OTTAWA, 28th March, 1912-

Sir-

Referring to your letter of the 16th Instant, relative to issue of lease to Mr. Everett Love for a portion of Location No20 Rice Lake Reserve, I beg to say that from the description given in said lease it would be quite impossible to identify said land on the Plan. The agreement is enclosed herewith, in order that a proper description of the land may be prepared, upon receipt of which the issue of lease will be given immediate consideration.

Kindly give this matter your early attention, the term of lease being from 1st May next.

Your obedient servant
