a. This balance was more than covered by a sum claimed as a revote in 1885-86, and is, therefore, not carried forward. b. Work proceeded with more rapidly than anticipated. c. Cost of work in excess of estimate. d. Carried to 1885-86.

Note by the Auditor-General.—In the Public Accounts, part ii, page 307, the expenditure for Industrial Schools is published under the head of Public Buildings, N.W.T., but as the appropriation was voted under Indians, and only transferred to Public Works Department for its more convenient outlay, the expenditure is shown by this office where the vote was taken.

† \$240.26, charged here for repairs to Indian Office at Battleford, is published in the Public Accounts under the head of "Indians, Industrial Schools."

This account has been examined under my directions, and is correct.

J. L. McDOUGALL,
Auditor-General.

Examined,
J. H. BALDERSON
