## Perinbaum visits UNB CUP CONFERENCE **Speaks to Students** HELD IN OTTAWA

AA SYSTEM TO BE REVA

Lewis Perinbaum, Toronto, executive secretary of the World University Service of Canada, has been visiting the University of New Brunswick for the past two days in order to co-ordinate the work of the local committee with that of other universities across the country.

Mr. Perinbaum, native of Malaya arrived in the city Thursday and spoke to a general meeting of students yesterday to acquaint them with the three-point programme being undertaken by WUSC this year

Thirty Canadian students, one from each university in the country will attend seminars this summer in Japan, West Africa and the West Indies. This is an annual item in the organization's activities, and last year Miss Joanne Corbin of UNB was the provincial university's representative at European seminars.

These trips are financed through provincial and university grants, contributions from business and the students going.

A \$20,000 material aid program for universities in Asia, the Middle East and Africa is the second item in the WUSC undertakings. Al-ready \$4,000 of this has been raised by the Universities of Alberta and Western Ontario, and UNB will begin its campaign for funds sometime in February. THIRD PROJECT

The third project of the year is the setting up of overseas scholarships, for students from such coun-tries as India, Malaya, Indonesia, Turkey, Germany, Ceylon and Ni-geria to attend Canadian universities. Already 12 scholarships have been set up by UBC, U of T, U of Alta., the University of Saskatchewan and Carleton College, Ottawa. Some of these scholarships will be on an exchange basis, with Cana-dian students going to foreign

countries to study. This is the first Maritime uni versity Mr. Perinbaum has visited on his present lecture tour which will take him across the country. In stressing the importance of WUSC's work, Mr. Perinbaum told students that the contribution Miss Beth Cattley is chairman of the local committee at UNB.

students that the contributions made by Canadians to progress in Close Feb. 7

The 1954 Canadian University Press Conference was, in the opinion of most of the delegates, one of the most successful held in the last few years. Students from as far east as Halifax and as far west as Vancouver met to discuss their various problems and to attempt to find solutions for them.

One of the more important questions discussed at the conference was that of the relationship between CUP and the National Federation of Canadian University Students. On the first day of the three-day conference, delegates were addressed by Peter Martin, vice-president of NFCUS for Ontario region. In a twenty minute talk members. The committee also followed by a question period, Mr. recommended that the paper at the Martin outlined the purposes of NFCUS, pointing out what it has NFCUS and WUS conferences be done in the past, and what it will mandated to provide three CUP attempt to do in the future. He reporters responsible for gatherdone in the past, and muture. He reporters responsible for gathers attempt to do in the future. He ing all data on the conferences stated that CUP and NFCUS ing all data on the conferences should aim at closer cooperation, should aim at closer cooperation, vice to all CUP members. as their goals are relatively simi-lar, and they are both national or-The editorial policy committee reached many important decisganizations. He contended that the main usefulness of NFCUS is ions, two of which are mentioned earlier, in connection with NFCUS.

that it has the power to speak as the voice of all Canadian university students in dealing with such outside organizations as IUS. Another high point of the con-

ference was the refusal by CUP of the Ryersonian's application for affiliate membership. The reasons given for this were that the Ryerson Institute of Technology is not a college or a university, in that it does not grant degrees, and that the Ryersonian is not an amateur paper, as the staff receives expert advice from the school of journalism at the Institute. How-ever, members of CUP were urged to exchange papers with Ryerson, as it is felt that a lot can be learned from the paper.

The first business on Wednesday was the hearing of the Eastern Regional Conference report. Following this St. Mary's Journal was accepted as an affiliate member of CUP for the third consecutive Editors of The McGill Daily and The Varsity then gave reports to the assembly, the former on his investigation of the possibility of PHOTO SALON TO

INISTRATION TO BE BY UNIVE MACAULAY SPEAKS TO SRC TONIGHT FINANCE IS STUMBLING BLOCK

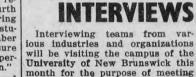

Mr. Beverly Macaulay, the university Business Manager, will speak to the Students' Representative Council meeting tonight in Room 106 Forestry Building and will present to the S.R.C. a proposal from the university administration which, if accepted, would put the finances of university athletics under the administration. The S.R.C. would lose all connection with athletics and the present organization involving financing by the S.R.C. and administration by the Amateur Athletic Association would be abolished.

The proposed plan, it is expected would involve an extra sum to be added on to the present tuition. The S.R.C. fee would be lowered equivalently. The reasons given by the advocates of the plan is that athletics could be organized as a department of the university and budgeted by the university. It would then be possible to know months beforehand the sums available for the various sports on the campus. It would remove the uncertainty of the present system.

The proposal will have to be ap-proved by the Students' Represen- Support for the proposal i tative Council, the Faculty and the University Administration, and Another motion passed by this committee and the plenary session 1955-'56, which are being drawn up now, the approval of the senate would have to be received at the

read: "Good journalistic stand-ards should be the primary con-sideration in the publishing of news by members of the CUP, rather than the possible effect on the public relations of their ré-spective universities. A fourth toation read. "Before consuring EMPLOYMENT motion read: "Before censuring student newspaper in the students' council, the council member proposing the motion of censure should meet the editor and per-mit him to explain his position." Afterwards a motion was passed that the CUP would send an offi-cial delegate to the IUS Congress in 1956, and that "the sending of information to IUS should be un-

dertaken by a paper mandated by the CUP, and that the same paper ascertains that the material print ed in IUS publications corre-sponds to, or is compatible with that sent to them." McGill wa mandated to take over this job.

## **NEWS BRIEFS RED 'N BLACK**

.8

The dates for the Red n' Black evue have been decided upon as March 9, 10, 11 producer Bill Barwick has announced. Rehersals got under way last Sunday and many interested students turned out to indicate that a good revue can be expected this year. Anyone who feels that he can contribute is asked to get in contact with Mr. Barwick at the Mens' Residence.

YEAR BOOK

of the book have gone to press so far. The closing date for Hodge Podge pictures is February fif-teenth and all students are asked to contribute at least one snap shot of themselves or friends. The photo editor announced that Wednesday, Thursday and Friday of this week are the days for group nictures to be taken.

DEBATE

UNB Debating society has been promised \$63.60 by the S.R.C. to finance a debating team (Hugh Peacock and North Pert) to go to McGill to take part in a competi-tion to be held in Montreal in conjunction with the McGill Winter England, Wales or Scotland. Carnival.
