

"What goes up must come down" and coming down closest to a white line on the runway won Calgary the Flying Club competition held in Hanna October 29, Calgary, with only one plane entered, took all the marbles from U. of A. by also winning the bombing contest. The object of this event is to drop a small sand bag nearest a target from an altitude of about two hundred feet.

I was the guest of the U. of A. Flying Club and inspite of the bitter cold that Sunday I enjoyed myself immensely. The Club is still looking for members so if you like to fly phone Grant Corriveau at 435-2078.
