56 Ears Corn (Long) From I. Murray, Esq. Kingsclear. (Early Short) do. 56 (Purple & White) " do. P. Schleyer " Fredericton. " " W. Pringle, "
" J. Douglas, " 1 Bushel Seed (Timothy) Stanley. 1 do. (do.) " J. Douglas, " "
13 Bushels White Bald Wheat to grind to make Biscuits, and Flour to go with the above articles, from Charles Bartlett, Esq., Southampton.

Besides the above they send 1 pair, Moose Horns 5 feet 9 inches across, from J. H. Reid; specimens of Lead and Silver Ore, from Prince William; Indian War Dress complete, from Wm. Lemont, Fredericton; Fruit Basket and Pockets, made of the cones of the forest tress of New Brunswuck, from Mrs. Asa Coy, Fredericton; Model in Brass of a Stone Picker, from S. H. Gilbert, Esq., Gagetown; Forks, Hoes, Horse Haimes, Potatoe Digger, and Axes, assorted, from Peter McFarlane, Esq., Douglas; 2 Picture Frames made from the cones, buds and acorns of the forest trees of York County, from J. H. Reid, Esq., Fredericton; a Hair Wreath in a Glass Case, from Miss E. Friel, Fredericton; also Corn Meal and Rye Flour. As the time will not expire till 30th January, 1862, it may be in their power to extend this representation to London.

Their proceedings are now enumerated for the past year, and now closed, which will appear to have been one of unusual activity, and one which we hope will result in good to the county.

They now put the question to the farmers of York, and to the members of this Society in particular, have you been benefitted by your attending the Show and Fair? by your intercourse with your fellow farmers from other Societies? by your exchange of Stock and, by your sales of Stock &c., or in any other way? or have you convinced others that your own ways are perfect, or have you been convinced that you have been working to a great disadvantage, from the use of inefficient implements, from the use of unproductive and unsaleable grains, from keeping the lean, unthrifty kinds of stock like "Pharoah's of old," or have you been convinced of your errors, or made perfect in your past practice, or in any other way? If not, their efforts have been spent for no good. Who is to blame? have they failed to bring you forth in the right spirit to their annual gathering? If so you should attend the annual meeting or in some other way point out to their successors how any new efforts can be carried out, which have been realized, by Societies that have been more effective than this. You must bear in mind that in the past three years they have been beset with difficulties and short of funds to do more than has been done. Had it not been for well matured plans, they could not have completed the Show Yard, (which is the wonder and admiration of other counties) at the same time keeping up the improvement of our Horses, Cattle, Sheep, Swine, &c. ever been our aim to work by well established principles, not having a surplus of funds to experiment with.
