invention For Rupture  
Sent On 60 Days Trial

Won't Cost You a Cent If the Two Months Test Doesn't Prove All Our Claims

You can make a thorough proof-to-test of this guaranteed rupture holder without having to risk a single cent. We'll send it to you for sixty days—just long to let you see for yourself how it takes all the misery out of being ruptured. If it doesn't keep your rupture from coming out or bothering you in any way—in spite of any work you do or any other strains—then it won't cost you a penny.

## The Only Thing Good Enough

To Stand Such A Test.  
A mere try-on—like at a druggist's—can't possibly prove whether a truss or anything else for rupture is going to do any good. Neither is just a few days trial a safe test. A truss may seem all right the first week or so and then prove utterly worthless. But you can't possibly make a mistake after sixty days' trial. And there is only one thing of any kind for rupture that you can get on such a long trial.

Only one thing good enough to stand such a long and thorough test—That is our guaranteed rupture holder—the famous Cluthe.

## Made On New Principles.

The Cluthe is so radically different from everything else for rupture that it has received eighteen separate patents. Made on an absolutely new principle—far more than just a truss. It has so thoroughly proved its merits in nearly 300,000 cases that surgeons in the U. S. Army and Navy and physicians in all parts of the world now recommend it instead of advising operation.

Will Save You From Operation.  
A rupture can't possibly be relieved—can't even be kept from growing worse—unless protected against all strains and constantly kept from coming out. Just as a broken bone can't "knit" unless constantly held together.

new purchase will give entire satisfaction. The schooner Just has been chartered to load logs at Jamaica at \$12 for straight cuts and \$12.50 for root cuts. This is nearly four times the rate of the Just is at present in southern waters.

## OBITUARY.

Mrs. J. E. McCaffrey.

The many friends of Mrs. J. E. McCaffrey will learn with regret of her death which took place yesterday at her home, 171 St. George street, West St. John. Mrs. McCaffrey had been in poor health for some time and her death was expected. Besides a large family she leaves one son and two daughters. The funeral will be private, will be held on Tuesday afternoon at 2:30 o'clock from the late home and interment will be in Cedar Hill cemetery.

But remember the Cluthe is guaranteed to hold and won't cost you a cent if it doesn't. And in addition it provides the only way ever discovered for overcoming the weakness which is the real cause of rupture. It does that entirely automatically—without any attention whatever from you. And has thus brought complete recovery in thousands of cases that seemed almost hopeless, and has saved thousands of people from having to risk their lives under the surgeon's knife.

## No Belt, No Leg-Straps, No Springs

The Cluthe does away entirely with the curse of wearing belts, leg-straps and springs. People who have tried it say it is as comfortable as their clothing. And it is waterproof—will hold in the bath. Also perspiration-proof. Easily kept clean.

Get World's Greatest Rupture Book. Don't send any money—don't take any risk. Just write for our free book—cloth-bound, 96 pages, 20 separate articles, and 23 photographic illustrations—full of facts for the ruptured never before put in print. It shows why elastic and spring trusses are a crime—how they are the ruptured man's worst enemy—why the law should stop their sale. It exposes the humbug "appliances," "methods," "systems," "plasters," etc. It shows why operation for rupture ends in permanent weakness or death often in complete recovery. It tells all about the famous Cluthe—gives names and addresses of over 5,000 people in all parts of the country who have tested it and have voluntarily endorsed it—and tells how you can get it on sixty days trial, and how little it costs if you keep it.

## Simply use the coupon or say in a letter or postal "Send me your book"

—that will take only a minute and may save you from paying out a good many dollars and save you from years of misery.

BROTHER OF  
FRENCHMAN  
A SUICIDE

Grief over death of Adolphe Pegoud believed to have been reason for Francis' death.

Paris, Feb. 13.—The body of Francis Pegoud, brother of Adolphe Pegoud, the aviator, who was killed in action nearly six months ago, was found by a passer-by yesterday hanging from a tree in the vicinity of Versailles. He was thirty-six years of age and had been employed in a munition factory. He had been depressed owing to his brother's death and to financial difficulties it was said.

EVEN CROSS, SICK  
CHILDREN LOVE  
SYRUP OF FIGS

If feverish, bilious, constipated, give fruit laxative at once.

Don't scold your fretful, peevish child. See if tongue is coated, this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look after you that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

Health for  
Sick Women

For Forty Years Lydia E. Pinkham's Vegetable Compound Has Been Woman's Most Reliable Medicine—Here is More Proof.

To women who are suffering from some form of woman's special ills, and have a constant fear of breaking down, the three following letters ought to bring hope:—

Pinkham remedies.

North Cranston, Wis.—"When I was 16 years old I got married and at 18 years I gave birth to twins and it left me with very poor health. I could not walk across the floor without having to sit down to rest and it was hard for me to keep about and do my work. I went to a doctor and he told me I had a displacement and ulcers, and would have to have an operation. This frightened me so much that I did not know what to do. Having heard of Lydia E. Pinkham's Vegetable Compound I thought I would give it a trial and it made me as well as ever. I cannot say enough in favor of the Pinkham remedies."—Mrs. MAYNE ASSAON, North Cranston, Wis.

Testimony from Oklahoma.  
Lawton, Okla.—"When I began to take Lydia E. Pinkham's Vegetable Compound I seemed to be good for nothing. I tried easily and had headaches much of the time and was irregular. I took it again before my little child was born and it did me a wonderful amount of good at that time. I never fail to recommend Lydia E. Pinkham's Vegetable Compound to ailing women because it has done so much for me."—Mrs. A. L. McCASLAND, 609 Have St., Lawton, Okla.

From a Grateful Massachusetts Woman.  
Roxbury, Mass.—"I was suffering from inflammation and was examined by a physician who found that my trouble was caused by a displacement. My symptoms were bearing down pains, backache, and sluggish liver. I tried several kinds of medicine; then I was asked to try Lydia E. Pinkham's Vegetable Compound. It has cured me and I am pleased to be in my usual good health by using it and highly recommend it."—Mrs. B. M. OSGOOD, 1 Haynes Park, Roxbury, Mass.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
