W. F. GURD. Solicitor. MOYER TO STAND TRIAL

HABEAS CORPUS DENIED WESTERN FEDERATION MEN

COURT HEARING MAY COMMENCE IN JANUARY.

Boise, Idaho, Dec. 4.-The decision of the supreme court of the United States in favor of the state in the case of Moyer, Haywood and Pettibone, the officials of the Western Federation of Miners, in jail here charged with com-plicity in the murder of ex-governor Steunenberg, was received with great satisfaction by the state officials and the attorneys for the prosecution. Beyond expressing his gratification because of the upholding of the state's contention by the court of last resort, governor Gooding declined to talk of the case. Attorney J. F. Nugent, resident counsel for the accused men, said that he was not prepared at this time to make any statement on the case. Just what would be done by the defense he did not know, and could not until he had consulted with his associates, both of whom were out of the city. While Mr. Nugent said he expected that the defense would move for a re-hearing of the case, that being the usual proceedure in cases of such great importance he declared he could give no definite information on the subject. James H. Hawley, chief counsel for the prosecution, declared the decision was pressed his satisfaction at the action of the court. Mr. Hawley said the way was now clear to bring the accused to trial, and while he was not in a position to say just what move the defense would make he said he did not expect any fur-

was more than probable that the trial would be started early in January.

The effect of the decision of the federal supreme court is to continue to hold them for trial in Idaho. Of the m nvolved, Charles H. Moyer is president, W. D. Haywood is secretary-treasurer and George A. Pettibone a member the Western Federation of Miners. They are now in prison under a charge of murdering ex-governor Frank Steu berg, although it was not charged that they were present when the crime was committed. The cases came to this court on appeal from a decision of the Idaho federal court, refusing to grant writs of habeas corpus. The main point was the method by which the Idah authorities secured jurisdiction over the men. All of them are residents of Colorado and it was alleged on behalf of Moyer and his associates that they were to break the lges and arms of the strike kidnapped in pursuance of a conspiracy to which the governor of Colorado and the Idaho authorities were parties, and hence that jurisdiction was acquired by

fraud. Announcing his conclusion that the United States circuit court had jurisdiction in the habeas corpus proceedings, justice Harlan said:

"Looking first at what was alleged to have occurred in Colorado touching the arrest of the petitioner and his deportation from that state, we do not perceive anything done there, however hastily or inconsiderately done, which can be adjudged to be in violation of the constitution or laws of the United opens tomorrow before magistrate Daly. States."

He added that the governor of that state had not been under compulsion to demand proof beyond that contained in the extradition papers. His failure to require independent proof of the fact that the petitioner was, as alleged, fugitive from justice, cannot be regarded as an infringement of any right of never give up the fight for the extension the petitioner under the constitution of Manitoba's boundaries until he had apor laws of the United States.

"No obligation was imposed by the constitution or laws of the United States on the agent of the state of daho so to time the arrest of the petitioner and so conduct his deportation from Colorado as to afford him a convenient opportunity before some judi-cial tribunal sitting in Colorado, to test the question whether he was a fugitive from justice and as such liable under the act of congress, to be conveyed to Idaho for trial there."

HE WILL DESERT ZION

VOLIVA TO LEAD HIS PEOPLE FROM DOWIE'S CITY.

PROPERTY WILL BE ABANDONED TO NUMEROUS CREDITORS

Chicago, Dec. 3.-The Chronicle today says: Zion is to be abandoned. The "Restoration" city which was built by John Alexander Dowie, after years of strenuous effort, will shortly be left to its creditors by overseer Wilbur Glenn Voliva, who, like a new Moses, will lead his people forth from the discredited gates to found another Zion. Announcement of the approaching Hegira was made yesterday by overseer Voliva before an audience of more than 1000 persons in Zion church. At the same time he outlined his plans for a new city, to be conducted along soc ialist lines, with himself as supreme spiritual and temporal head. Coupled with the announcement of his plan worthy members of the church, who, he declared, were responsible for its fall

FIRE VISITS CRANBROOK

BRIGADE TURNED OUT IN MIDDLE OF THE NIGHT.

IN HALF AN HOUR ALL WATER PRESSURE WAS GONE (Special to The Daily News)

Cranbrook. Dec. 5 .- This morning at

15 an alarm called the volunteer fire brigade to deal with what threatened to be a serious blaze in the building occupied by A. E. McDermott as a wholesale liquor store and bonded wareouse, lying immediately east of the fine new concrete concerns just finished for the Fink Mercantile Co. Quite a strong wind was blowing directly against the back of the building and owing to one of the hydrants being frozen two lines had to be laid from the stand at the corner of Armstrong ave The fire had things pretty well in its own hands at the back where it started and along the roof at one time; but alderman Fink, the chief of the gade, and his young men got at gade, and his young hen got at very source of the trouble just when the crowd thought that the building was gone. About 20 minutes of hard work smothered the fire which had extended from the back to the front along both the ground floor and the upstairs portion. By 1.45 the people were back in their beds again. The Cranbrook fire brigade deserves every praise, and this is not the first occasion when they have earned very special congratula-

It was most fortunate that they caught the fire in the beginning, since by the time they had finished, the pressure had fallen so low that one co hardly fill a glass of water from the nearby buildings. If two lines of hose can run the pressure so low in twenty or thirty minutes, it is argued, there is something radically wrong with the water supply system and the sooner people recognize it the better for all concerned. It is better to have the fact recognized now than raise a howl when half the city goes up in smoke.

who are responsible are taking chances. The upper part of the building was occupied by Richard Patmore and his garments, some of them, and lost nearly everything they had in the way of furniture. Mr. McDermott's stock suf fered considerably but mostly smoke and water. His office and books were saved as was the bonded warehouse and its entire contents. The fire originated in McDermott's bottling department, apparently stove the pipe of which was carried by series of two or three elbows through as many wooden partitions. The damage will run to \$5000. Alderman Joe Jackson owned the building, which was one of the first erected in the city

TURNED STATE'S EVIDENCE

Witness Describes Methods Used to Win

Chicago, Dec. 5-Exposure of the methods employed by teamsters to try to win the great strike in 1905 were given today in the trial of president Cornelius P. Shea of the Teamsters' union, and his fellow labor leaders, by Joseph Schultz, a slugger, who, with Albert Young, turned state's evidence. Schultz declared that Shea had told him breakers, and especially to attack the negroes. When this means of bringing about the desired effect did not work satsfactorily Schultz asserted that Shea or ered the hired picket to throw egg shells filled with acids at horses driven by the non-union men. The acid throwers, cording to Schultz, were responsible for many runaways and were regarded as a great aid in the fight against the emp
