

Calf Meal That Is Predigested

INTERNATIONAL GROFAST CALF MEAL is a perfect substitute for new milk for rearing calves.

Many of the ingredients contained in Grofast are cooked before mixing to make them easier to digest. Calves like it and thrive on it, growing thrifty, sleek and lusty.

INTERNATIONAL GROFAST CALF MEAL

is the standby of hundreds of successful farmers and breeders throughout the Dominion, who endorse it to be the ideal food for raising calves. It costs you no more to raise three calves on Grofast than one on whole milk. Sold in 25, 50 and 100 lb. bags. For guaranteed results demand Grofast and refuse substitutes.

Your dealer sells **GROFAST Calf Meal**, or write us.

Gossip.

The Western Canada Fairs Association held a meeting in Edmonton, on Thursday February 26, and settled definitely on the following dates for the fairs in Western Canada this coming summer:

Western Canada Fairs Association date.—Class A: Calgary, June 26 to July 3; Edmonton, July 5 to 10; Saskatoon July 12 to 17; Brandon, July 19 to 24; Regina, July 26 to 31.

Class B: Weyburn, Aug. 2-4; Swift Current, Aug. 2-4; Medicine Hat, Aug. 5-7. Red Deer, July 10-14; Camrose, July 15-17; Lloydminster, July 19-21; North Battleford, July 22-24; Melfort, July 26-27; Prince Albert, July 28-31; Yorkton, Aug. 3-6.

The Jersey Herd at Edgeley.

To have held in one herd for several years a Canadian championship for butter production, is an honor that does not come often to dairymen specializing with any one breed of cattle. This, however, was the honor which befell Messrs. James Bagg & Sons, breeders and developers of the great Jersey cow, Sunbeam of Edgeley. Her fat production of 926 lbs. for the year, it will be remembered, stood first in Canada for any breed from 1914 until it was beaten last year by the Holstein cow, Jemima Johanna of Riverside. In visiting the Edgeley herd recently, we were pleased to find that this famous former Canadian champion was still in excellent bloom and again, well forward in calf to the service of the present herd sire, Financial Raleigh King. This bull was selected from one of the largest herds in United States some two years ago, and he is probably one of the most fashionable-bred Jersey sires in Canada to-day—he being the son of Financial King Stockwell, who sired the \$60,000 Financial Sensation, and whose services the past year in outside herds amounted to over \$30,000. For dam, Financial Raleigh King has that good cow Noble of Oaklands whose sire was the famous Financial Count. There are now six heifers from this sire in the herd, and five young bulls advertised at present are all sired by him. Two of these bulls are from daughters of the former herd sire, Edgeley Bright Prince, and he again is a son of Sunbeam of Edgeley mentioned above. There is also a son of the three-year-old heifer, King Greta among the lot—this heifer being first in her class in the Guelph Dairy test this winter, as well as the winner of her class at Guelph in 1918, as a two-year-old. Of the two remaining calves, one is a son of an 8,000-lb. two-year-old heifer with 460 lbs. of fat for the year, and her dam is a full sister to Sunbeam of Edgeley. This makes up the entire list of young bulls at present, but a line or two further regarding other females in the breeding herd might be of interest. There is for instance, four daughters of Sunbeam of Edgeley, the outstanding one being Princess Flo. This cow, it will be remembered, stood second to her dam in the Jersey awards at Guelph when her dam was the Sweepstakes winner of the show, and she also has a yearly record of over 10,000 lbs. of milk and 600 lbs. of fat in the R. O. P. as a four-year-old. Other cows in the qualified list include Fanny of Edgeley, a 12,000-lb. yearly record cow, and winner of her class in 1918 and 1919 at Guelph; Fairy Lass 10,090 lbs. of milk and 608 lbs. of fat as a three-year-old, and Black Beauty, the highest scoring two-year old tested last year with 8,410 lbs. of milk and 470 lbs. of fat. These are records which were made on strictly commercial lines and during the test the animals in several instances were among the show herd exhibited at Toronto and London, where they gave a good account of themselves in the way of individuality. A summary of their winnings at these shows, will perhaps best demonstrate the individuality of the herd throughout. In the herd competition they were awarded second at Toronto, first at London, first at both Toronto and London for "produce of cow", and second at Toronto and third at London for "get of sire," a showing which is seldom equalled by one herd at these two exhibitions. The herd at present numbers 150 head.
