FURTHER TEUTON SURPRISE ATTACKS CHECKED

FRENCH FORCES REPULSE THE ENEMY ONCE MORE

Germany Again Use Liquid Fire in Attack on the French Lines in Beaumont Region North of Verdun—Teutons Hard Pressed in Vicinity of St. Julien.

Paris, Sept. 25.—Liquid fire was used by the Germans in an attack on the French lines in the Beaumont region north of Verdun last night. The French, however, repulsed the assault with heavy losses to the Germans. The war office so announced today.

The bombardment that has been in progress on the east bank of the Meuse, in the neighborhood of Chamme Wood, was kept up by the German guns during the night. Checked Attacks. There was active artillery fighting the Alsace front in the sectors of Hurlbala and south of Jaurivcourt. We checked surprise attacks on our small advanced posts east of Teton and north of Hill 204. On the right bank of the Meuse (Verdun front), the enemy continued the bombardment in the region north of Chamme Wood, and renewed his attacks on our trenches near Beaumont. Notwithstanding the intensive employment of liquid flame throwers, he was repulsed with heavy losses without obtaining any advantage.

MONCTON RAIDS THE WET BELT OF SHEDAC

All Hotels and Restaurants Visited and Liquor Seized—Police of City Go Over Heads of Town Authorities.

Moncton, Sept. 25.—Armed with eight search warrants a squad of Moncton police, this morning, acting as county constables, took automobiles and went to Shediac, sixteen miles from here, where the Scott Act is supposed to be in operation. They raided all the hotels and restaurants and found liquor in seven of the eight places. This, valued at \$1,000, was placed in the automobiles and brought back to Moncton for confiscation under the law. Scott Act prosecutions will be entered against all the places affected. The police state that it will require a special train to bring all the liquor stored in Shediac. It is estimated that the present quantity stored there is valued at about \$10,000.

WERE MORE OR LESS PREPARED

Special to The Standard. Shediac, Sept. 25.—The raid on the liquor sellers of Shediac by the Moncton police was not entirely unexpected. Shediac dealers having occasionally been prosecuted and fined in Moncton, but aside from the temperance question the action of the Moncton authorities is not generally endorsed here and is regarded by many as an attempt by the police of that city and certain others there to dictate to this town.
