GAUTIER (Theophile). One of Cleopatra's Nights
and Other Fantastic Stories. Translated from the
French by Lafcadio Hearn. 8vo, cloth extra, gilt
top, \$1.75.

A brilliant and intensely fascinating collection of stories from the pen of the inimitable Gautier,
they are excellent specimens of his work in his brightest and happiest vein; the scenes are auda-
ciously limned, and distinguished for their conscientious fidelity to nature.

GRAY.—The works of Thomas Gray, in *Prose and
Verse*. Edited by Edmund Gosse, Lecturer of
English Literature at the University of Cambridge.

"Every lover of English literature will welcome the works of Gray, the author of the immortal
'Elegy written in a Country Churchyard,' from the hands of an editor so accomplished as Mr.
Gosse. His competency for the task has been known for some time to students of poetry, and
the present edition is now considered to be the most careful and complete ever published."—

GUNNING (William D.).—Life History of Our
Planet. Illustrated with 80 illustrations by Mary
Gunning. Crown 8vo, cloth, gilt extra, \$1.50.

From this work, more so than any other, we probably gain a clearer idea of the almost
incredible changes Nature has wrought on our planet and still more wonderful changes we may
expect in the future. We are given several interesting pages—with illustrations—on the mammoth
creatures of pre-historic times, whose mummified bones alone remain to tell their story. It should
be read by every one who desires to know more about the world we live in.

HARDY (Lady Duffus). Through Cities and Prairie
Lands. A most interesting book of Travels in
America. 1 vol., crown 8vo, cloth, gilt top, \$1.75.

Recollections of a most pleasant trip made by this distinguished lady through America. She
has many warm words for the kind manner in which she was treated, and altogether the
work is a most pleasing and pronounced contrast to the average hastily written English impressions
of America.
