

Thrifty Chicks Make Paying Fowls

That's reason and common sense. What the chick is, the fowl will likely be. The important matter, then, for every poultry raiser is to give the growing chickens a good start. Not at all a difficult thing to do, either, if you get Dr. Hess Poultry Pan-a-ce-a to help you. This is a Tonic to mix once a day in the soft feed—a system known among poultry men as "The Dr. Hess Idea" of feeding. Only a little of it is needed, but its effect is surprising. You can almost see and measure the daily development of the little peepers, from tender weaklings to vigorous, growing young fowls.

DR. HESS Poultry PAN-A-CE-A

Will carry them on from the growing stage to early maturity and pay you abundantly for the little extra attention you have given them. It cures Gapes, Cholera, Roup, etc.; it makes the pullets lay early and keep it up the whole season round, because it acts on the digestive organs of the hen and gives her power to assimilate large quantities of food and turn it into eggs. In the same way it helps to fatten the cockerels and other birds you wish to sell. It gives strength to pass the moulting season and good health always. A penny's worth feeds 30 fowls one day. Sold on a written guarantee.

1½ lbs. 35c; 5 lbs. 85c; 12 lbs. \$1.75; 25 lb. pail \$3.50.
Duty paid.

DR. HESS & CLARK, Ashland, Ohio, U. S. A.

DR. HESS STOCK FOOD

Is a guaranteed animal tonic, formulated by an experienced live stock farmer (Dr. Hess, M.D., D.V.S.) for the sole purpose of bringing about an economical system of feeding. It acts on the digestive organs, keeps them healthy and active and relieves the minor stock ailments. The animal receiving it can consume and put to use a large ration. Thus it helps the cow to give more milk and the steer, sheep or hog to fatten quicker. No live stock owner can afford to do without Dr. Hess Stock Food. Fed twice a day in small doses. Sold on a written guarantee.

100 lbs. \$7.00; 25 lb. pail \$2.00. Smaller quantities at a slight advance. Duty paid.

GOSSIP.

AN IRISH BULL.

A Shorthorn bull was sold in the Glasgow market last month which weighed 2,954 lbs. The animal was consigned by a County Cork dealer, and his immense size, combined with good quality, attracted the attention of the frequenters of the market. Councillor T. J. Irwin purchased the animal at \$220. The bull was between four and five years old, and as straight on the top line as a yearling, quite free from patchiness, and stood over 5 feet 6 inches in height. His length appeared to exceed 9 feet.

Things are certainly moving some around the Cairnbrogie stables of Graham Bros., at Claremont, Ont. They report an almost unprecedented demand for Clydesdales, both stallions and mares, with a decided demand for better quality, more size and draft character. Since last September they have sold a total of 47 Clydesdale stallions, 20 of them going to Western Canada, 32 being shipped from Claremont station inside of seventeen days, surely record work. They have also shipped to Iowa, 67 registered mares, which, on arrival, were sold by auction at Storm Lake, Iowa, and made the grand average of \$487 each, which speaks unmistakably of their quality. Graham Bros. are also making arrangements to ship 14 more to the same firm. Besides these, they have sold to R. A. Fairburn, of Fairfield, New Jersey, 12 registered mares, the champion Clyde stallion, Garty Pride, and the winning Hackney stallion, B. B. Critic. There also went to Mr. Spoor, President of the Union Stock-yards, Chicago, a pair of high-class Clyde mares. Mr. Spoor was formerly an enthusiast of the Percheron, but has come to realize that the Clyde is par excellence the greatest of them all. Horsemen, wake up, and let us know what you are doing.

HILLVIEW SPECIALTIES.

The specialties in pure-bred stock breeding at Hillview Stock Farm are Clydesdale horses, Shorthorn cattle, Yorkshire hogs, Barred Plymouth Rock and Houdan poultry. This noted breeding farm lies in the County of Ontario, six miles from Pickering Station, G. T. R., on the south, or Claremont Station, C. P. R., on the north, and is the property of W. F. Disney, Greenwood P. O., one of the rising young men of South Ontario. Owing to the record demand for Clydesdales for the last few months, there is only one left for sale, Minnie Darnley, a brown, nine years of age, sired by Linkwood Boy, by Cairnbrogie Stamp, dam Darnley Rose, by Darnley (222). She is exceptionally well-bred, and, in condition, will shove the ton very close; a right good mare. Her last year's colt was sold a few days ago for a long price. The Shorthorns are Scotch and Scotch topped, of the Miss Ramsden, Duchess of Berchem Abley families, and others, going to Imp. Daisy = 105=.

For years, Shorthorns have been bred on this farm with the object of increasing their usefulness as producers of milk. The stock bull lately in service was Lavender's Pride = 76052 =, by Lancaster Champion, dam Lavender Beauty 3rd, by Prince Gloster. All the heifers old enough are in calf to him, and are sired by Imp. Royal Scott. Several of these are for sale, as well as Hillview Royal Ramsden, a red bull calf, eight months old, sired by Royal Ramsden = 66770=, dam Hillview Miss Ramsden, by Imp. Royal Scott. He is thus doubly infused with the blood of that popular old milking strain of Shorthorns, the Miss Ramsdens, and will make a right good, thick, sappy bull. The Yorkshires are all that could be desired for type, size and quality; imported and home-bred. Among the several choice brood sows are such well-bred ones as Broomhouse Sally 2nd (imp.), sired by Broomhouse Candidate. She has a splendid, even litter at foot, by O. L. Julian 42nd. O. L. Violet 32nd is by O. L. Chancellor 1st, and has a litter by Craigbrook Duke (imp.), the main stock boar in service. Several of the other sows are of the popular Cinderella strain. For sale, are both sexes, along about six weeks of age, an exceptionally choice lot. The Barred Rocks and Houdan poultry are a well-selected lot, from which eggs for hatching are now for sale.
