

was pleased to hear with extreme of the price  
policy of the Government.

<sup>and speaking of</sup> I must say however that there is some little  
prospect of a round about the Government's intention

regarding the Church Union Bill even to the extent  
that influence is being brought to bear upon some  
members of the Government and those the most influential  
to secure the defeat of the bill. Of course it is all  
hypocritical but I have heard it stated that you have  
decided the Quebec Liberals in this matter!!

We are having a very enjoyable time here. Every  
day recently I see a Band Leader from Northbridge

Mr. R. P. Buckley at the same house in your Ottawa  
Chinits Mr. McLaughlin. He seems a very fine fellow

and is a charming man to meet. His address this  
part in the White on Union and his address this

morning in clarity of expression and eloquent  
epigrammatic presentation of the country's claims to

have the address right & worthy in our great  
we have had yet been called by any other speaker.

Mr. Mackinnon has taken the liberty of  
the recently by some cases those of his opponent on

the morning question. Looking over I left a very  
the Minister. My subject was Mr. Seagram's & heard a few

days with them. I suppose you are enjoying the  
delights of King's square at such moments which would be rare

just now & when you can head away from Ottawa. Your college  
and study always remember their heads last fall. The school is

at school last of winter & hope you will come and see us in the  
reference to summer in one. With affectionate regards  
to all.
