Westclox

Baby Ben will slip snugly even into small stockings

BABY BEN does his work with a smile—and gets you up the same way. Not so easy sometimes, either, on those cold, dark mornings when you'd a lot rather stay in bed for another little roll-over nap.

Maybe it's his littleness that gets him so many friends: folks chum up with Baby Ben on sight. But he's a lot more than just cute! Otherwise his friendships wouldn't last.

He's a good timekeeper and a dependable alarm—true to the Westclox reputation.

Baby Ben will call you once with a long ring or he'll coax you gently out of bed with intermittent calls—any way you say.

He's just about as big as a minute but he takes every minute seriously—as a good timekeeper should.

That Westclox construction inside his case is what helps him make good. The name, Westclox, on the dial and tag *always* means Westclox patented construction; and honest, faithful time-keeping.

Engineers Designed This Post

When our Mechanical Engineers were called upon to design a fence post that would be perfect in every detail, they designed the "U" shaped post.

The "U" shape has been adopted by Burlington Products, Limited, because it is recognized to be the strongest and best. Where the most strain comes the steel is extra thick. There are no holes to weaken this post.

BURLINGTON STEEL FENCE POSTS

will stand any farm strain. Made of high carbon steel, rust-resisting and properly erected they will last a lifetime.

From the point of economy, Burlington Steel Fence Posts are the logical posts to use.

You can buy them from your fence, hardware or implement dealer, or direct from the factory. Immediate shipment.
