

OUR COUNTRY CORRESPONDENCE.

FREDERICTON.

Fredericton, N. B., Oct. 13—(Special)—The Penitentiary case engaged attention at the police court today and at the conclusion of Doctor McNeil's cross-examination the case was further adjourned until Friday.

Eight shares of Bank of New Brunswick stock were sold at auction here today at \$20. The stock was held by the Central Fire Insurance Company.

SUSSEX.

Sussex, Oct. 14—The South African agricultural delegates were shown through the cheese and butter factory this morning and were much pleased with all they saw, and expressed themselves as being delighted with the hearty manner in which they were received and entertained by the people. They left by the 12-14 train for St. John.

B. J. Sharp, accompanied by his wife, will leave here today for Washington to be present at the annual meeting of Ticket Agents which commences this week. They go by way of Niagara Falls and will visit Atlantic City, Richmond (Va.) and Philadelphia before the end of the month when they expect to return.

Major T. B. Arnold has bought a house in St. John, west of the property of the late Mrs. J. N. Fitzgerald.

Rev. Mr. Holt, of Newfoundland, has been the guest of Edward Burgess for the last week. He occupied the pulpit in Trinity church last Sunday evening.

Sussex, Oct. 15—George H. White, is erecting another brick block on the corner of St. George and Queen streets, part of which is an addition to the Windsor Hotel. The other part will be used as dwellings.

Letter was received here yesterday by a friend from Capt. A. McLean, who went to the Klondike about five years ago. The captain is well and is now teaching a navigation school in Seattle, Washington Territory.

Rev. B. H. Nobles and Miss B. L. Worden are in St. John attending the convention in session there.

Mrs. F. A. McAuley, who has been visiting friends in St. John, returned home today.

Miss L. Lachure, of St. John, is visiting Miss Sutfren.

HIGHFIELD.

Highfield, Oct. 13—The farmers of this place are busily engaged digging potatoes and report a very good crop. The thrashing machines are doing a rushing business, the grain crop being above the average.

Miss Bertha Pearson has returned from Moncton, where she has been visiting friends for the past week.

Mrs. W. W. Stockton went to St. John today.

Several hunting parties from Boston and St. John passed through this place en route to the hunting grounds on Canaan River.

Wm. Brown, the well known trapper and guide, has commenced putting out

NO SIGN OF REOPENING THE SOUTH COAST NOVA SCOTIA LINE. Day Announced Has Come and Gone and Project Hangs Fire.

T. B. Flint Asked as to His Succeeding to Position of the Late Sir John G. Bourinot in House of Commons—Peat Industry Starting at Tusket.

Barrington Passage, N. S., Oct. 10.—Although yesterday was the date set for the reopening of the coast railway between East Point and this place, the public are again disappointed and the project still hangs fire. Contemporaneously the election for the local house to fill the vacancy caused by the death of The Hon. W. S. P. P., also hangs fire.

When Attorney-General Langley was here, three weeks ago, he expressed the opinion that the railway trouble would be fixed up by this time and that the election would be the next evening event. It was also understood that an election would be held in Yarmouth at the same time for the local house to fill a vacancy created by the proposed elevation of Mr. Stoneman to the legislative council.

Whether the election in Lunenburg county to fill the house of assembly vacancy caused by the death of E. D. Davidson will take place with the Shelburne one, or whether all three events may yet take place together is another matter of surmise.

Hon. W. S. Fielding, minister of finance, is expected to visit his constituency here within a few days and may be able to give the people more definite information. As for the reopening of the railway, the company seem to be making advance and Clark Cooper, the superintendent, said to me yesterday that his people were ready to meet the provincial government on any fair proposition. They are now carrying the mails daily by engine and baggage car to this place, and although no tickets are sold this side of East Point, an application to Mr. Cooper for permission to ride in the baggage car is now often granted to a bona fide passenger for the through trip. Excursions over the length of the road are likewise run on special occasions, and the Barrington end is being additionally ballasted and put in first class condition. Mr. Cooper suggests

that perhaps the fact that his company can stand the strain of thinking, operating and of the road until a subsidy is paid, as long as the provincial government or anyone else can, tends to defer the matter. It is, however, certain that opinion upon the matter in an election campaign if it is not settled previously.

An industry which has been set on foot in Lunenburg is the peat work. The peat is cut in the morning and spread in a long row. Miner Was Offended, and Fired. Shamokin, Pa., Oct. 16.—While Charles Smith, a non-unionist, was walking home from the Scott shaft this afternoon he was fired upon by a man who called an unfair name by George Gansel, who he later shot with a revolver in the shoulder, hand and arm. A mob chased Smith into his house, which he defended until the police captured him. He was later released on bail, being charged by Gansel with attempting to kill him.

Go Right on Working. Ah, yes, the task is hard, 'tis true, but what's the use of slighting it? Who bravely keeps on trying, there's no advantage to be found in slighting it. My records show that 39 out of 40 pay for the medicine gladly. I say just as when I see you say that. The people is the sufferer, a lifetime's experience has proved to the only remedy that strengthens the body, every vital organ; and no weak man can be well again until his nature is restored. I want those who are sick to know that I can cure them. Tell me some sick one whom common remedies don't cure. Simply state Book No. 1 on Dyspepsia, which I will send you without any return. Book No. 2 on the Kidneys, which I will send you without any return. Book No. 3 on the Liver, which I will send you without any return. Book No. 4 on the Stomach, which I will send you without any return. Book No. 5 on the Lungs, which I will send you without any return. his traps, and is having great success. The result of three days trapping is 13 foxes, three coons, four skunks and one large white cat, measuring over four feet in length; the rest were shown to your correspondent today.

The ladies of the Church of England sewing-circle met at the residence of Mrs. David Pearson on Thursday last.

Centerville, Oct. 13.—John, in Maroon, who lives at East Centerville, met with a very serious accident Sunday evening. He was starting after the cows that were pasturing some distance away. Rather than walk he decided to ride a young horse. The horse had a loose blanket upon it and this was the means of precipitating Mr. Marston to the ground. His hand became entangled in the reins which backed the horse on him and the animal tramped on his side and chest. Three ribs were broken. It is not known how badly he is hurt as he is lying today in a semi-conscious state.

Doctor Green, of this place, accompanied the two American gentlemen, Messrs. Phillips and Almond, returned from a week's hunt on the Miramichi on Saturday. The first three days they were on the hunt they killed three large moose, the largest having a spread of 62 inches, and 24 species. Messrs. Phillips and Almond left this morning for their home in Newport (R. I.), taking some of the meat with them. The three heads were shipped to Howard Adams, St. Stephen, for mounting.

Deer Island, N. B., Oct. 13—Quite a number of the marling factories in Westport closed for the season last Saturday. At the fish fair at Campobello, Oct. 9, Clarence Hays' boat took the first prize in the 15 foot class.

Mrs. Mabel Chaffey and Della Haney left on Tuesday to attend the N. B. Sunday School Convention in St. John, also to visit friends in Portland (N. B.).

Mrs. J. K. Fountain returned last Saturday from a short visit at her daughter, Mrs. Charles Humphrey's, in Mohawks.

Mrs. Frank Hooper entertained a number of friends at a quilting last week. The pollock fishing is about over for the season. The fishermen in this locality have had quite a prosperous summer.

Mrs. Lennie McNeill, who has been quite sick, is reported somewhat better at present.

There is talk of a "ghost supper" to be held in St. John Hall some time in the near future.

ST. MARTIN'S. St. Martin's, Oct. 13—At the last regular meeting of St. Martin's Durand S. O. T., the following were installed officers by the deputy, J. B. Hodson:

Miss F. O. Carson, worthy patriarch. Justice Cook, worthy associate. Colin Carson, financial secretary.

J. B. Hodson, treasurer. Miss Alice Cochran, recording secretary. Miss Edith Skillen, chaplain.

Miss May Milberry, conductor. Miss Grace, assistant conductor. Rev. Donald Stewart, guest worthy patriarch.

James Schoales, inside sentinel. Albert Whitney, outside sentinel. Miss Anne Skillen, pianist. Miss Mabel Cochran, daughter of Mrs. M. L. Cochran, graduated recently from the Massachusetts General Hospital with

more recent events, however, make it probable that the Yarmouth election will be deferred, whether that in this county (Chebucto) is or not.

The principal recent event is the decease of Sir John Bourinot and the removal of his body to the house of commoners of the House of Commons.

I saw Mr. Flint in Yarmouth yesterday and he would not deny that his appointment was expected. In this event a Liberal may be expected by acclamation to succeed him.

DISTINGUISHED CAREER OF SIR JOHN G. BOURINOT.

Resume of the Brilliant Career of the Late Clerk of the House of Commons.

A Tireless Worker--Enthusiastic Literary Man--His Newspaper Life--The Interest He Created in the Dominion of Canada--His Parliamentary Career.

Sir John G. Bourinot, whose death was chronicled in yesterday's Ottawa despatches to The Telegraph was one of the foremost Canadians of his time. He was a leading authority on parliamentary procedure in his own country. He had been a European reputation, being frequently quoted and reviewed in England. His distinguished services won him knighthood in 1880. He was twice married. His widow is a sister of Mrs. Joseph Howe, wife of the late Major Joseph Howe, of the Northwest Mounted Police, who was formerly of this city.

John G. Bourinot, K. C. M. G., LL. D., D. C. L., was honorary secretary of the Royal Society of Canada, Fellow of the Statistical Society of London, honorary corresponding secretary of the Royal Colonial Institute, Clerk of the House of Commons, Canada, and author of several important works and essays. He was born at Sydney (N. S.), on the 24th of October, 1826. He was a son of the late Sir John Bourinot, of the same name, and grandson of Judge Marshall of Nova Scotia. His mother was a daughter of the late Judge Marshall, well known as an advocate in the courts and his father on religious and social topics. His father's family came originally from Scotland, were Huguenots and settled in the United States.

The Marshalls were Irish originally. The father of Judge Marshall was a captain of the British army, and a Loyalist. In his early days Sir John received his intellectual training under the Rev. W. J. Porter, at Sydney. The precursor saw much promise in the lad and often spoke highly of his quickness and perception, and of the strength of his intellectual grasp. When this period of tutelage was over his father conceived the idea of sending him to the University of Trinity College, Toronto. At college young Bourinot distinguished himself and he was always prominent in the student body. He became a member of the Glee Club, and frequently called forth admiration, and of the strength of his intellectual grasp. When this period of tutelage was over his father conceived the idea of sending him to the University of Trinity College, Toronto.
