## HELD BY THE ENEMY

Old foggy ways are the enemy of progress and thrift. Old cans and pans and inferior skimming methods keep a tight hold of the smaller butter-fat globules. . . . You lose that way.

While scarcely over a year old, "Frost" Woven Fence holds the record for big sales. Notwithstanding heavy production and almost constant operation of our big plant, we had less of these goods on hand at the end of our first year than we had at the end of the first week.

December, January and February usually are "lean" months in the fence business, but "Frost" factory is working overtime. We are busy making a fence that is generally acknowledged the most perfect "factory-made" fence on the market. It enjoys the distinction of possessing the strongest and most secure binding (having more inches and weight of wire in the tie) on a "ready-made" fence. The horizontal and stay wires are made from the same grade of hard steel wire as "Frost" Coiled Wire.

Ample provisions are made for expansion and contraction.

### No "Shoddy" Here. It has the A.1. "Frost" Fence Quality

There is no "shoddy" in this sheep. It's like "Frost" Fence in quality. Unlike the "shoddy" fence, there are no jointed or soft wire stays, no short kinked laterals, no locks with unsecured ends to loosen, no poorly galvanized wires, in the "Frost" Fence, it is "all wool" in quality. It's all No. 9 wire.

In fact, "Frost" Woven Fence has become a keen rival of fencing with Coiled Wire Laterals. It is made in 37 different styles, giving a complete assortment in heights, different spacings of horizontal and stay wires.

"Frost" Woven Fence is daily proving itself positively the best proposition for anyone who has some spare time which he can devote to the handling of its sale. If you would like to talk this matter over, we will be very glad to put our time against yours. We will send a traveller if you will give us the tip.

Now if you are engaged in wire fence business but want to enjoy the BIG trade, better get in touch with us at once as we are establishing new agencies in all unrepresented fields.
