Importing Barn

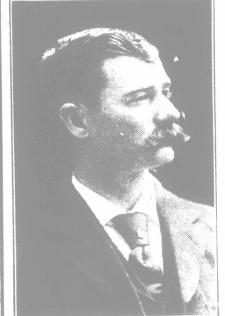

J. B. HOGATE, Proprietor

IMPORTER OF

Clydesdale and Percheron Stallions

I can sell you a ton stallion for less money than any man in the business. Don't buy undersized stallions and think you will breed draft geldings and mares from them. Come and see my ton horses and get prices. I will surprise you and save you plenty of money. Weston is reached by the G. T. R. and C. P. R., and Street Railways every twenty minutes from

J. B. HOGATE, Weston, Ont.

21 IMPORTED Clydesdale Stallions

My 1910 importation, nearly all 2- and 3-yearolds. They are ideal in draft character, with faultless quality of underpinning, every one will make a ton-horse and over, and they represent the best blood of the breed; they will be priced right and on terms to suit. Farm is two miles from end of street car line. A 'phone from Guelph will bring a conveyance to meet visitors.

London, Ont. Imported Clyde and Shire Stallions

With 20 years' experience I know the kind of horses wanted in this ccuntry. I have both Clyde and Shire stallicns up to a ton in weight, with quality, character and breeding unsurpassed. I am never undersold, and give terms to suit. Write your wants.

T. J. BERRY, Hensall, Ont.

IMPORTED PERCHERON STALLIONS.

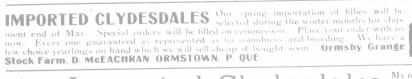

We have at our stables some of the finest Percheron Stallions ever imported to this country. The large drafty kind, with plenty of good flat bone and the best of movers. Our horses range in age from 2 year-olds to 5-year olds.

We also have three **German Coach Stallions** of the true type. We invite

inquiries from all intending purchasers, and assure them that they will do well to get our prices and terms before buying, as we are in a position to sell below competition.

R. HAMILTON & SON,

SIMCOE. ONTARIO.

Imported Clydesdales
My new importation of Clydesdales to comply with the Canadian standard, combining size, style, quality and faultless underpinning with Scotland's richest blood. They will be priced right, and on terms to suit. BARBER BROS., GATINEAU PT., QUEBEC.

GOSSIP

WHAT CANADA NEEDS.

Editor "The Farmer's Advocate":

I enclose you a clipping from an Iowa paper, showing what taxes they pay over

"Taxes in Iowa this year will aggregate \$31,299,000, about \$15 per head. This means regular taxes for all purposes, State. county, municipal, school and township. It is a much larger sum than has ever been levied in Iowa in the past. The levy last year was \$29,829,000. The average levy is 45.12 mills, or about 41 cents on the dollar of county valuation, supposed to be 25 per cent. of the real value. But in the cities the total levy runs from 75 to 90 mills. The taxable value as equalized by the executive council is \$693,240,772. The chief increase is in the local levies. The State levy is \$2,287,000. Last year it was \$2,315,000. From 1902 to 1910, State taxes increased \$287,000, and local taxes \$8,.37,000. Iowa is getting rich, but the gentlemen who levy the taxes always manage to keep in advance of the State's progress."-Dubuque Times-Journal.

As live stock is included in the assessment, the farmer is taxed rather high on the whole. Even if the railroads are taxed at a very much higher rate than in Ontario, it does not seem to help the farmer any. As far as the "cheap" implements to be bought in the United States, well, the less said the better. They are made to sell, durability being little thought of, as long as the stuff is unloaded onto the farmer. Cheap cream separators are made with cast-iron bowls, and frequently burst. Other machines are no better, if you buy the cheap lines, and the Illinois Experimental Station found the average life of a binder to be less than five years, and this is in the corn belt, where oats and wheat are the smallest part of the crop.

If some of those farmers who are talk ing free trade so as to get cheap stuff from the United States, would buy honest Canadian - made implements, use a little more oil, and give them decent shelter when not in use, I say that their implement bill would be less than it is now, and even less than that of a farmer doing the same amount of work in the I nited States.

I can show a Canadian - made binder that has cut for nineteen years on our farm, and some outside work as well, over 1,200 acres in all, and the repair bill, outside of canvass and sections, is less than \$10. This binder has cut more down grain with less trouble than any machine ever sold in this county, and did just as good work on the last acre as

A Canadian mower of another make has cut ten seasons, say 200 acres, and

What Canada needs is less tariff tinkerng, less "graft," fewer weeds, better farming, more faith in our calling. GEO, A. SMITH.

search, themen come are good and two evaluation of superior entrery of a particular to the, or even a few score such bad implements of all makes, just as there are good and bad cows of all breeds. Besides, as Mr. Smith suggests much depends upon the care. As for taxation, it is undoubtedly true that both American and Canadian farmers pay many million dollars which never go into the national treasury of either country. They are assessed by protected interests

in the prices charged for their goods. It is also worth noting that the State of Iowa has no crown lands to provide State revenue There are certainly abuses which ought to be remedied in the that is no reason for not making the hest meantime of conditions as they are

This valuable medical book tells in plain, simple language how Consump

guage how Consumption can be cured in your own home. If you know of any one suffering from Consumption, Catarrh, Bronchitis, Asthma trouble, or are yourself afflicted this book will help you advanced stage of the disease and feel there is no hope, this book will show you how others have cured themselves after all remedies they had tried failed, and they believed their case hopeless.

heved their case hopeless.

Write at once to the Yonkerman Consumption Remedy Co., 1597 Rose Street, kalamazoo, Mich., and they will send you from their Canadian Depot the book and a generous supply of the New Treatment, absolutely free, for they want every sufferer to have this wonderful cure before it is too late. Don't wait — write today. It may mean the saving of your life. eved their case hopeless.

JOHN GARDHOUSE & SONS
