

BOARD OF GOVERNORS CANDIDATES

FRASER MATTE

To the Students of Dalhousie:

In the 1992/93 academic year the Students of Dalhousie must assume yet another increase in their tuition. This 10 percent follows on the heels of a 25 per cent increase on tuition that students had to absorb this year.

The Board of Governors justifies present and future increases on several levels. Firstly, there is a feeling on the Board that Dalhousie plays a leadership role in post secondary education in Nova Scotia. The Board feels that the corresponding tuition level should be 110 per cent of the provincial average. Secondly, so the argument runs, due to governmental cut-backs in funding a larger portion of operating costs must be derived from tuition fees. Finally, the Board advocates that a portion of these increases is necessary to keep pace with inflation.

Many of the students at Dalhousie have demonstrated evidence to the contrary. It is questionable how a university that advocates above average tuition while increasing class size and reducing course selection is a leader in its field. Furthermore, there has been little attention focused on how Dalhousie could maxi-

mize the efficiency of current revenues so as to reduce, if not eliminate, the need for increases in our tuition. These increases could be further diminished if the Board did not conveniently choose inflation rates that are consistently higher than those reported by Federal Agencies.

We must continue to demonstrate our dissatisfaction with the Board of Governors. It is absolutely necessary to achieve accountability of the University of Dalhousie to its students. In addition, it is necessary that the Board of Governors be made aware of students' concerns over potential rationalization in Nova Scotia. Finally, student representatives must guard against any attempt by the Board to reduce the participation level of students in the process of determining policies for Dalhousie.

SCOTT CRAWFORD

My name is Scott Crawford and I am one of your candidates for the position of student representative to the Dalhousie Board of Governors. I am originally from PEI and am presently enrolled as a third year political science student.

I see my responsibilities as a BOG member as two-fold:

- 1) as a representative of the student body on the DSU Council
- 2) the student body's and DSU Councils representative to the Dalhousie BOG.

As numerous issues arise in front of Council I hope that any concerns a student may have on any of these issues will be expressed to me. I hope to be able to clearly represent the wishes of the student body to Council. I shall strive to fight for the interests both in the committees of the Board and in front of the whole Board. Issues which closely touch students such as rising tuition fees in conjunction with falling academic quality will be a top priority.

I have served as president of the Political Science Society and as a DSU representative on Dalhousie Senate Committees. I hope to carry on my service to the student body as a member of the Board of Governors. Thanks!

NOVA SCOTIA PIRG CONT. FROM P. 3

Heather Reid

I am a student of biology and will be entering my honours year this September. My concerns centre around women/equality issues, social struggles of the First Nation, in particular problems posed by James Bay II, and greater education on composting and recycling. I have been on the 1991/92 PIRG Board of Directors and hope to be a part of it again next year.

Peter Papadogianis

I will be entering my second year of graduate studies in the Department of Pathology in the Fall. I feel that the increased consciousness of social problems deserves our continuing attention. Nova Scotia PIRG is well equipped for action on such concerns. Please show your support for Nova Scotia PIRG by coming out to vote.
