Menon wished it understood that the picture is not dark everywhere. In Africa the number of individual states has climbed from four to twentyseven since 1952. However, there is still a great deal of Portuguese and British territory, in addition to Algeria, which has not yet gained self-rule.

Help has been extended to Pakistan and to the Congo, where financial assistance is badly needed.

All the troublesome situations have become more alarming with the death of the Secretary-General. "Everyone cancels everyone else with the veto," said Mr. Menon. He concluded on a note of hope, however, that if enough people protest that atomic war came a full-time officer. NFCUS solves nothing, then something more constructive may be de-
